HARNEY AND LAKE COUNTIES

- - - - -

IN THE MATTER OF THE DETERMINATION)
OF THE RELATIVE RIGHTS TO THE USE)
OF THE WATERS OF ROCK CREEK, HOME)
CREEK, ROARING SPRINGS CREEK, THREE)
MILE CREEK, DRY CREEK, H. L. CREEK,)
SKULL CREEK AND BLACK CANYON CREEK,)
AND THEIR TRIBUTARIES.)
- - - - -)

FINDINGS AND ORDER
OF
DETERMINATION

Now at this time the above entitled matter coming on for consideration by the State Engineer, and it appearing that all evidence and testimony has been taken in the above entitled proceedings, and the State Engineer having carefully considered all of such evidence and testimony and the engineering data and information gathered in accordance with law, and being now fully advised in the premises, makes and orders to be entered of record in his office the following

FINDINGS AND ORDER OF DETERMINATION

I.

That on the 14th day of August, 1929, H. B. Duff, Vice-President of the Eastern Oregon Live Stock Company, filed petitions with the State Engineer requesting the determination of the relative rights of the various claimants to the use of the waters of Rock Creek, Home Creek, Roaring Springs Creek, Three Mile Creek, Dry Creek, Skull Creek and H. L. Creek and their tributaries, and on the 23rd day of August, 1929, a petition requesting the determination of the relative rights of the various claimants to the use of the waters of Black Canyon Creek and its tributaries; that the State Engineer, after a full investigation and due consideration of said petitions, finding the facts and conditions such as to justify it, fixed a time for the making of the necessary surveys and examinations as would enable him to determine the relative rights of the various claimants to the use of the waters of the above named streams and their tributaries.

2.

That duly qualified assistants of the State Engineer did proceed to make examinations, surveys and measurements of said streams and their tributaries, and of the ditches and canals or other works diverting water therefrom and surveys of the lands irrigated, and gathered such data and information as were essential to the proper

determination of the relative rights of the parties interested; which said observations and measurements were reduced to writing and made a matter of record in his office. And the State Engineer did cause to be prepared a set of maps or plats on a scale of four inches to the mile, showing with substantial accuracy the course of said streams and their tributaries, the location of each ditch or canal diverting water therefrom, and the number of acres of land which had been irrigated in each legal subdivision; blue prints of said plats and maps being now on file and a part of the record herein.

3.

That as soon as practicable after the set of maps were completed as described in the preceding paragraph, the State Engineer did prepare a notice setting forth a place and time certain when he would begin the taking of testimony (statements and proofs of claims) as to the relative rights of the various claimants to the use of the waters of the said streams and their tributaries; that said notice was published in two issues of the Burns Times-Herald, a newspaper published weekly at Burns, Harney County, Oregon, and of general circulation in said county; said two issues being those of April 4 and 11, 1930; said notice was also published in two issues of the Lake County Examiner, a newspaper published weekly at Lakeview, Lake County, Oregon, and of general circulation in said county; said two issues being those of April 3 and 10, 1930, and the date of the last publication in each case being more than 30 days prior to the first date fixed for the taking of claims by the State Engineer.

4.

That the State Engineer did send by registered mail to each person, firm or corporation claiming a right to the use of any of the waters of said streams, and to each person, firm or corporation owning or being in possession of lands bordering on or having access to said streams or their tributaries, insofar as said claimants and owners and persons in possession could reasonably be ascertained, a notice similar to such published notice, setting forth the date when the State Engineer or his authorized assistants would receive the statements and proofs of claim of the various claimants to the waters of said streams and their tributaries. That said notice was mailed at least thirty (30) days prior to the date set therein for the receiving of claims in each instance. And the State Engineer did enclose with each of said notices a blank form upon which the claimant or owner could prepare in writing all the particulars necessary for the determination of his rights, under oath.

5.

That the time and place when and where the State Engineer, or his duly authorized assistant should attend and receive the claims of the various parties was fixed as follows, to-wit:

On Saturday, May 17, 1930, in the Circuit Court Room of the County Court House at Lakeview, Oregon.

On Tuesday, May 20, 1930 in the Circuit Court Room in the County Court House at Burns, Oregon.

On Friday, May 23, 1930 in Butler's Hall at Blitzen, Oregon.

And for a period of thirty days beginning with Monday, May 26, and ending with Wednesday, June 25, 1930 in the office of the State Engineer in the Capitol Building at Salem, Oregon.

That thereafter, the State Engineer did extend from time to time the period so fixed within which to file said statements and proofs of claims until the 21st day of August, 1930; that within said time claims to the use of the waters of said streams and their tributaries were filed by the following parties, to-wit:

BLACK CANYON CREEK

Eastern Oregon Live Stock Company,	Crane, Oregon.
Kueny, Frank, and Mary Neal Kueny,	Frenchglen, Oregon.

