I have not been able to find who drilled this well. My father called him. It drilled about 1920. My father is deceased and my mother told me she thought. My father said she was wrong. My father says he didn't and doesn't know who did.		
My father told me that well is 45 ft deep.		
It is a sand well. It will supply water better than any other well in the neighborhood. It is drilled with the double line system.		
It is not very deep. It is drilled with the double line system.		
It is a sand well and the water is just in the bottom of the well. It is drilled with the double line system.		

If log of well is not available, give name and address of driller.....
