

IN THE CIRCUIT COURT OF THE STATE OF OREGON

FOR MALHEUR COUNTY

IN THE MATTER OF THE DETERMINATION OF )  
THE RELATIVE RIGHTS OF THE VARIOUS )  
CLAIMANTS TO THE USE OF THE WATERS OF )  
THE MALHEUR RIVER, AND ITS TRIBUTARIES, ) DECREE  
(EXCEPT WILLOW CREEK AND COTTONWOOD )  
CREEK), A TRIBUTARY OF SNAKE RIVER. )

"Now, at this time, on the 13th day of May, 1925

the above entitled matter coming on for the entry of a final decree upon the findings of fact and order of determination of the State Water Board heretofore filed herein, exceptions to said findings having been filed with the Court by certain claimants, and each and every exception filed and considered by the Court having been examined in connection with the testimony and exhibits introduced in evidence;

It is hereby ORDERED AND DECREED that the findings of fact and order of determination of the State Water Board heretofore filed in the office of the County Clerk of this County, on the 24th day of February, 1920, be and the same are confirmed in all things, except as in this decree modified, and the Court being fully advised, makes the following findings and decree."

1.

That on the 19th day of July, 1912, there was filed in the office of the State Water Board of the State of Oregon a petition signed by the Nevada Ditch Company, a water user upon said stream, requesting a determination of the relative rights of the various claimants to the use of the waters of said stream; that said petitioner is now a user of the waters of said Malheur River and its tributaries, a tributary of Snake River, as appears from the order of determination herein. That thereupon the State Water Board, after a full investigation and due consideration of said petition, finding the facts and conditions such as to justify the making of a determination of the relative rights of the various claimants to the use of the waters of said stream and its tributaries, made and entered an order in the records of said office fixing a time and place for the beginning and making of such an examination of said stream by the State Engineer as would enable said Board to determine the rights of said claimants, and also the time and place for the beginning and taking of testimony by the Superintendent of Water Division No. 2. That the said time and place where the said State Engineer or his assistants should begin the examination of said stream was set by said Board for Monday, the 20th day of July, 1914, and the time when the Superintendent of Water Division No. 2, now called the State Water Superintendent

Sp OR v 5 sp 1324

should attend and take the testimony of the various claimants was set by order of said Board for Monday, the 20th day of July, 1914, from the hour of ten o'clock A. M. until the hour of four o'clock P. M. at Westfall Hall in Westfall, Malheur County, Oregon, and on Wednesday, the 22nd day of July, 1914, from the hour of ten o'clock A. M. until the hour of four o'clock P. M. at Beulah School House in Beulah, Malheur County, Oregon, and on Thursday the 23rd day of July, 1914, from the hour of ten o'clock A.M. until the hour of four o'clock<sup>P.M.</sup> at Juntura Opera House in Juntura, Malheur County, Oregon, and on Friday the 24th day of July, 1914, from the hour of ten o'clock A. M. until the hour of four o'clock P. M. at Riverside School House at Riverside, Malheur County, Oregon, and on Saturday the 25th day of July, 1914, from the hour of ten o'clock A. M. until the hour of four o'clock P. M. at Drewsey Opera House at Drewsey, Harney County, Oregon, and on Monday the 27th day of July, 1914, and Tuesday the 28th day of July, 1914, from the hour of ten o'clock A. M. until the hour of four o'clock P. M. of each day at the Court House in Vale, Malheur County, Oregon, and on Wednesday the 29th day of July, 1914, from the hour of ten o'clock A. M. until the hour of four o'clock P. M. at the City Hall in Ontario, Malheur County, Oregon, and for a period of three months thereafter at the office of said Superintendent in the City of La Grande, Union County, Oregon.

2.

That a notice was prepared by the said State Water Board setting forth the date when the State Engineer or his assistants would begin the investigation of the flow of said stream and the ditches diverting water therefrom and the time and place certain when the Superintendent of Water Division No. 2, now called the State Water Superintendent, would begin the taking of testimony as to the relative rights of the various claimants of the waters thereof, and said notice was published in two issues of the Malheur Enterprise, a newspaper published weekly at Vale, Malheur County, Oregon, and of general circulation in the counties in which said stream is situated, said two issues being those of June 6 and June 13, 1914. The date of the last publication of said notice being more than thirty days prior to the date fixed for the making of said examination and measurement of said streams and ditches by the State Engineer and for the beginning of the taking of testimony by said Superintendent.

3.

That on the 6th day of June, 1914, the Superintendent of Water Division No. 2 did send by registered mail to each person, firm or corporation claiming a right to the use of the waters of said stream or any tributary thereof, and to each person, firm or corporation owning or being in possession of land bordering on or having access to said stream or its tributaries in so far as said claimants, owners, firms or corporations in possession could be reasonably ascertained, a similar notice to such

published notices, setting forth the date when the State Engineer would commence the examination of said stream and its tributaries and the ditches diverting water therefrom, and the time and place when the said Superintendent would commence the taking of testimony as to the relative rights of the various claimants to said stream and its tributaries, and the said Superintendent did enclose with each of said notices a blank form upon which the said claimants or persons in possession should prepare in writing all the particulars necessary for the determination of their rights to the waters of said stream or a tributary thereof, under oath. That due proof of the publication of said notice and of the sending of said notice and blank form by registered mail has been made and is duly filed and is a part of the record hereof.

4.

That at the time specified in said original notice a duly qualified assistant of the State Engineer of the State of Oregon did proceed to make an examination of said stream and its tributaries and of all of the ditches diverting water therefrom and of the land irrigated and susceptible to irrigation from said ditches and canals, together with the measurements thereof, which observations and measurements were made a matter of record in the office of the State Engineer, and the State Engineer did prepare a plat and a map on a scale of measurement of two inches to the mile, showing with substantial accuracy the course of said stream and its tributaries and the location of the various ditches diverting water therefrom and the legal subdivisions of land which had been irrigated or which were susceptible to irrigation from said ditches and canals already constructed, blue prints and copy of said maps and information, duly certified to by the State Engineer, being now on file herein and a part of the record hereof.

5.

That statements and proofs of claimants to the use of the waters of said stream and its tributaries were filed with the Superintendent of Water Division No. 2 by the following named persons, firms and corporations:

7.

