**Disclaimer:** This filing is the result of a manual search of the records of the Watermaster's Past Cents and the WRIS database. The filing has not been field checked. That a right is of record is no guarantee that it has not been abandoned under the conditions of ORS 46.011. The plat card records cited by the 40.0 acre quantity within a section. If the water right listed within a quarter-quarter is on more than one tax lot, this office has not ascertained that water rights for each tax lot—only a survey could accurately depict how much of the water rights are on each tax lot.
