

IN THE MATTER OF THE DETERMINATION
 OF THE RELATIVE RIGHTS TO THE USE
 OF THE WATERS OF DESCHUTES RIVER,
 A TRIBUTARY OF COLUMBIA RIVER.

SUPPLEMENTAL DECREE
AND ORDER OF
DETERMINATION

 Under provisions of Statute, individuals, partnerships, corporations, municipalities and quasi municipal corporations had initiated claims for the use of the waters of the Deschutes river and its tributaries for various purposes. These were presented to and filed with the State Board of Control of the State of Oregon, later succeeded by the State Water Board and now by the State Engineer of Oregon.

On August 20, 1909, there was filed in the office of the State Board of Control of Oregon, a petition by a water claimant requesting a determination of the relative rights of the various claimants to the use of the water of the Deschutes river and its tributaries. Thereafter a number of like petitions, by other claimants, were filed with the State Board of Control, or, the State Water Board, or, with the State Engineer of Oregon. The last of these was filed on June 12, 1922. By this date the matter of the determination of water rights was the responsibility of the State Engineer of Oregon.

After the petitions for determination of water rights had been filed, as above briefly stated, the State Engineer of Oregon gave notice to all interested claimants that he would proceed to make examinations, surveys and measurements of the Deschutes River, and its tributaries, and of the ditches and canals or other works for diverting the waters from such stream or tributaries.

Following thereafter the State Engineer gave notice to all claimants to the use of water from the Deschutes river or its tributaries, for any purpose, of a time and place where he would take the testimony in proof of the claims so initiated, and as to the relative rights of the various claimants. The places where hearings were to be held upon such claims, were in the County Court house, The Dalles, Oregon; the City Hall in Maupin, Oregon; the Circuit Court room of the Court house at Madras, Oregon; and in the Circuit Court room of the Court house at Bend, Oregon; giving the date upon which the Engineer would be present, at each of said places, and presentation of proof in support of claims would be heard.

Contests were presented to the State Engineer of Oregon upon some claims, and a time was by him fixed for the hearing of each of such contests. They were, at such time, heard and disposed of by the State Engineer of Oregon and his report thereon was filed.

This report of the State Engineer of Oregon included his conclusions as to all claims to the use of the waters of the Deschutes river and its tributaries, whether or not contest there of had been presented to him.

At a later date notice was given of a hearing upon any objections or exceptions to the conclusions reached by the State Engineer of Oregon, as evidenced by his report thereon. Hearings were conducted upon such objections and exceptions, by the Circuit Court at Bend, Oregon, pursuant to notice as above stated. They were commenced in the year of 1926 and were completed

at sometime prior to February 10, 1928.

On February 10, 1928, in the Circuit Court of Oregon for Deschutes County, the Honorable T. E. J. Duffy filed his Modified Findings and Decree. Attached to such Modified Findings and Decree, and made a part thereof, was a tabulated list of all claims which had come before the Court and were disposed of by him, showing the party making the claim, the nature of the use for which claim was made, and the disposition made thereof by the Court with the allowance of water rights in accordance therewith.

Upon the claims which were not contested before the State Engineer of Oregon, and upon all other claims covered in his report to which no exceptions or objections had been taken, the Court adopted his conclusions, as given in his report. Such claims or rights are shown in the tabulation which is a part of the decree of February 10, 1928.

In the decree of this Court, and in this matter, entered February 10, 1928, it was recognized and stated that certain claimants had initiated rights for the appropriation of water but had not yet perfected them. Such claimants were granted an inchoate right and were given time for the completion thereof. These are shown in the tabulation which is a part of the decree herein entered February 10, 1928.

Appeal was taken to the Supreme Court of Oregon upon the decree and it was modified by the decision of the Supreme Court of Oregon.

For good cause shown the Court, or the State Engineer of Oregon, extended the time for the perfection of the inchoate rights. One such order was made by the State Engineer of Oregon extending the time until June 30, 1947. Thereafter he commenced a survey and investigation as to the actual application of water to the beneficial use of the claimants and upon the lands or for the purpose for which the claim was made. Included in the survey was an aerial survey. Maps from photographs taken in the aerial survey were prepared.

