**A Determination of Satisfactory Proof confirms the status of that portion of the water right for up to five years beyond the Order Date.*

This Certificate includes the portion of the originating water right Certificate 83381, NOT modified by the provisions of orders listed in Table 1, above, and incorporates the changes in CHARACTER OF USE to municipal use for the City of Eagle Point by Transfers T-10960 and T-12221, and 4.0 acres loss of right from Transfer T-11673.

This certificate supersedes Certificate 83381.

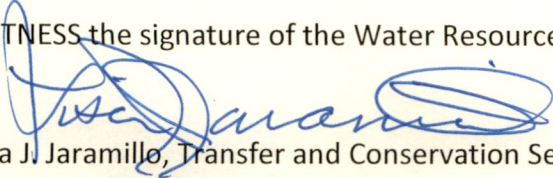

If certain lands within this right are found to have had legally exercised water rights that have a priority date senior to the date of this right, then this water shall be considered supplemental to the senior water right. This water right may not be transferred separately from any senior water right existing for the same lands. The right to the use of the water for the above purpose is restricted to beneficial use on the lands or place of use described.

The use described herein may be made only at times when sufficient water is available to satisfy all prior rights, including rights for maintaining instream flows.

The issuance of this superseding certificate does not confirm the status of the water right in regard to the provisions of ORS 540.610 pertaining to forfeiture or abandonment.