That upon the completion of the taking of the testimony by the Superintendent of Water Division No. 2, said Superintendent did, on the first day of July, 1915, give notice by registered mail to each of the various claimants to the waters of said stream and its tributaries that at the times and places mentioned in said notice, to-wit: Beginning on Friday, the 6th day of August, 1915, and ending on Tuesday the 17th day of August, 1915, (Sundays excepted) from nine to twelve o'clock A. M. and from two to five o'clock P. M., at the Court House in Vale, Malheur County, Oregon, and at other places as follows:— at the Court House in Burns, Harney County, Oregon, from July 28th to 31st inclusive, 1915; at the Hotel Duprey, Riverside, Oregon, on August 2nd, 1915; at the Town Hall in Juntura, Oregon, on August 3rd and 4th, 1915, and at the City Hall in Ontario, Oregon, on August 18th to 21st, inclusive, 1915, all of said evidence would be open to inspection by the various claimants or owners. That said Superintendent did, in accordance with said notice, attend at said times and places and keep said evidence open for the periods named in said notice. That said notice did also state therein the county in which the determination of the State Water Board would be held by the Circuit Court of the State of Oregon, to-wit: The Circuit Court of the State of Oregon for Malheur County. That due proof of the sending of the said notices by registered mail and of the holding of said inspection has been made and filed herein.

8.

That within five days after the closing of the public inspection of the statements and proof of claim of the various claimants, notices of contest were filed by the following named contestants against the following named contestees:

No. 30

In Re Catherine L. Sheshan

9.

That after the filing of said contestes the Superintendent of Water Division No. 2 did fix the time and place for the hearing of each and every of said contests and served notice of hearing of said contests on each of the parties to each and every of said contests, which said notice of hearing set the date for said hearing at more than thirty days and less than sixty days from the date said notice of hearing was served upon each of the parties.

That due proof of service has been filed herein.

That said Superintendent of Water Division No. 2 did, at the time so set by said notices begin the taking of testimony upon said contests and continue the same from time to time until each and every of said contests were fully heard, settled or otherwise disposed of.

10.

That the Malheur River rises in the mountains of the Eastern part of Harney County and Southern part of Grant County and Western part of Malheur County, and flows in an easterly direction through Malheur County and empties into the Snake River. That said stream is a perennial stream, having well defined channel, and the land irrigated from said stream and its tributaries are arid lands and irrigation is necessary for the raising of crops, and various appropriations of water users have been made under the laws of the State of Oregon as they existed at the time of the initiation of each of such water rights,

11.

That contests Nos. 9, 11 and 13 were dismissed. That the contest against Andrew Jensen, being Contest No. 16 was dismissed.

That on Contest No. 27, the contests against E. Armenti, Lex Anderson, Albert Altnow, Ida M. Albertson, William Altnow, Thereon R. Beers, Chas. Becker, Thos. J. Bronson, Jay Branson, Branson and Camman, Armistead E. Brown, R. M. Bush, Ella I. Bush, Walter W. Caviness, Rose Caviness, Frank Camman, Clarence T. Cary, Harry Cary, Thos. R. Clark, Nancy E. Clark, G. W. Clark, Ira B. Clark, S. R. Copeland, George Cox, Chas. P. Crosby, Margaret A. Cummins, J. H. Dean, J. J. Dickerson, Geo. L. Dickerson, Chris Dunneon, Lew Dunneon, Elfa M. Ennis, George Hart, Ivan P. Hart, Frank M. Hanna, Jno. W. Hankins, Jason

S. Hunter, M. A. Hunter, Andrew Jensen, James N. Jensen, Chas. E. Johnson, John E. Johnson, J. Edwin Johnson, Mrs. W. C. Johnson, Carl Martin Johnson, A. C. Johnson, Ben F. Jordan, Warren Jordan, Nancy Kimes, M. Frances Koehler, J. G. Lamberson, James F. Mahon, Mansisador Company, A. D. McAnn, Duncan E. McRae, Mrs. G.S.Mogus, John & Lewis Napton, Frank Newman, Oregon & Western Colonization Co., Stowell L. Payne, Colbert Patterson, Mrs. M.E.Patterson, Chas. R. Peterson, Oscar Pressly, Martin V. Prather, J.M.Randleman, Lydia Rowley, Administratrix of the estate of J. H. Rowley, deceased, Benjamin Schlupe, Francis Sells, James Small, J.C.Speaulding, Spurlock Bros., Mrs. Ida Stewart, Ida M.Stingle, Cory A. Stoute, Maggie M. Turner, Thos. Turnbull, Alphens Venator, Stanford L. Wendon, Henry Wakerlig, J. M. Welch, James F. Westfall, Effie Whisman, Elmer Wicklund, Sidney F.L. Wimmer, A.B. Winter, Steve Woodward, W.H. Woodworth, John Wood, Mary A. Wood, Emma Zimmerman, John Zimmerman, Peter Zee, Caroline Zotto, Harry Fairman, Frank C. Fister and Charles O. Gunderson were dismissed.

12.

That all of the other contests were duly tried out and testimony taken or stipulation entered therein or otherwise settled, and each and every of them is decided and settled by virtue of the general findings herein and the tabulation of water rights herein, and that no special phases of any contests arose for decision except such as are determined by the findings herein as affects the claimants hereinby general application or by special mention.

13.

That the decree of the Circuit Court of the State of Oregon for Harney County in the suit wherein S.S.Williams, A. B. Marks, S.B.Stewart and the Pacific Livestock Co., were plaintiffs and William Altnow, L.N.Stallard and Peter Robbins were defendants, has been filed herein. Clarence Drinkwater has succeeded to the rights of A.B.Marks, S.S. Williams has succeeded to the rights of S. B. Stewart, Albert Altnow has succeeded to the rights William Altnow, and L. N. Stallard has succeeded to the rights of Peter Robbins,

S.S.Williams has filed a claim in these proceedings for water from Otis Creek for 10 acres in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ , 25 acres in the SE $\frac{1}{4}$ NE $\frac{1}{4}$ , 3 acres in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ , 7 acres in the NE $\frac{1}{4}$ SE $\frac{1}{4}$ , 8 acres in the NW $\frac{1}{4}$ SE $\frac{1}{4}$ , 13 acres in the SW $\frac{1}{4}$ SE $\frac{1}{4}$  Section 19, and 6 acres in the NE $\frac{1}{4}$ NW $\frac{1}{4}$  Section 30, through the Stewart Ditch, and 5 acres in the SE $\frac{1}{4}$ NE $\frac{1}{4}$ , 16 acres in the NE $\frac{1}{4}$ SE $\frac{1}{4}$ , 17 acres in the SW $\frac{1}{4}$ SE $\frac{1}{4}$ , Section 10, 40 acres in the NW $\frac{1}{4}$ NE $\frac{1}{4}$ , 40 acres in the SW $\frac{1}{4}$ NE $\frac{1}{4}$ , 10 acres in the SE $\frac{1}{4}$ NE $\frac{1}{4}$ , 35 acres in the NW $\frac{1}{4}$ SE $\frac{1}{4}$ , 26 acres in the NE $\frac{1}{4}$ SE $\frac{1}{4}$ , 30 acres in the SW $\frac{1}{4}$ SE $\frac{1}{4}$ , and 35 acres in the SE $\frac{1}{4}$ SE $\frac{1}{4}$  section 30, all in Township 20 S. R. 36 E W. M., through the Duncan Ditch.