It appearing that sufficient time had not been given for the completion of the inchoate rights the time therefore was again extended, by the State Engineer of Oregon, to June 30, 1950. No further extension of time was later given.

After June 10, 1950, the State Engineer of Oregon, with his Assistants, made further examinations and surveys of the various claims to the use of the waters of the Deschutes river and its tributaries, as previously presented prior to June 30, 1950. From such investigations, surveys and maps he prepared his Supplemental Findings and Order of Determination bearing date of May 15, 1953. He gave notice that any of the persons, firms, associations, quasi-municipal corporations and corporations, or their successors in interest, who had presented claims and felt aggrieved by the disposition made thereof by the State Engineer of Oregon, should file exceptions and objections thereto, for hearing in the Circuit Court of Oregon for Deschutes County. The Supplemental Findings and Order of Determination by the State Engineer of Oregon was filed with the County Clerk of Deschutes County, Oregon. Copies thereof were filed in the office of the County Clerks of Crook and Jefferson Counties, in Oregon.

On May 20, 1953, an order was made and filed by the Judge of the Circuit Court of Deschutes County, Oregon, that a hearing be held upon the Supplemental Findings and Order

of Determination of the State Engineer of Oregon, at the Court house in Bend, Oregon, commencing on the 3rd day of August, 1953.

Prior to August 3, 1953, a motion was presented by George H. Brewster, attorney representing the Central Oregon Irrigation District, asking that the time for hearing upon exceptions, or, for the filing thereof, be extended eight months. In such motion he called attention to the fact that the preparation of the Supplemental Findings and Order of Determination by the State Engineer of Oregon, had required three full years.

A like motion in behalf of Arnold Irrigation District and Deschutes Reclamation and Irrigation Company was filed and presented to the Court by DeArmond, Goodrich, Foley & Gray, their attorneys, asking that the time for hearing be continued to February 3, 1954.

Thereafter, application was made by North Unit Irrigation District, through its attorneys, Brown & Van Vactor for permission to file its appearance in support of the Supplemental Findings and Order of Determination of the State Engineer of Oregon, on or before March 19, 1954.

Following the foregoing motions and discussions thereof with counsel, and continuances for cause, an order was made by the Circuit Court of Deschutes County, on November 9, 1955, setting the time for a hearing upon the objections and exceptions to the Supplemental Findings and Order of Determination of the State Engineer of Oregon, as January 23, 1956, at the Court house in Bend, Oregon, at 10 A. M.

Hearing upon objections and exceptions was commenced by the Circuit Court of Deschutes County, at Bend, Oregon, on January 23, 1956, and was continued from time to time. The last testimony taken in support of any claim was on October 3, 1957, at the Court reopening the matter for the purpose of presentation of further testimony.

All claimants, corporations, individuals, partnerships and quasi municipal corporations were given notice of the above hearing by the State Engineer of Oregon, and also by the Judge of the Court, to the following:

Arnold Irrigation District, Bend, Oregon;
Central Oregon Irrigation District, Redmond, Oregon;
Crook County Improvement District No. 1, Terrabonne, Oregon;
Deschutes Reclamation and Irrigation Company, Bend, Oregon;
City of Redmond, Redmond, Oregon;
Orval G. Butler, Oregon City, Oregon.

IT IS DECREED:

The Decree of the Circuit Court of the State of Oregon for Deschutes County on February 10, 1928, was and is a final decree, except as to those matters and rights reserved in the decree for the presentation of which time was given to June 30, 1950, and except as modified on appeal.

The Supplemental Findings and Order of Determination of the State Engineer of Oregon, as prepared by him and bearing date of May 15, 1953, are final as to the rights therein shown, except for the claims of parties aggrieved at the allowance made by the State Engineer of Oregon and who presented to the Court their exceptions or objections thereto.

The State Engineer of Oregon in his report bearing date May 15, 1953, made findings upon each objection or exception, or question, as to the nature and extent of any water right under consideration. Following his Findings, he set up a complete tabulation of all such water rights.

