Water use measurement conditions:

- A. The water user shall maintain the totalizing flow meter or other suitable measuring device approved by the Director in good working order at each point of appropriation (new and existing).
- B. The water user shall allow the Watermaster access to the meters or measuring devices; provided however, where the meters or measuring devices are located within a private structure, the Watermaster shall request access upon reasonable notice.

The quantity of water diverted at the additional points of appropriation, together with that diverted at the original points of appropriation, shall not exceed the quantity of water lawfully available at the original points of appropriation.

Water shall be acquired from the same aquifer (water source) as the original points of appropriation.

The right to use water for the purposes aforesaid is restricted to the lands or place of use herein described and is subject to

the existing minimum flow policies established by the Water Policy Review Board.

This certificate is issued to confirm a change in ADDITIONAL POINTS OF APPROPRIATION approved by an order of the Water Resources Director entered AUGUST 29, 2018, at Special Order Volume 109, Page 250, approving Transfer Application T-11751, supersedes Certificate 44694, State Record of Water Right Certificates.

Issued SEP 19 2025.