Clarence Drinkwater has filed a claim in these proceedings for water from Otis Creek for 12 acres in the SE $\frac{1}{4}$ NE $\frac{1}{4}$ , 7 acres in the NE $\frac{1}{4}$ SE $\frac{1}{4}$ , Section 31, 12 acres in the NW $\frac{1}{4}$ NW $\frac{1}{4}$ ,

25 acres in the SW $\frac{1}{4}$ NW $\frac{1}{4}$ , 37 acres in the NW $\frac{1}{4}$ SW $\frac{1}{4}$ , Section 32, Township 20 S. R. 36 E. W. M., through the Duncan Ditch.

The Pacific Livestock Co. has filed a claim in these proceedings for water from Otis Creek for 40 acres in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ , 40 acres in the NW $\frac{1}{4}$ NE $\frac{1}{4}$ , and 40 acres in the SW $\frac{1}{4}$ NE $\frac{1}{4}$  Section 31, Township 20 S. R. 36 E. W. M., through the Duncan Ditch.

Albert Altnow has filed a claim in these proceedings for water from Warm Springs Creek, a tributary of Otis Creek above the lands of plaintiffs, for 25 acres in the SW $\frac{1}{4}$ NE $\frac{1}{4}$ , 20 acres in the SE $\frac{1}{4}$ NE $\frac{1}{4}$ , 25 acres in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ , 35 acres in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ , 20 acres in the NE $\frac{1}{4}$ SE $\frac{1}{4}$ , 30 acres in the NW $\frac{1}{4}$ SE $\frac{1}{4}$ , and 5 acres in the SW $\frac{1}{4}$ SE $\frac{1}{4}$  Section 4, Township 20 S. R. 36 E. W. M. Albert Altnow also filed a claim for water from Cottonwood Creek for 18 acres in the NW $\frac{1}{4}$ NW $\frac{1}{4}$ , 37 acres in the SW $\frac{1}{4}$ NW $\frac{1}{4}$ , 20 acres in the SE $\frac{1}{4}$ NW $\frac{1}{4}$ , 15 acres in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ , 35 acres in the SW $\frac{1}{4}$ SW $\frac{1}{4}$  and 46 acres in the NW $\frac{1}{4}$ SW $\frac{1}{4}$  Section 4, Township 20 S. R. 36 E. W. M.

L. N. Stallard filed a claim in these proceedings for water from Warm Springs Creek for 2 acres in the NW $\frac{1}{4}$ SE $\frac{1}{4}$ , 20 acres in the SW $\frac{1}{4}$ SE $\frac{1}{4}$  Section 8, 25 acres in the NW $\frac{1}{4}$ NE $\frac{1}{4}$ , 15 acres in the SW $\frac{1}{4}$ NE $\frac{1}{4}$ , 5 acres in the NE $\frac{1}{4}$ NW $\frac{1}{4}$ , 5 acres in the SE $\frac{1}{4}$ NW $\frac{1}{4}$ , 3 acres in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ , 8 acres in the NW $\frac{1}{4}$ SE $\frac{1}{4}$ , 4 acres in the SW $\frac{1}{4}$ SE $\frac{1}{4}$  Section 17, Township 20 S. R. 36 E. W. M., and for water from Otis Creek for 40 acres in the NE $\frac{1}{4}$ NW $\frac{1}{4}$ , 40 acres in the SE $\frac{1}{4}$ NW $\frac{1}{4}$ , 35 acres in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ , 37 acres in the SE $\frac{1}{4}$ SE $\frac{1}{4}$  Section 8; 15 acres in the NE $\frac{1}{4}$ NW $\frac{1}{4}$ , 15 acres in the SE $\frac{1}{4}$ NW $\frac{1}{4}$ , 20 acres in the NE $\frac{1}{4}$ SE $\frac{1}{4}$  Section 17, Township 20 S. R. 36 E. W. M.

That these lands are affected by said decree and said decree fixes the date of priority and the amount of water to be used as follows:

1. Albert Altnow shall have 3.75 second feet of water from Warm Spring Creek to be taken as of a priority date of July, 1883, and for storage from said Warm Springs Creek as of same date, but that the reservoir must be filled between November 1st of any year and May 15th of the next year, and no water can be taken for storage between May 15th and November 1st of each year, nor can any water flowing in Warm Springs Creek between May 15th and November 1st of each year be used by said Altnow on any of the lands west of Warm Springs Creek.

2. The lands irrigated by S. S. Williams through the Stewart Ditch shall have 1.25 second feet under priority date of 1884.

3. The lands irrigated by S. S. Williams, Clarence Drinkwater and the Pacific Livestock Company, through the Duncan Ditch shall have 5 second feet of water under a priority date of 1884, but subject to and subsequent in time to the priority of the Stewart Ditch of the same year, so that the lands irrigated under the Stewart Ditch are entitled to water first and the lands under the Duncan Ditch second.

4. That the lands irrigated from Warm Springs Creek by L.N.Stallard, known as the Peter Robbins lands, under this decree, shall have a priority date as of 1885,

5. That L. N. Stallard shall have a priority date for the lands irrigated by him from Warm Springs Creek of 1885, being equal in point of time with the Peter Robbins lands.

6. As to the lands irrigated from Cottonwood Creek by Albert Altmow and the balance of lands irrigated by L. N. Stallard from Otis Creek, they were not involved in the said suit.

14.

That inchoate rights have been claimed by a number of claimants, but that in all instances where a water right has been initiated and the land has not been irrigated, each and all of such inchoate rights have been denied unless the same were covered by State Engineer's permit.

15.