The statutes of Oregon require that findings be made by the Court. Bearing in mind that this is a Supplemental Decree to that of February 10, 1928, and it comes to the Court subject to the rules and procedure in equity, I do not believe it is necessary for like extensive Findings to be made by the Court. There will be some instances where an explanatory note or finding will be set forth herein, but generally, no finding will be made except when required for the purpose of clarity.

I believe that in the Supplemental Decree and Order of Determination, I am limited to the inchoate rights as found in the tabulation which is a part of the Decree of February 10, 1928, plus or minus additions thereto or deductions therefrom under appropriate order of the State Engineer of Oregon, made on or before June 30, 1950. The inchoate rights of June 30, 1950, were in evidence and presented to the Court by Exhibit No. 10, for Arnold Irrigation District; Exhibit No. 11, for the Central Oregon Irrigation Company, and Exhibit No. 12 for the Deschutes Reclamation and Irrigation Company. Allowances made in the tabulation hereto attached will be within such limitation above mentioned.

In this proceeding, all lands within contiguous government legal subdivisions or fractions thereof, under the same ownership, are treated as a unit, and in such cases where the acreage shown as irrigated within one legal subdivision is greater than the number of acres allowed inchoate to that subdivision and the acreage irrigated within another legal subdivision, under the same contiguous ownership, is less than the number of acre allowed inchoate to that subdivision, a completed right will be allowed to the ownership unit to the extent of the total acreage irrigated, provided such total is not in excess of the total inchoate acreage remaining appurtenant to such unit, as shown by the evidence submitted.

When the allowance by the Court includes a fraction of an acre, but such fraction is not to exceed 0.5 acre, it will generally be to 0.5 acre. Where the fraction exceeds 0.5 acre generally it will be to the full acre, except:

- A. In those cases in the Supplemental Findings and Order of Determination of the State Engineer of Oregon where excess irrigated acreage is allowed in the name of the irrigation district or company:
- B. Or, the tract is very small:
- C. Or, where the allowance would be in excess of the acreage in the tract.

ARNOLD IRRIGATION DISTRICT
EXPLANATORY NOTE

RE: SE $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 17, Township 18 South, Range 12 E.W.M.

Claims were presented to the State Engineer of Oregon in connection with the above described subdivision of land in behalf of six different individuals, for tracts A., B., C., D., and E and F. The State Engineer of Oregon in Finding 44 makes allowances to all such tracts except B, in a total amount of 21.5 acres.

Exception was taken in behalf of Glenn Behne for Tract A., by Ted Holliday for tract C., and by B. Havilina for tract E. The testimony produced in behalf of these three claimants shows additional acres irrigated upon each of the three tracts, A, C, and E.

From Exhibit 10, presented in evidence, the Court finds that the inchoate water right for the SE $\frac{1}{4}$ of NW $\frac{1}{4}$ of Section 17, Township 16 South, Range 12 EMM is 26 acres.

After testimony had been taken and given careful consideration by the Court, the Court finds that the total acreage which may be allowed for the irrigation of lands within said subdivision is 26 acres, the inchoate right, or 4.5 acres in excess of the allowance made by the State Engineer as shown on pages 155 and 156 of the State Engineer's report and Tabulation. It is impossible from evidence submitted for the Court to determine the exact inchoate right of each individual tract, A., C. and E. Accordingly I have increased the allowances to tracts as follows:

Glen Behne, Tract A. a total of 3 acres;
Ted Holliday, tract C. a total of 8.5 acres;
B. Havalina, tract E. a total of 9 acres.

This brings the total acreage within the above governmental subdivision to 26 acres, the amount of the inchoate right therefor. I have made a division of the 4.5 acres additional water right in accordance with equitable principals and in proportion to the total claim and the total allowed by the State Engineer or by the Court.

Appropriate allowances have been made in the Tabulation herewith in accordance with the foregoing conclusions reached by the Court.

