#### NOTICE OF RIGHT TO PETITION FOR RECONSIDERATION OR JUDICIAL REVIEW

This is an order in other than a contested case. This order is subject to judicial review under ORS 183.482. Any petition for judicial review must be filed within the 60-day time period specified by ORS 183.482. Pursuant to ORS 183.482, ORS 536.075 and OAR 137-003-0675, you may petition for judicial review and petition the Director for reconsideration of this order. A petition for reconsideration may be granted or denied by the Director, and if no action is taken within 60 days following the date the petition was filed, the petition shall be deemed denied.

The quantity of water diverted at the additional point of diversion (CP POD), together with that diverted at the original point of diversion (PCWDIC POD), shall not exceed the quantity of water lawfully available at the original point(s) of diversion (PCWDIC POD).

Measurement, recording, and reporting conditions:

- A. The water user shall maintain the meter or other suitable measuring device approved by the Director in good working order, shall keep a complete record of the amount of water used each month, and shall submit a report which includes the recorded water use measurements to the Department annually or more frequently as may be required by the Director. Further, the Director may require the water user to report general water-use information, including the place and nature of use of water under the right.
- B. The water user shall allow the watermaster access to the meter or measuring device; provided however, where the meter or measuring device is located within a private structure, the watermaster shall request access upon reasonable notice.

The use of water under this right is subject to the terms and conditions of Contract No. 119E101760, or satisfactory replacement, between the Bureau of Reclamation and the water user, a copy of which is on file in the records of the Water Resources Department.

The water user shall maintain and operate the fish screen at the point of diversion consistent with Oregon Department of Fish and Wildlife's operational and maintenance standards.

The right is limited to any deficiency in the available supply of any prior right existing for the same land.

Failure to comply with any of the provisions of this right may result in action including, but not limited to, restrictions on the use, civil penalties, or cancellation of the right.

This right is for the beneficial use of water without waste. The water user is advised that new regulations may require the use of best practical technologies or conservation practices to achieve this end.

By law, the land use associated with this water use must be in compliance with statewide land-use goals and any local acknowledged land-use plan.

The right to the use of the water for the above purpose is restricted to beneficial use on the place of use described.

This certificate is issued to confirm an ADDITIONAL POINT OF DIVERSION approved by an order of the Water Resources Director entered July 14, 2021, at Special Order Volume 121, Page 21, approving Transfer Application 13497, supercedes Certificate 94391, State record of Water Right Certificates.

Issued DEC 12 2025.