That a decree of the Circuit Court of the State of Oregon for the County of Malheur, wherein Daniel Lavery was plaintiff and Thomas L. Arnold was defendant, was filed in these proceedings. John Murphy is the successor in interest of Daniel Lavery and Jesse Scott is the successor in interest of Thomas L. Arnold. The lands involved in said suit were Lots 3 and 4 and the SW $\frac{1}{4}$ NW $\frac{1}{4}$ , NW $\frac{1}{4}$ SW $\frac{1}{4}$  of Section 1, Township 19 S. R. 37 E. W. M., now belonging to John Murphy, and the NE $\frac{1}{4}$ NW $\frac{1}{4}$ , SE $\frac{1}{4}$ NW $\frac{1}{4}$  and SW $\frac{1}{4}$ NE $\frac{1}{4}$  of Section 26, Township 18 S. R. 37 E. W. M., now belonging to Jesse C. Scott. By said suit the lands above described as belonging to John Murphy were given a priority right over the lands above described as belonging to Jesse C. Scott for forty inches of water measured under a six-inch pressure, flowing at the head of plaintiff's ditch. The dates of priority as set forth in the tabulation and as given by the claims of claimants are in accordance with this priority, but when water in Jerry Creek is not sufficient to supply all of these lands, then the Water Master shall distribute 40 miner's inches to the lands herein described as belonging to John Murphy prior to giving any water to the lands belonging to Jesse C. Scott.

16.

That the decree in a suit in the Circuit Court of the State of Oregon for Malheur County wherein Sylvester E. Bush and Ernest E. Bush were plaintiffs, and Martin V. Prather, George Phipps, Mrs. Mamie Ring and Elbert Ring her husband, were defendants, was filed in these proceedings.

Such decree does not describe the lands to which the same applies. That said decree is filed with the claim of Martin V. Prather, and by stipulation provides that the defendants agree to commence using the water of Alder Creek and its tributaries on the 16th day of July of each year, and use it continuously for eight days, commencing on the morning of the 16th day of July and ending on the morning of the 24th day of July of each year,

when the said defendants will turn the water loose to the plaintiffs for twenty days, commencing on the morning of July 24th and ending on the morning of August 13th, and the defendants shall have water for one ditch on each ranch for irrigating garden and orchard on the first and ninth days of August of each year, and at the expiration of the twenty days, on the morning of the 13th of August of each year, the defendants shall have the water of said Alder Creek and its tributaries, commencing on the morning of the 13th day of August and ending on the morning of the 21st day of August, after which the plaintiffs shall have the water for twenty days, commencing on the 21st day of August and ending on the 10th day of September, after which time each party shall use the waters of Alder Creek and its tributaries as he may see fit, and the defendants shall have water in one ditch for irrigating garden and orchard on each ranch on the 29th day of August and the 6th day of September. That said decree fixes a method of rotation and shall be used as a rule and guide to the Water Master for the rotation of water upon said stream so far as the same may be found applicable.

17.

That W. A. Robertson filed with his claim a contract, wherein the Pacific Livestock Company, a corporation, was party of the first part, and William Robertson, George Hickey and A. Masterson were parties of the second part. Such contract has reference to the ownership of a ditch known as the Junction Ditch, which supplies water for the irrigation of the lands of the Pacific Livestock Company described as follows: The  $\frac{1}{4}$  NW $\frac{1}{4}$ , SE $\frac{1}{4}$  NW $\frac{1}{4}$ , SW $\frac{1}{4}$  NE $\frac{1}{4}$ , W $\frac{1}{2}$  SE $\frac{1}{4}$ , NW $\frac{1}{4}$  SW $\frac{1}{4}$ , E $\frac{1}{2}$  SW $\frac{1}{4}$  Section 16, Township 21 South, Range 38 E. W. M. That the Jones Land and Livestock Company has succeeded to the interest of the Pacific Livestock Company in said lands. That said contract referred to the lands of William Robertson as being in the Northeast quarter of Section 17, and the lands of George Hickey and A. Masterson as being in the Southeast quarter of said Section 17, same township and range. That the Junture Investment Company is the successor in interest of George Hickey and A. Masterson. That said contract being on file in these proceedings has reference to the ditch and not to the initiation of the water rights, and the Court makes no finding concerning the same.

18.

That decree in the case of Elias Thompson, et al, plaintiffs, versus Daniel Lavery, et al., defendants, was filed in these proceedings, said suit being in the Circuit Court of the State of Oregon for Malheur County. Said decree finds that the water of Warm Springs Creek was appropriated in the year 1883 for the NW $\frac{1}{4}$  of Section 11, Township 19 South, Range 37 E. W. M., now belonging to Jesse Scott, and the SW $\frac{1}{4}$  of Section 11,

NW $\frac{1}{4}$ NW $\frac{1}{4}$  of Section 14, and N $\frac{1}{2}$ NE $\frac{1}{4}$  and SW $\frac{1}{2}$ NE $\frac{1}{4}$  and NE $\frac{1}{2}$ SE $\frac{1}{4}$  of Section 15, same township and range, now belonging to Elias Thompson, and said decree further enjoined Daniel Lavery from diverting the water from such lands. Inasmuch as the land of Daniel Lavery has not been described in said decree, said decree does not affect any other lands except those described.

19.

A stipulation has been filed herein between the Juntura Investment Company, a corporation, and the Pacific Livestock Company, a corporation, providing that regardless of the priorities finally awarded the Juntura Investment Company for its lands hereinafter tabulated, that the said Juntura Investment Company recognizes that the Pacific Livestock Company has a prior right to water for its Agency Ranch and for the Agency Ranch ditches hereinafter tabulated; pursuant to said stipulation insofar as the rights of the parties to said stipulation are concerned for the respective lands, the water shall first be distributed to the Agency Ranch ditches of the Pacific Livestock Company for the irrigation of the lands under said ditches, and next, to the lands of the Juntura Investment Company.

20.

(1) That the pleadings, testimony, findings, and decree in the suit in the Circuit Court of the State of Oregon for Malheur County wherein the Nevada Ditch Company, a corporation, was plaintiff, and George E. Bennett, H. C. Murray, I. N. Hope, M. G. Hope, T. Cornforth, Estate of E. L. Willey, deceased, Andrew Johnson, and D. R. Dixon, partners under the firm name and style of the Sand Hollow Ditch Company, the Malheur Farmers' Irrigating Ditch Company, a private corporation, the Pacific Livestock Company, a private corporation, the Malheur and Sand Hollow Ditch Company, a private corporation, H. B. Eastman, Mense Eastman and J. M. Ballentyne, partners under the firm name of Eastman Bros. & Ballentyne, W. J. Scott, F. M. Vines, A. A. Robbins, J. B. McLaughlin, R. N. Lineberger, Frederick Gellerman, F. K. Froman, Frederick Niehart, William Pennington and William Kelley were defendants, were filed in these proceedings. That the testimony submitted in these proceedings upports certain of the findings of the court in said suit, and in accordance therewith the date of priority of the Nevada Ditch Company for its first appropriations is the 12th day of July 1881, for sufficient water to irrigate about two thousand acres as the same is hereinafter tabulated. In 1883 William Morfitt acquired an interest in the ditch and built an extension thereto, and in 1885 Minnie J. Danielson acquired an interest in the ditch and built an extension thereto, but the extensions of both Morfitt and Danielson and the appropriations made by them lapsed for want of diligence in diverting the same. That the first appropriation of the Nevada Ditch Company was for lands between the head of the ditch and the Dunbar place, which was in Section 14, Township 18 S., R. 46 E. W. M., and such appropriation included the lands of the Dunbar place.