ARNOLD IRRIGATION DISTRICT

EXPLANATION REGARDING CLAIMS BY THE DISTRICT

Arnold Irrigation District under date of October 3, 1957, obtained an order of the Court to reopen the proceedings to permit it to present further testimony in behalf of the Arnold Irrigation District.

Testimony was taken upon the claim of Arnold Irrigation District for allowance of water rights to the District which would be deducted from the allowances to the claimants, listed in the tabulation as appropriators by the State Engineer of Oregon, or, by the Court, to the particular tracts or subdivisions of land.

Otherwise stated, as an example: If the State Engineer in his tabulation showed a water right of 25 acres for a certain subdivision of land the Arnold Irrigation District would have this divided to show 20 acres of it allowed to the "settler" and 5 acres to the District. This was upon the theory that the "settler" had not purchased water for more than 20 acres, although he had actually 25 acres under irrigation, as allowed to him by the State Engineer.

In support of its claims it presented to the Court Exhibit No. 28 which was received in evidence. Upon examination it appears that Exhibit 28 includes 29 claims by the Arnold Irrigation District for a total water right of 242 acres of land.

No proof was made at that time, or at all, that the individual claimants were given notice that such claims by Arnold Irrigation District were being made or that a hearing thereon would be held. The individual claimants were entitled to notice of the hearing and an opportunity to present their testimony or objections against the allowance.

The matter in question is one between the claimants listed in the tabulation of the

State Engineer of Oregon and the Arnold Irrigation District, and in the tabulation herein, and their successors in interest. It is not properly before the Court in the present proceedings. The claim as evidenced by Arnold Irrigation District's Exhibit 28 is not allowed.

This decision, however, does not affect allowances made by the State Engineer of Oregon to the District as shown at page 159 of the Supplemental Findings and Order of Determination.

CENTRAL OREGON IRRIGATION DISTRICT

EXPLANATIONS REGARDING DETERMINATIONS UPON CLAIMS WITHIN CENTRAL OREGON IRRIGATION DISTRICT

Claims for water rights upon lands, or in connection with such lands, located within the townsite of Hillman, now known as Terrebonne, in Deschutes County, Oregon, which townsite includes the South Half of the North Half and all of the South Half of Section 16, Township 14 South, Range 13 EMM, a total of 12 legal subdivisions of 480 acres.

In support of the claims there were received in evidence at the hearing COI Exhibits No. 17 and 18, together with oral testimony in support thereof.

On March 26, 1957, the proceedings were reopened for further testimony in connection with water rights within Hillman (Terrebonne). There was received in evidence Central Oregon Irrigation District Exhibits No's 24, 25 and 26-A to 26-L, inclusive. Exhibit 25 is the original plat of Hillman which was found in the office of the County Clerk of Deschutes County. Exhibit 24 is a photostat of Exhibit 25. Exhibit 26-A to 26-L, inclusive, show the entire townsite of Hillman and the various governmental subdivisions indicating the lots and blocks included wholly or partly, within a particular subdivision.

In the presentation of COI Exhibit 18, the identifying witness stated it represented all of the parts of the townsite for which the State Engineer of Oregon had allowed a water right, but that in addition to information contained in the Supplemental Findings and Order of Determination by the State Engineer of Oregon, it showed the ownership of smaller areas within the townsite to the date of the hearing, rather than as described in the State Engineer of Oregon's Finding 219, 220, 222-225, inclusive, and in his tabulation at pages 206-212. This statement however appears to be inaccurate as shown by comparison of Exhibit 18 with the State Engineer of Oregon's Findings of Fact and in his tabulation.

In light of the foregoing I have taken the names of appropriators or claimants as shown in the Engineer's Finding and tabulation and the descriptions as given by him, when not altered or modified by me.

I have made such additional allowances under the foregoing descriptions and names as is justified by the Exhibits 17 and 18, 24, 25, 26-A to 26-L, inclusive, and all other testimony presented. The allowances are as shown in the tabulation appended to this decree.

EXCESS ACRES

The Central Oregon Irrigation District asserted claims before the State Engineer for the irrigation of a total of 3,679.05 acres, which were set out under classifications numbered "a," "b," "c," "d," and "e," as shown in Finding No. 246, beginning at the bottom of page 113 of the Engineer's Findings.

