Base map prepared by the U.S. Geological Survey
Control by USGS and NGS/NOAA
Topography by photogrammetric methods from aerial photographs taken 1960. 7 and checked 1964.
Photographic projection, 1927 North American datum, 10,000-foot grid based on Oregon coordinate system, south zone.
1000-meter Universal Transverse Mercator grid ticks, zone 10, known - 4.
To place on the predicted North American Datum 1983, raise the elevation lines 18 meters north and 90 meters east as shown by dashed corner data.
Few red dashed lines indicate former fence lines.
There may be gross encroachments within the boundaries of the National or State Reservations shown on this map.
Modification to USGS base map by the Geomorphics Service Center from 1979 aerial photography and 1982 contour data furnished by the Pacific Northwest Region.
Landscape oriented according to additional Forest Service materials.