That in the tabulation hereinafter set forth, the dates of priority of the

various users of water from the Nevada Ditch and under the Nevada Ditch Company and the lands to which such dates are appurtenant have been tabulated in accordance with said decree in said suit of the Nevada Ditch Company versus Bennett et al, and as indentified by the testimony taken herein. That said decree fixes a duty of water of said land of one inch per acre, and allows two thousand inches of water for the two thousand acres of land for which appropriation was first made. The testimony herein shows that the conditions have been changed since said decree; that most of said land had become waterlogged, and the duty of water upon said lands shall be the same as fixed in the general findings herein, and inasmuch as said ditch is a large ditch and has many users and a system of rotation can be arranged between the users from said ditch, the flow to be allowed to said ditch should not exceed one-eightieth of a second foot of water per acre.

In the opinion of the Supreme Court in said suit, it was found that there were approximately 1970 acres irrigated with a priority date of 1881. In the tabulation hereinafter set forth, there are 1979.5 acres with priority date of July 12th, 1881. The balance of the lands irrigated from said ditch has the priority dates as set forth in such tabulation.

(2) That in accordance with said decree the date of priority of the Sand Hollow Ditch Company is placed at April, 1886.

(3) That the date of priority of the Malheur Farmers' Irrigating Company shall be 1885, except as herein provided in the tabulation of rights under said ditch giving later priorities to certain lands.

(4) That the date of priority of the Gellerman-Froman Ditch Company is April 1884, except as herein provided in the tabulation of rights under said ditch giving later priorities to certain lands.

(5) That the Ricker Ditch Company is not the successor in interest to Eastman Brothers & Ballentyne, defendants in the case of Nevada Ditch Company vs. Bennett, et al., and is not entitled to the priority awarded to said ditch for the lands in Section 16, T. 19 S. R. 44 E. W. M., in said suit or any priority earlier than 1898 for the lands tabulated on page 78 of award of the Water Board herein.

(6) That the only ditches in controversy in said suit under the claims of the Pacific Livestock Company were the Warm Springs Valley Ditch, the Agency Ditch West, the Agency Ditch East, and the Harper Ranch Ditch.

In regard to the appropriations of the Pacific Livestock Company on the Agency Ranch through its Agency East Side Ditch and Agency West Side Ditch, the facts are as follows:

The point of diversion of the latter is upon the left bank of the North Fork of the Malheur River, and that of the former is from the right bank of the same fork, and situated in the same quarter section only a short distance above the latter. In the year 1874 sections three, four and ten, township 19 south, range 37 east, W.M., was a part of the Malheur Indian Reserve which had been previously set apart by the Government as an Indian agency. At that time Mr. S. B. Parrish, the agent in charge, caused the route of the Agency Ditch West to be surveyed and the ditch constructed from the point of diversion through parts of sections three and four down past the agency buildings previously erected on section ten. The purpose of constructing the ditch was to enable the agency farmer to produce hay, vegetables and cereals for use and consumption in and upon the agency, and to propel certain machinery consisting of a lathe and other mechanical appliances connected with some of the agency buildings, all of which were to be and were subsequently utilized in teaching and encouraging the Indians then settled upon the reservation, to the number of some six hundred, in the arts of civilization and the ways of industry. The Agency Ditch East was constructed under the direction of the Indian Agent in charge in 1876. From that time until 1878 the ditches were used for the purpose of diverting water from Malheur River and used for the purposes aforesaid, and by 1878 six hundred and forty acres of said land had been irrigated, and by 1883 eight hundred and fifty acres had been irrigated thereby. About the month of July, 1878, the Indians broke away from the reservation, and engaged in hostilities against the government, but having been subdued and captured during the remaining summer and early fall, were transferred and taken to other reservations, so that the Malheur Indian Reserve thenceforth ceased to be occupied as an Indian reservation. The Government, however, maintained an agent in charge of the buildings and other improvements thereon until the sale and disposal of them with the lands upon which the same were situated, and during that time the water was used by parties living in the agency buildings by permission of the agent in charge. On September 13, 1882, and May 21, 1883, by proclamation of the President of the United States, all the lands of the reserve, except three hundred and twenty acres occupied as a military post, were restored to the public domain, and thrown open to occupation and settlement, except the above mentioned sections three and ten. On September 28, 1883, E. L. Bradley, the keeper in charge of the government property at the agency, preempted the east half of the southeast quarter, the southeast quarter of the northeast quarter, and lot one of section four, upon which lands the heads of both ditches are located, and later obtained a patent therefor from the United States. Subsequently the Pacific Livestock Company acquired the titled thereto by mesne conveyances from Bradley.

Bradley irrigated the land and put up a crop in 1883. During the year 1883 the agency buildings and sections three and ten were disposed of by the general government at public auction, and were purchased by T. M. Overfelt for the use and benefit of Overfelt & Company for about \$7,000. On May 19th, 1885, a patent was issued to him for the premises, but in April prior thereto possession was by special direction of the government delivered to Overfelt & Company, who at once utilized water through them in the season of 1885 for the purpose of irrigation. They also had irrigated the land in 1884. The Pacific Livestock Company derails title from T. M. Overfelt and Overfelt & Company, and the ditches have been constantly kept in use for irrigation purposes by the said Pacific Livestock Co. and its predecessors since 1885. By 1885, 1039.5 acres were irrigated from said ditches. The water so appropriated by the government through the said ditches and applied as aforesaid by the government and its successors in interest was so applied within a reasonable time and with due diligence under all the circumstances, and except for the circumstances hereinafter stated would have entitled complainant, Pacific Livestock Co. to priorities as of the dates of the construction of said ditches.

The patent from the United States of America to T. M. Overfelt was in the following form:

THE UNITED STATES OF AMERICA,

To all to Whom These Presents Shall Come, Greeting:

-----

Certificate No. 396.