DRY CREEK

Eastern Oregon Live Stock Company,	Crane, Oregon.
------------------------------------	----------------

H. L. CREEK

Eastern Oregon Live Stock Company,	Crane, Oregon.
------------------------------------	----------------

HOME CREEK

Eastern Oregon Live Stock Company,	Crane, Oregon.
------------------------------------	----------------

THREE MILE CREEK

Eastern Oregon Live Stock Company,	Crane, Oregon.
------------------------------------	----------------

ROARING SPRINGS CREEK

Eastern Oregon Live Stock Company,	Crane, Oregon.
Kueny, Frank, and Mary Neal Kueny,	Frenchglen, Oregon.

ROCK CREEK

Eastern Oregon Live Stock Company,	Crane, Oregon.
Jacobs, Fred I., and Amelia,	Plush, Oregon.
Lyon, J. L.	Lakeview, Oregon.
Rambo, Maude I.,	Plush, Oregon.

SKULL CREEK

Eastern Oregon Live Stock Company,	Crane, Oregon.
Stevens, Henry	Blitzen, Oregon.
Stevens, Richard; Edith Richardson	
Stevens, and Warren C. Stevens	Chico, Calif.

6.

That the following named persons were duly notified of the proceeding by registered mail and by publication of said notices, as shown by Paragraphs 3 and 4 hereof and by the affidavits of publication and the post office registry receipts in Volume 1 (Pages 25 to 30) of the evidence herein, and each of them, although so notified, have failed, neglected and refused to appear herein and submit proof of a right to the use

of the waters of said streams and their tributaries, if any they have or claim, and that such parties are in default, and that such default is here and now entered against them, and each of them, and said parties are hereby enjoined and inhibited from using or asserting any right to the use of the waters of said streams, or any tributary thereof, except by, through or under the rights of the persons whose water rights are defined herein, or under and by virtue of permits issued by the State Engineer:

Adams, Grover C.,	Blitzen, Oregon.	Jones, Hugh H.	Blitzen, Oregon

		Wood, Orth W.	"

7.

That after the completion of the taking of statements and proofs of claims the State Engineer did, on the 25th day of August, 1930, give notice by registered mail to each of the various claimants to the use of the waters of said streams and their tributaries, that at the times and places named in said notices, to-wit:

On Monday and Tuesday, September 8 and 9, 1930,
in the Circuit Court Room of the County Court
House at Burns, Oregon.

On Saturday, September 13, 1930, in the Circuit
Court Room of the County Court House at Lakeview, Oregon.

And from Wednesday, September 17, to October 1, 1930,
inclusive (Sundays excepted), at the office of the
State Engineer in the Capitol Building at Salem, Oregon,

the testimony and proofs of claims theretofore filed would be open to public inspection. That said notice did also state therein the county in which the determination of the State Engineer in said proceedings would be heard by the Circuit Court of the State of Oregon, to-wit: The County of Harney.

8.

That duly authorized representatives of the State Engineer did attend in accordance with said notice as described in the preceding paragraph, and keep said claims open to public inspection at said times and places. That within the time fixed by law therefor, the following contest was initiated by the filing with the State Engineer of notice of contest in writing:

1. Fred I. Jacobs and Amelia Jacobs,
tenants by the entirety,

Contestants,

vs.

J. L. Lyon,

Contestee.

9.

That after the filing of said statement of contest the State Engineer did fix a time and place for the hearing of said contest, and did on the 24th day of November, 1930, serve notice of hearing of said contest on each of the parties to said contest, the date fixed for the hearing being more than thirty days and less than sixty days from the date the notice of hearing was served on said parties.

10.

CONTEST NO. 1.

Fred I. Jacobs and Amelia Jacobs,
tenants by the entirety,

Contestants,

vs.

J. L. Lyon,

Contestee.

The contest was directed against Statement and Proof of Claim No. 10, wherein contestee claimed a right to irrigate 268.4 acres from Rock Creek with a date of priority of 1894. The contest was settled by stipulation, the contestee agreeing to reduce the acreage to 249.3 acres by eliminating 9.2 acres in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 10, and 9.9 acres in the SW $\frac{1}{4}$ NE $\frac{1}{4}$ Section 20, Township 35 South, Range 26 East, W. M., and further agreeing that contestant's right to the waters of Willow Creek, tributary of said Rock Creek, for the irrigation of 59.3 acres of their lands in Section 17, as set forth in their Statement and Proof of Claim No. 9, is prior in time and superior in right to that of contestee. The contestee will be allowed a right for 249.3 acres with a date of priority of 1894, but said right shall be inferior to the right of contestants under their Statement and Proof of Claim No. 9. In all other respects the right of contestee will be allowed as claimed, and will be so tabulated.

