NOTICE OF RIGHT TO PETITION FOR RECONSIDERATION OR JUDICIAL REVIEW

This is an order in other than a contested case. This order is subject to judicial review under ORS 183.482. Any petition for judicial review must be filed within the 60-day time period specified by ORS 183.482. Pursuant to ORS 183.482, ORS 536.075 and OAR 137-003-0675, you may petition for judicial review and petition the Director for reconsideration of this order. A petition for reconsideration may be granted or denied by the Director, and if no action is taken within 60 days following the date the petition was filed, the petition shall be deemed denied.

The quantity of water diverted at the additional point of diversion, together with that diverted at the original point of diversion, shall not exceed the quantity of water lawfully available from the original point of diversion.

The water user shall maintain and operate a fish screen and/or by-pass device, as appropriate, at the point of diversion consistent with Oregon Department of Fish and Wildlife's operational and maintenance standards.

When required by the Department, the water user shall install, maintain and operate an in-line flow meter or other suitable device for measuring and recording the quantity of water diverted. The type and plans of the measuring device must be approved by the Department prior to beginning construction and shall be installed under the general supervision of the Department.

The right to the use of the water for the above purpose is restricted to beneficial use on the lands or place of use described. The use confirmed herein may be made only at times when sufficient water is available to satisfy all prior rights, including rights for maintaining instream flows.

This certificate is issued to confirm a **ADDITIONAL POINT OF DIVERSION** approved by an order of the Water Resources Director entered May 4, 2011, at Special Order Volume 84, Page 74, approving Transfer Application T-6875, supersedes Certificate 67779, State record of Water Right Certificates.