Whereas, T.M. Overfelt of Grant County, Oregon, has deposited in the General Land Office of the United States a certificate of the Register of the Land Office at Lakeview, Oregon, whereby it appears that full payment has been made by the said T.M. Overfelt, according to the provisions of the Act of Congress of the 24th of April, 1820, entitled "An Act making further provisions for the sale of the Public Lands," and the acts supplemental thereto, including sections two thousand one hundred and twenty two and two thousand one hundred and twenty three of the Revised Statutes, for the Agency Buildings of the late Malheur Indian Reservation in Oregon with sections numbered three and ten in township nineteen south of range thirty seven east of Willamette Meridian in Oregon, containing one thousand two hundred and eighty six acres, and six hundredths of an acre, according to the official plat of the survey of the said lands, returned to the General Land Office by the Surveyor General, which said tract has been purchased by the said T. M. Overfelt.

Now Know Ye, that the United States of America, in consideration of the premises, and in conformity with the several acts of Congress in such case made and provided, have given and granted and by these presents do give and grant, unto the said T. M. Overfelt, and to his heirs, the said tract above described; to have and to hold the same, together with all the improvements, tenements, rights, privileges, immunities and appurtenances of whatsoever nature thereon or thereunder belonging, unto the said T.M. Overfelt and to his heirs and assigns forever; subject to any vested and accrued water rights for mining, agricultural, manufacturing or other purposes, and rights to ditches and reservoirs used in connection with such water rights as may be recognized and acknowledged by the local customs, laws and decisions of courts, and also subject to the right; of the proprietor of a vein or lode to extract and remove his ore therefrom, should the same be found to penetrate or intersect the premises hereby granted as provided by law.

In Testimony Whereof, I, Grover Cleveland, president of the United States of America, have caused these letters to be made patent, and the seal of the General Land Office to be hereunto affixed.

Given under my hand, at the City of Washington, the ninth day of May in the year of our Lord One Thousand eight hundred and eighty five and of the Independence of the United States the one hundredth and ninth.

(Seal of United States General Land Office)

By the President, GROVER CLEVELAND

By M. McKean, Secretary

S. W. Clark, Recorder of the General Land Office  
Recorded Vol. 6, pages 326 and 327.

And the patent from the United States of America to Eber L. Bradley was in the following form:

THE UNITED STATES OF AMERICA

To All to Whom these Presents Shall Come, Greeting:

-----

Certificate No. 434.

Whereas Eber L. Bradley of Baker County, Oregon, has deposited in the General Land Office of the United States a Certificate of the Register of the Land Office at Lakeview, Oregon, whereby it appears that full payment has been made by the said Eber L. Bradley according to the provisions of the Act of Congress of the 24th day of April, 1820, entitled "An Act making further provision for sale of the public lands," and the acts supplemental thereto, for the east half of the southeast quarter, the southeast quarter of the northeast quarter and the lot numbered one of section four, in township nineteen south of range thirty seven east of Willamette Meridian in Oregon, containing one hundred and sixty one acres and thirty nine hundredths of an acre, according to the official plat of the survey of the said lands, returned to the General Land Office by the Surveyor General, which said tract has been purchased by the said Eber L. Bradley.

Now Know Ye, that the United States of America, in consideration of the premises, and in conformity with the several Acts of Congress in such case made and provided, have given and granted, and by these presents do give and grant unto the said Eber L. Bradley and to his heirs, the said tract afove described; To Have and To Hold the same, together with all the rights, privileges, immunities and appurtenances, of whatsoever nature thereunto belonging, unto the said Eber L. Bradley and to his heirs and assigns forever; subject to any vested and accrued water rights for mining, agricultural, manufacturing or other purposes, and rights to ditches and reservoirs used in connection with such water rights, as may be recognized and acknowledged by the local customs, laws and decisions of courts, and also subject to the right of the proprietor of a vein or lode to extract and remove his ore therefrom, should the same be found to penetrate or intersect the premises hereby granted, as provided by law.

In Testimony Whereof, I, Benjamin Harrison, President of the United States of America, have caused these letters to be made patent, and the Seal of the General Land Office to be hereunto affixed.

Given under my hand, at the City of Washington, the twenty sixth day of November, in the year of our Lord One thousand eight hundred and eighty nine, and of the Independence of the United States the one hundred and fourteenth.

(Seal United States General Land Office)

By the President: BENJAMIN HARRISON

By M. McKean, Secretary.

J. M. Townsend, Recorder of the General Land Office  
Recorded Vol. 1, page 471.

It was decided in the case of Nevada Ditch Company vs Bennett et al, that such a patent did not pass to the patentee a right of appropriation superior to that of one who affected an appropriation before the issuance of the patent but after the diversion of the water by the government. On the trial the said claimant, the Pacific Livestock Co., relied upon the said patent, and claimed the right thereunder to the water appropriated by the government and with the priorities aforesaid. In accordance with the foregoing decision the priorities are fixed as follows:

That the Warm Springs ditch is filed on herein as the Warm Springs West Side and the Warm Springs East Side Ditch, and by said decree is given date of 1889. That the Harper Ranch Ditch appears to have been the same ditch as is called the Harper South Side Ditch in the claims of the Pacific Livestock Company in these proceedings, and is given a date of May 10th, 1884. The Harper North Side Ditch is claimed by the Pacific Livestock Company as of date 1893, and such date of priority is thereby given the Harper North Side Ditch. The Agency East Side and the Agency West Side ditches have a priority date in accordance with said decree of April, 1885.

21.

That the pleadings, testimony, findings and decree of the Circuit Court of the State of Oregon for Malheur County in the case of the Nevada Ditch Company, plaintiff, versus the Canyon and Sand Hollow Ditch Company, Mrs. Bettie McLaughlin, John McLaughlin, George McLaughlin, Mabel McLaughlin, Grace McLaughlin, F. W. Stacey, H. P. Stacey, J. C. Kelley, E. R. Hamilton, J. O. Thomson, N. G. Long, H. O. Stacey, and Arthur Robbins, defendants, are filed in these proceedings. That the date of priority of the Nevada Ditch Company is fixed as the same as the date of priority in the case of the Nevada Ditch Company versus Bennett et al. That the individual defendants named in this suit have operated a ditch under the firm name and style of The Canyon and Sand Hollow Ditch Company, and the ditch is commonly known as the McLaughlin Ditch, and the date of priority is fixed as March, 1881, except as affected by the tabulation hereinafter contained, giving later priorities to certain lands.

22.

That in the contest of McRae versus Luce, it appears that there was a suit in the Circuit Court of the State of Oregon for Malheur County, and as a termination of said suit an agreement was filed wherein and whereby said Duncan E. McRae gives and grants unto H. C. Luce the right, privilege and authority to take up the water of Hot Springs Creek Ditch in the south line of the land of said Duncan E. McRae, the same being the line between the lands of the parties, and make such use and disposition thereof as he may see fit, upon the understanding and condition, however, that said Luce will construct and maintain such ditch or ditches from the spring or otherwise as will successfully divert the water and prevent such water from flowing into the main irrigation ditch of said McRae (which takes water from the Malheur River), during the spring of the year and prior to the time that water is turned into said main irrigation ditch of said McRae. The water master, in the distribution of water, shall distribute water in accordance herewith.

