The wells shall be maintained in accordance with the General Standards for the Construction and Maintenance of Water Wells in Oregon.

The quantity of water diverted at the additional points of appropriation, together with that diverted at the original points of appropriation, shall not exceed the quantity of water lawfully available at the original points of appropriation.

Water use measurement conditions:

- a) The water user shall maintain a totalizing flow meter, or other suitable measuring device as approved by the Director in good working order, at each point of appropriation new and existing.
- b) The water user shall allow the Watermaster access to the meters or measuring devices; provided however, where the meters or measuring devices are located within a private structure, the Watermaster shall request access upon reasonable notice.

Water shall be acquired from the same aquifer (water source) as the original points of appropriation.

The right to the use of the water for the above purpose is restricted to beneficial use on the place of use described.

This certificate is issued to confirm ADDITIONAL POINTS OF APPROPRIATION approved by an order of the Water Resources Director entered March 16, 2018, at Special Order Volume 107, Page 864, approving Transfer Application T-12513, supersedes Certificate 90726, State record of Water Right Certificates.