The State Engineer disallowed that portion of the District's statement and proof of claim exemplified by Finding No. 246, except that an allowance was made to the Central Oregon Irrigation District under Finding No. 246, subdivision "c" in the amount of 175.4 acres.

In this Court, in January, 1956, the Central Oregon Irrigation District filed a supplemental claim, "Exhibit 15", and requested an additional allowance for 2,314 acres. At the time the supplemental claim was filed, all other appearing water users, namely, North Unit Irrigation District, Crook County Improvement District No. 1, Arnold Irrigation District, and Deschutes County Municipal Improvement District, in open Court, stipulated that the claim of the Central Oregon Irrigation District as exemplified by Exhibit 15 should be allowed, without objection, on condition that the exceptions claimed to Finding No. 246 under subdivision "a," "b," "d," and "e," shall not be allowed.

Subsequently Mr. Naderman, of the State Engineer's Offices was called as a witness in support of the amended claim, and testified that he personally checked the claim and returned it to the District for correction, and had checked the corrected claim and found it correct as now shown in CIO Exhibit 15, received in evidence.

The Court finds that all the lands included and tabulated in Exhibit 15 were actually reclaimed and irrigated prior to June 30, 1950, and that said amended claim, together with all other rights claimed within the District and heretofore or herein allowed, are less than the inchoate rights awarded by the Court to the District.

There was presented in evidence in behalf of Central Oregon Irrigation District an Exhibit No. 15, which was identified and received in evidence. Supporting testimony was given and allowance entered for certain land described in Exhibit 15 in a total of 2,314 acres. The lands described in Exhibit 15 will be shown in the tabulation herewith, and a part hereof, with the acreage to each subdivision and the description thereto.

IT IS THEREFORE ORDERED That a right is allowed in the name of the District for the irrigation of 2,314 acres in accordance with the tabulation exemplified by the Central Oregon Irrigation District Exhibit 15, and that said tabulation shall be included in the final decree herein.

IT IS FURTHER ORDERED That the exceptions of the Central Oregon Irrigation District to subdivisions "a," "b," "c," "d," and "e," of Finding 246 be and the same are disallowed and that the order of the State Engineer as to Finding 246 is affirmed.

DESCHUTES RECLAMATION & IRRIGATION COMPANY
(SWALLEY)

RE: JAMES JEWELL CLAIM.

James Jewell has made claim of water right for irrigation purposes for land located in Section 15, Township 16 South, Range 13, EMI in four separate subdivisions. These are: NE $\frac{1}{4}$ NE $\frac{1}{4}$; SW $\frac{1}{4}$ NE $\frac{1}{4}$ SE $\frac{1}{4}$ NE $\frac{1}{4}$ and SE $\frac{1}{4}$ NW $\frac{1}{4}$.

The SW $\frac{1}{4}$ of NE $\frac{1}{4}$ and SE $\frac{1}{4}$ of NW $\frac{1}{4}$ have inchoate water rights under Central Oregon Irrigation District. All four subdivisions have inchoate water rights under Deschutes Reclamation and Irrigation Company. They are contiguous tracts and the total inchoate water right under the two irrigation districts is 117 acres.

The total water right allowed by the State Engineer under Central Oregon Irrigation District for the subdivisions above mentioned, is 19 acres. These two subdivisions have an inchoate water right under Central Oregon Irrigation District for 35 acres. Under the Deschutes Reclamation and Irrigation Company the four subdivisions have a total inchoate water right for 82 acres. Since the lands are contiguous I am making the allowances of water rights based upon the farm unit system and to the limit of the total inchoate rights.

The total water right allowed by the State Engineer, under both districts, is 86.5 acres. Allowance is made by the Court for 117 acres which makes an additional 30.5 acres to be in some manner divided between the subdivisions of land. I have made this division on an equitable basis, giving to the land under Central Oregon Irrigation District an additional 11 acres and to the land under the Deschutes Reclamation and Irrigation Company an additional 19.5 acres.