23.

The stipulation between C. R. Peterson, and James N. Jensen has been filed herein. The priority right of Peterson for the irrigation of 95.5 acres from Coleman Creek is acknowledged by Jensen, and it was agreed by the said parties that whenever the flow of Coleman Creek at the Upper ditch owned by C. R. Peterson amounts to 25 miner's inches or .63 second feet, then the said J. N. Jensen shall have the flow over and above the amount sufficient to furnish that flow of 25 miner's inches to said Peterson.

24.

That A. Venator filed a waiver of priority of water right for the lands claimed herein under the name of Ida M. Albertson, under State Engineer's permit, and the water shall be distributed accordingly.

25.

That the water shed of the Malheur River is divided naturally by the mountains into sections, the section known as the Upper River, and the section known as the Lower River. For the purpose of these findings, the lower river may be considered that part of the Malheur River below what is known as the Harper Ranch down to the mouth; the Upper River includes the Harper Ranch, and all ranches above, including the North, South and Middle Forks of the Malheur River. That certain of the claimants for the use of water from the Upper River, including the North, South and Middle Forks thereof, have claimed that by their use of water they have deprived the users of water from the lower part of the river of water to such an extent as to gain a right over them by adverse use. This appears to be true as to those who initiated their water rights prior to 1905, except as to the Nevada Ditch Company, and the water users under the Nevada Ditch for lands which have the 1881 priority, and in the distribution of water, while the tabulation shows the dates of priority for such distribution, yet, when the water becomes short in the Lower River, those users on the Upper River, who have rights which have been initiated prior to 1905, shall not be required to turn water down for use from the lower river except for the irrigation of the lands under the Nevada Ditch with the 1881 priority.

26.

That all claimants to the use of water who hold State Engineer's permits for the appropriation thereof or water right certificates based thereon, shall have the right to use such water in accordance with their dates of priority as established by said permits or water right certificates and in accordance with the laws of the State of Oregon covering the same, whether claim for same has been filed in these proceedings or not.

proceedings, and their rights shall be such as their permits entitle them to, to-wit:

Ida M. Albertsen, No. 946; Drewsey Reclamation Company, No. E. 144; DeArmond Land Company, No. E. 103; W. H. Pritchett, J. J. Tichnor, successor in interest F. M. Vines, Permit No. 3, Water Right Certificate No. 2562; Malheur Livestock and Land Company, No. 495; E. W. Howe, No. 2040; Dalton Biggs, Permit E. 103 Certificate No. 2352.

That a stipulation has been entered into between J. L. Sitz, Bert E. Dunton, Charles Dunton and E. J. Howard respecting the priorities of their various water rights wherein it is mutually agreed:

"Now on this \_\_\_\_\_ day of \_\_\_\_\_, 1920, comes J. L. Sitz, Edw. J. Howard, Bert Dunton and Chas. Dunton, all being present in person, together with their attorneys, and enter into the following stipulation.

WHEREAS, the Water Board of the State of Oregon, in the above entitled proceeding having heretofore filed its Findings of Fact and order of determination, and in said findings and order have found and ordered that I. M. Davis is entitled to the right to irrigate 64 acres of land from the Drewsey Reclamation Co's ditch from the middle fork of the Malheur River, with a priority as of 1884 for lands in Sec. 21-22 T. 20, S. R. 35, known as the Mitchell place, and,

WHEREAS, said land has since been transferred to Edw. J. Howard, and said Water Board has granted to said Edw. J. Howard the right to irrigated 82.5 acres from the Abner-Robbin ditch from the Middle Fork of the Malheur River, with a priority as of September 25, 1883, and,

WHEREAS, the State Water Board has granted to Bert and Chas. Dunton the right to irrigate 138 acres from the Abner-Robbins ditch, from the Middle Fork of the Malheur River, with a priority as of 1892, and the said Board has granted to J. L. Sitz the right to irrigate 202 acres from the Middle Fork of the Malheur River through the Abner-Robbins ditch with a priority as of 1892, and the further right to irrigate 251.5 acres from the Sitz ditch of the Middle Fork of the Malheur River with a priority as of 1888.

NOW THEREFORE, it is mutually agreed that in so far as all of the above rights are concerned that they should be as of the following dates:-

That the right of Edw. J. Howard, Bert and Chas. Dunton, and J. L. Sitz out of the ditch known as the Abner-Robbins ditch should have a priority as of Sept. 25, 1883; that the rights of J. L. Sitz to irrigate 251.5 acres thru the Sitz ditch should be as of 1888, and that all rights to which the above entitled parties are entitled to from the Mill Ditch, which is now known as the Drewsey Reclamation Co's ditch and should have a priority as of 1892; this to include approximately 10 acres belonging to Bert Dunton, and the above named Mitchell place belonging to Edw. J. Howard, and the ranch known as the Haskin ranch belonging to Edw. J. Howard, and all of the Howard property other than the lands mentioned as 82.5 acres, which was heretofore mentioned as having a priority as of 1883, that piece of property to retain its priority as of September 25, 1883.

It is further stipulated and agreed that exceptions are being filed by J. L. Sitz; Bert and Chas. Dunton to the findings of the Water Board granting them the right to use water thru the Abner-Robbins ditch as of 1892. The object of said exceptions being an attempt to establish their priority as of 1883.

NOW, if the said Dunton and Sitz should be unable to establish their rights in the Abner-Robbins ditch as of 1883, then it is mutually agreed by and between the said Dunton, Sitz, and Howard, that the rights of these said parties in the Abner-Robbins ditch when finally established shall be all of equal date and of equal priority."

THEREFORE, that while the priorities hereinafter filed for each of the respective tracts of land shall remain as herein determined; still in distributing the water to the lands of J.L.Sitz, Bert Dunton, Chas. Dunton and E. J. Howard, and to their successors, through the Abner-Robbins or Drewsey Reclamation Co. ditch, the said water shall be distributed equally between the above parties so far as their priorities are concerned.

27.

That in order to successfully irrigate a piece of ground, it is necessary to have a sufficient head of water. That three acre feet of water measured at the point of diversion is sufficient to irrigate an acre. That a flow of one-eightieth of one second foot of water for 120 days will approximately supply such water. That a head of water of one-eightieth of a

*second foot per acre is inadequate for the purpose of*

irrigating an acre. That in order to irrigate any ground it is not necessary to keep a continuous flow of water upon each and every acre of the same. That the intermittent use of water on each acre of ground makes it possible for a set system of rotation, so that the head of water necessary for the irrigation of an acre of land can be obtained.