That the decree of the Circuit Court of the State of Oregon for Harney County dated June 23, 1930, and wherein the Eastern Oregon Live Stock Company appeared as plaintiff, and G. H. Stevens, Mary G. Stevens, Richard Stevens, Edith Stevens Richardson, Warren Chester Stevens and Clyde McKelvey were defendants, was filed in these proceedings, which said decree determined the water rights tabulated herein under the names of Richard Stevens, Edith Stevens Richardson and Warren Chester Stevens as set forth in their statement and proof of claim No. 14; Henry Stevens under statement and proof of claim No. 13; and the Eastern Oregon Live Stock Company under statement and proof of claim No. 12; that by the provisions of said decree defendants Richard Stevens, Edith Stevens Richardson and Warren Chester Stevens were entitled to the use of the waters of Skull Creek for stock and domestic use and for the irrigation of 125 acres with a date of priority of the Spring of 1883 and which use was made prior and superior to the rights of all other parties; defendant Henry Stevens was awarded the use of the waters of Little Skull Creek for stock and domestic use and for the irrigation of 50 acres with a date of priority of 1886, which right was decreed prior and superior to the rights of plaintiff but inferior and second to the rights of the defendants Richard Stevens, Edith Stevens Richardson and Warren Chester Stevens; and plaintiff Eastern Oregon Live Stock Company was allowed the use of the waters of Skull Creek for stock and domestic use and for the irrigation of their lands with a priority of 1909, which said rights were made subsequent and inferior to the rights of all other parties.

The decree further provided for an irrigation season commencing the first day of April of each year and ending the first day of August, each year, and that the respective priorities as in this decree determined were declared set and vested and the irrigation season determined; but as to the duty of water and the area irrigated, the Court took judicial notice that the Skull Creek adjudication would shortly be before the State Engineer and made these items subject to further determination by the State Engineer.

The rights of the defendants H. G. Stevens, Mary G. Stevens, Richard Stevens, Edith Stevens Richardson, Warren Chester Stevens and Clyde McKelvey, and plaintiff Eastern Oregon Live Stock Company will be tabulated in accordance with the provisions of said decree, but the quantity of water allowed under said rights shall be governed by the provisions of Paragraph 12 hereof.

12.

DUTY OF WATER:

Black Canyon Creek, Roaring Springs Creek, Dry Creek, Home Creek, Three Mile Creek, H. L. Creek, Skull Creek and Rock Creek are non-navigable, perennial streams which, with the exception of Rock Creek, rise on the western slope of Steens Mountains in Harney County and flow in a westerly direction into Catlow Valley, while Rock Creek rises on the

eastern slope of Hart Mountain in Lake County and flows in a northeasterly direction into Catlow Valley. The lands are arid and irrigation is necessary for the raising of profitable crops.

The soil of the lands irrigated is comprised largely of the alluvial silt deposit type, varying in depth, and the principal crops produced are native grasses, alfalfa and grain; that owing to the character and kind of crops raised, nature of the soil, the method and the use of the waters of said streams, and the climatic conditions prevailing in the vicinity of said lands, the right to the use of the water for irrigation purposes on the lands as herein recognized shall entitle the owners thereof to the diversion of a quantity of water which may be applied to beneficial use upon the lands to which such water is appurtenant, PROVIDED, that the quantity of water diverted shall not exceed one-eightieth of one cubic foot per second per acre of land irrigated, and not to exceed three (3) acre feet per acre during any irrigation season, which is hereby fixed as the period beginning April 1st of each year and ending October 1st of each year, EXCEPT Skull Creek and its tributaries, as provided by Paragraph 11 herein.

In case the water flowing in the channel of the stream sinks or fails to flow down the channel so as to be of benefit to an appropriator having the right to its use, the water master shall allow the diversion thereof by the next appropriator in order of priority who can make beneficial use of such water.

13.

STOCK AND DOMESTIC WATER

All parties herein allowed the right to the use of water for irrigation shall be entitled to use such water for stock and domestic purposes; provided, that during the irrigation season such appropriators shall not be entitled to any water for stock or domestic purposes in addition to the quantity which they are entitled to divert for irrigation purposes. Outside of the irrigation season, the rights to the use of water for stock and domestic purposes as herein confirmed, shall entitle the owners thereof to one-tenth of a cubic foot per second for each one thousand head of stock, measured at the place of use; provided, that at no time shall more water be diverted for such purposes than is reasonably necessary for such purposes, and to prevent the ditches and channels used for such purposes from being completely frozen. Rights for stock and domestic purposes shall continue throughout the year and shall have preference over, and shall be superior to, rights for irrigation purposes at all times; provided, that the use of water for stock purposes shall be restricted to the ditches or channels which have customarily been used for such purposes, and that all water users shall so far as practicable provide stock watering holes or ponds into which stock water may be diverted periodically.

