The quantity of water diverted at the additional point of appropriation (Well 3), together with that diverted at the original points of appropriation (Well 1 and Well 2), shall not exceed the quantity of water lawfully available at the original points of appropriation (Well 1 and Well 2).

The water user shall equip the additional well with a dedicated 3/4-inch (minimum) water-level measurement tube when the pump is installed; separate from other methods of measuring the water level such as airlines and transducers.

The well shall be maintained in accordance with the General Standards for the Construction and Maintenance of Water Wells in Oregon.

The water user shall install and maintain a weir, meter, or other suitable measuring device and keep a complete record of the amount of ground water withdrawn.

Water shall be acquired from the same aquifer (water source) as the original point of appropriation.

The right to use water for the above purpose is restricted to beneficial use on the lands or place of use described.

This certificate is issued to confirm an ADDITIONAL POINT OF APPROPRIATION approved by an order of the Water Resources Director entered January 2, 2014, at Special Order Volume 91, Page 526, approving Transfer Application T-11619, supercedes Certificate 82620, State record of Water Right Certificates.

Issued SEP 26 2025.