That in order to meet the foregoing conditions, the right to the use of water from Malheur River and its tributaries, except as modified by special findings herein, shall be limited to the diversion of not to exceed one and one-half acre feet per acre during any period of thirty days prior to June 1st of each year, and thereafter not to exceed one acre foot per acre during any period of thirty days, provided that the total quantity of water diverted during the irrigation season shall not exceed three acre feet per acre, and that the rate of flow shall not exceed one-twentieth of a cubic foot per second per acre, except where rotation is practiced as herein provided.

28.

That all claimants herein to water for irrigation shall be entitled to use such water for stock and domestic purposes; that the right to the use of water for stock and domestic purposes is hereby confirmed and entitles the owner of such water right to divert and use such a quantity of water as is reasonably necessary for his household and stock use; the amount so diverted and used shall not exceed the rate of one-fortieth of one cubic foot per second for each one thousand (1000) head of stock, and the quantity diverted for irrigation purposes during the irrigation season shall include when it is so diverted, such an amount as may be reasonably necessary for such stock and domestic purposes; and the right to divert and use the waters of said stream and its tributaries for stock and domestic purposes continues throughout the year.

29.

That the rights of appropriation hereby confirmed are appurtenant to the lands herein described for irrigation purposes, and the rights to the use of the waters of said stream and its tributaries by virtue of such rights of appropriation, are limited and confined to the irrigation of the lands herein described to the extent of said land as herein set forth, and the priorities herein confirmed confer no right of use of the waters of said stream and its tributaries, on the lands other than those specified tracts to which such rights of appropriation are herein set forth as appurtenant; the right of a water user to change the place of use of a vested water right in the manner now, or hereafter provided or permitted by law, shall not be prohibited nor affected by this decree.

30.

That the order of the rights of the respective appropriators of the waters of said stream, and its tributaries, and in which order they are entitled

to divert and use the said water shall be and is according to the date of the relative priority of the rights as herein set forth and determined, and the first in order of time according to the date of relative priority shall be and is the first in order of right and so on down to the date of the latest priority, except as provided in Finding No. 25; and those having prior rights are entitled to divert and use the waters of said stream and its tributaries, when necessary for beneficial use in connection with the irrigation of their respective lands, or other useful and beneficial purposes for which they are decreed a right of use at all times and against those having subsequent rights, without let or hindrance, and whenever the water is not required by the appropriator having a prior right to its use for the purpose for which said water was appropriated, he must and shall permit it to flow down in the natural channel of the stream as it was wont to flow in its natural course, without hindrance or diversion thereof, and those having subsequent rights are entitled to the use of such water and to divert the same to the extent of their rights of appropriation, according to the order of their priority rights; and at all times the waters shall be beneficially, economically and reasonably used without waste by those having a right to do so by reason of the priority of their rights.

31.

That to get a sufficient head of water; the water master of the district in which such water is situated shall arrange such a system or systems of rotation as may be best applicable; first, by giving a greater amount of water for an appropriator for a proportionately less time, provided that the giving of such greater amount does not infringe upon any of the rights confirmed by this decree; second, where two or more appropriators agree as between themselves as to the manner of said rotation in the use of the water, said water master shall distribute the water in accordance with such agreement; third, in the absence of an agreement between such appropriators arranging for such rotation, the said water master shall arrange such appropriators in groups or systems of rotation, first giving to the appropriator who is first in priority in such group a quantity of water equal to the combined appropriations of all the appropriators in said group or system for a length of time bearing the same ratio to the whole time required to make the complete rotation through the whole group of appropriators as the appropriation of said first appropriator bears to the combined appropriations of said group, and next serving another appropriator with a like quantity of water for his proportionate time, and so on until all of the appropriators in said group or system are served; then the distribution of water shall be repeated in the same manner throughout the irrigation season; provided, always, that such arrangements into groups or systems of

rotation shall not interfere with the prior rights of any appropriator not a member of such group or system; and, provided further, that such agreement shall be in writing, and filed by such appropriators with the water master.

32.

That the name and address of each appropriator of water from the Malheur River and its tributaries, arranged in a tabulated form, together with the date of relative priority of such appropriators the number of acres to which such appropriation is applied, the use or uses for which said water was applied and is now applied and to which said use is limited, the name of the ditch or ditches through which such appropriation is diverted, the name of the stream or streams from which such appropriation is diverted and the description of the land upon which such water is used, the tabulated rights of each appropriator being set opposite and following the name and post office address of each appropriator, are as follows, to-wit:

MALHEUR RIVER - COURT -91-

*213 Certificates Issued on  
Malheur River Feb. 1, 1920, etc.*

"The Court being fully advised in the premises, it is hereby ORDERED AND DECREED that the relative rights to the use of the waters of Malheur River and its tributaries are hereby adjudicated, determined and settled in accordance with this decree; and

"It is further ORDERED AND DECREED that each and every appropriator holding State Engineer's permits for the appropriation of water from Malheur River or its tributaries, shall have such water right thereunder as is provided by law, and the rights of such appropriators shall be completed and established in the manner provided by law for the completion of such rights; and

"It is further ORDERED AND DECREED that, based upon the foregoing findings, which are hereby made a part of this decree, the various claimants are entitled to the use of water as contained in these findings and this decree; and they, and each of them, their successors and assigns, and all persons claiming under them, are hereby enjoined and prohibited from the use of water in any other amounts, manner or priorities than herein found.

"Done and dated at Vale, Oregon, this 13 day of May, 1925.

" D. R. Parker

Circuit Judge."

ENDORSED:

In the Circuit Court of the State of Oregon for  
Malheur County.

Adjudication of Malheur River

DECREE

Filed May 18, 1925.

H. S. Sackett  
Clerk.

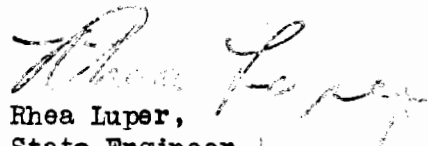

COMPARED

STATE OF OREGON )  
                  ) ss.  
County of Marion )

I, Rhea Luper, State Engineer of Oregon, do hereby certify that the foregoing copy of Decree in the matter of the determination of the relative rights to the use of the waters of Malheur River has been by me compared with the original, and that it is a true and correct copy therefrom, and of the whole thereof, as the same appears of record in my office and custody.

IN WITNESS WHEREOF, I have hereunto set my hand this 23rd day of November,  
1925.

  
Rhea Luper,  
State Engineer.
