

A hand-drawn map of a section of the Coquille River watershed. The map is overlaid with a grid labeled L. 3 through L. 14. The Coquille River is shown flowing from the left (labeled 35) to the right (labeled 36). It has two main branches: the 'Middle Fork' on the left and the 'Bellevue Creek' on the right. A horizontal line represents 'Hwy 42'. A point on the river is marked 'Hwy 42 Div. Pt.'. A distance of '520'' is marked between two points on the river. A distance of '2350'' is marked along the Bellevue Creek. A point on the river is marked '01' and '02'. A point on the river is marked 'L. 12'. A point on the river is marked 'L. 13' and 'L. 14'.
