The wells shall be maintained in accordance with the General Standards for the Construction and Maintenance of Water Wells in Oregon.

The works shall include an air line and pressure gauge or an access port for a measuring line, adequate to determine water level elevation in the well at all times.

The water user shall maintain a weir, meter, or other suitable measuring device and keep a complete record of the amount of groundwater withdrawn.

The use of water shall be limited when it interferes with any prior surface or ground water rights.

This certificate describes that portion of water right Certificate 82617, State Record of Water Right Certificates, NOT modified by the provisions of an order of the Water Resources Director entered JAN 0 8 2025, approving Transfer Application T-13162.

The issuance of this superseding certificate does not confirm the status of the water right in regard to the provisions of ORS 540.610 pertaining to forfeiture or abandonment.

The right to the use of the water for the above purpose is restricted to beneficial use on the lands or place of use described.

WITNESS the signature of the Water Resources Director, affixed JAN 0 8 2025.