14.

ROTATION

The water master of the district in which Rock Creek, Home Creek, Roaring Springs Creek, Three Mile Creek, Dry Creek, H. L. Creek, Skull Creek and Black Canyon Creek and their tributaries may be situated, may arrange such system or systems of rotation as may be best applicable to the conditions arising from time to time in the distribution of the water on such streams. When two or more appropriators agree between themselves as

to a system of rotation, the water master shall distribute water to them in accordance with such agreement, provided that in so doing he does not interfere with the rights of other appropriators.

15.

APPURTENANCY:

That the rights to the use of water for irrigation purposes hereby confirmed are appurtenant to the lands herein described, and the rights of use of the waters of said Rock Creek, Home Creek, Roaring Springs Creek, Three Mile Creek, Dry Creek, H. L. Creek, Skull Creek and Black Canyon Creek and their tributaries by virtue of such rights are limited and confined to the irrigation of the lands described herein to the extent of said lands herein set forth, and the priorities of right herein confirmed confer no right of use of the waters of said streams and their tributaries on any other lands than those specified tracts to which such rights are herein set forth as appurtenant, and each and every person shall be and hereby is prohibited, restrained and enjoined from diverting and using water from said streams on such other lands without lawful permits first obtained from the State Engineer.

16.

PRIORITIES:

That except as otherwise determined herein, the order of the rights of the respective appropriators of the waters of said Rock Creek, Home Creek, Roaring Springs Creek, Three Mile Creek, Dry Creek, H. L. Creek, Skull Creek and Black Canyon Creek and their tributaries, and in which order they are entitled to divert and use the said water, shall be and is according to the date of the relative priority of the rights as herein set forth and determined, and the first in order of time according to the date of the relative priority shall be and is the first in order of right, and so on down to the date of the latest right, and those having prior rights are entitled to divert and use the waters of said streams and their tributaries when necessary for beneficial use in connection with the irrigation of their respective lands or other useful and beneficial purposes for which they are decreed the right of use, at all times against those having subsequent rights without let or hindrance, and whenever the water is not required by the appropriator having a prior right to its use for the purpose for which said water was appropriated, he must and shall permit it to flow down the natural channel of the stream as it was wont to flow in its natural course without hindrance or diversion thereof, and those having subsequent rights are entitled to the use of such water and to divert the same to the extent of their rights of appropriation according to the order of the priority of their rights; and at all times the waters shall be beneficially, economically and reasonably used without waste by those having a right to the use of such water, and no rights of appropriation are hereby confirmed to divert a greater quantity of water than such appropriator can beneficially use for the purpose to which the water is to be put.

That except as otherwise modified herein, the rights of the various appropriators of water from Rock Creek, Home Creek, Roaring Springs Creek, Three Mile Creek, Dry Creek, H. L. Creek, Skull Creek and Black Canyon Creek and their tributaries, arranged in a tabulated form, with the dates of relative priority of such appropriations, the number of acres to which such appropriations are applied and are now limited, the use or uses to which said water is applied, the name of the ditch or other means by which the water so appropriated has been diverted, the name of the stream or other source from which the water has been used, and the description of the lands upon which the water has been used, the tabulated rights of each appropriator being set opposite and following his name and post office address, are as follows, to-wit:

R. 32-3/4 E. W. M.
	(NOTE: See Findings, Paragraph 11, Page 6.)						

This adjudication proceeding involves principally those water rights which were initiated prior to February 24, 1909, on which date the Oregon Water Code became effective, and which prior rights are tabulated in the preceding Paragraph 17. Rights initiated after that date are evidenced by permits issued by the State Engineer, or by final water right certificates based upon the completion of rights under such permits. Each and every appropriator holding such a permit or certificate for the use of water from Rock Creek, Home Creek, Roaring Springs Creek, Three Mile Creek, Dry Creek, H. L. Creek, Skull Creek and Black Canyon Creek or their tributaries, shall have such rights thereunder as are provided by law, and such rights shall be perfected in the manner provided by law for the completion thereof.

And the State Engineer of Oregon, being fully advised in the premises, it is hereby CONSIDERED AND ORDERED, that the relative rights of the various claimants to the use of the waters of said streams and their tributaries be and the same are hereby determined and settled as set forth in the foregoing Findings and Order of Determination.

Dated this 25th day of April, 1931, at Salem, Oregon.

Chas. E. Stricklin
CHAS. E. STRICKLIN,
State Engineer.
