NOTICE OF RIGHT TO PETITION FOR RECONSIDERATION OR JUDICIAL REVIEW

This is an order in other than a contested case. This order is subject to judicial review under ORS 183.482. Any petition for judicial review must be filed within the 60-day time period specified by ORS 183.482. Pursuant to ORS 183.482, ORS 536.075 and OAR 137-003-0675, you may petition for judicial review and petition the Director for reconsideration of this order. A petition for reconsideration may be granted or denied by the Director, and if no action is taken within 60 days following the date the petition was filed, the petition shall be deemed denied.

The quantity of water diverted at the new point(s) of diversion shall not exceed the quantity of water lawfully available at the original point(s) of diversion described as follows:

Twp	Rng	Mer	Sec	Q-Q	DLC	Measured Distances
3 S	5 W	WM	25	SW NW	43	NONE GIVEN
3 S	5 W	WM	25	SE NW	43	NONE GIVEN

The water user shall maintain and operate the fish screen and/or by-pass devices, as appropriate, at the points of diversion consistent with Oregon Department of Fish and Wildlife's operational and maintenance standards.

The water user shall maintain and operate an in-line flow meter, weir, or other suitable device for measuring and recording the quantity of water diverted at each point of diversion as required by the Department.

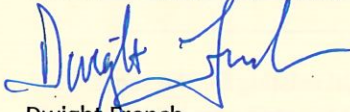

The water user shall maintain the riparian habitat as required by Oregon Department of Fish and Wildlife and Department of Environmental Quality.

Diesel or gasoline powered pumps and their generators must be installed, operated, and maintained so that hazardous wastes and chemicals are contained and do not enter the water or soil. As used in this condition, "install" means to prevent and contain any spill or leakage of fuel and oil for a diesel or gasoline pumps or generators to run pumps. If a spill occurs, the fuel or oil must be disposed of in a proper hazardous waste facility or other manner in accordance with water quality and hazardous water laws.

The right to the use of the water for the above purpose is restricted to beneficial use on the place of use described.

This certificate is issued to confirm a change in POINT OF DIVERSION AND PLACE OF USE approved by an order of the Water Resources Director entered May 27, 2008, at Special Order Volume 74, Page 982, approving Transfer Application T-10225, supercedes Certificate 33682, State record of Water Right Certificates.

Issued OCT 29 2024.
