NOTICE OF RIGHT TO PETITION FOR RECONSIDERATION OR JUDICIAL REVIEW

This is an order in other than a contested case. This order is subject to judicial review under ORS 183.484 and ORS 536.075. Any petition for judicial review must be filed within the 60-day time period specified by ORS 183.484(2). Pursuant to ORS 183.484, ORS 536.075 and OAR 137-004-0080, you may petition for judicial review and petition the Director for reconsideration of this order. A petition for reconsideration may be granted or denied by the Director, and if no action is taken within 60 days following the date the petition was filed, the petition shall be deemed denied. In addition, under ORS 537.260 any person with an application, permit or water right certificate subsequent in priority may jointly or severally contest the issuance of the certificate within three months after issuance of the certificate.

A description of the place of use, and to which such right is appurtenant, is as follows:

The quantity of water diverted from any well or combination of wells, shall not exceed the total quantity of water authorized by the right.

If substantial or undue interference with an existing well used under an existing right, including existing exempt uses, occurs, and such interference can be shown to the satisfaction of the Department to result from the change in the way the water right is exercised as authorized herein, the use of water from the wells authorized by this right shall be regulated to mitigate the interference.

The well(s) shall be maintained in accordance with the General Standards for the Construction and Maintenance of Water Wells in Oregon. The works constructed shall include an air line and pressure gauge or an access port for measuring line, adequate to determine water level elevation in the well at all times.

The water user shall maintain in-line flow meters or other suitable devices for measuring and recording the quantity of water used, and shall keep a complete record of the amount of ground water withdrawn.

This right is for the beneficial use of water.

Water shall be acquired from the same aquifer as the original points of appropriation.

The right to the use of the water for the above purpose is restricted to beneficial use on the place of use described.

Issued SEP 06 2024.