I have caused to be shown the allowances as made by me, under each of the irrigation districts, at the appropriate places in the tabulation. It will be noted that the claim under Central Oregon Irrigation District is for "Oregon & Washington Joint Stock Land Bank (James Jewell)." This is as it appears in the Findings of the State Engineer No. 124 and in the Tabulation at page 270. The claim within the Deschutes Reclamation and Irrigation Company district is in the name of James Jewell and under the lands tabulated as being within such Deschutes Reclamation and Irrigation Company district.

EXPLANATORY NOTE RE: HUGH DUGAN

Lands in Sections 21 and 22, Township 17 South, Range 12 EMM.

The State Engineer allowed to Hugh Dugan a total water right of 10 acres located in Sections 21 and 22 of Township 17 South, Range 12 EMM. Exception was taken to such allowance and testimony was offered in connection therewith. Based upon the testimony presented the Court determined that upon the lands described in the claim presented by Hugh Dugan there is a total irrigated in the amount of 47 acres. Hence, such allowance is made by the Court.

In the testimony given by Hugh Dugan in support of his claim and the allowance of the 47 acres water right upon the lands included in such claim, he admitted that he had and now holds a water right through the Deschutes Reclamation and Irrigation Company for 45 acres. In light of the testimony of the claimant himself there will be allowed to the lands described in the claim of Hugh Dugan a total water right of 47 acres, but to the claimant but 45 acres with allowance to the Deschutes Reclamation and Irrigation Company in the amount of 2 acres for water furnished to the Southeast Quarter of the Southeast Quarter of Section 21, Township 17 South, Range 12, EMM.

TABULATION OF WATER RIGHTS

As an essential part of this decree there will be set forth a tabulation showing allowance of water rights. In the first column in the tabulation will show the name of the claimant or appropriator presenting the claim to the State Engineer of Oregon prior to June 30, 1950. The second column will show the total allowance of water right. The third column will show the description of each tract or subdivision for which a water right is allowed with the water right granted to such tract or subdivision for irrigation or other use.

The tabulation will include:

(1) Water rights granted in the decree of February 10, 1928, as modified by the Oregon Supreme Court.

(2) The water rights found and allowed by the State Engineer in his Supplemental Findings and Order of Determination bearing date May 15, 1953, and filed with the County Clerk of Deschutes County thereafter, where no objections or exceptions have been taken by the claimant or appropriator.

(3) Upon findings and tabulation of the State Engineer of Oregon to which exceptions or objections have been taken by the water users, the tabulation will show the allowances made by the Court upon the hearing herein.

By provision of 539.190 ORS any claimant to the use of the waters of the Deschutes river and its tributaries may apply to the Circuit Court, as above entitled, for rehearing upon grounds to be stated in the application. The dissatisfied claimant may take an appeal from this decree to the Supreme Court of Oregon and if a claimant be dissatisfied with the decision entered under Mandate of the Supreme Court, he may apply to the Circuit Court for a rehearing upon grounds to be stated in his application.

Description of Land or Place of Use

187.0

35.0 acres in the NE $\frac{1}{4}$ NW $\frac{1}{4}$,
21.0 acres in the NW $\frac{1}{4}$ NW $\frac{1}{4}$,
33.0 acres in the SW $\frac{1}{4}$ NW $\frac{1}{4}$,
33.0 acres in the SE $\frac{1}{4}$ NW $\frac{1}{4}$,
35.0 acres in the NE $\frac{1}{4}$ SW $\frac{1}{4}$,
30.0 acres in the NW $\frac{1}{4}$ SW $\frac{1}{4}$,
Section 24,
T. 15 S., R. 14 E., W.M.

36.0

36.0 acres in that part of
the SW $\frac{1}{4}$ SW $\frac{1}{4}$,
Section 24,
T. 15 S., R. 14 E., W.M.,
described as follows: All
of said SW $\frac{1}{4}$ SW $\frac{1}{4}$, excepting
the tract described under
N. A. Isaacson, below.

2.0

2.0 acres in that part of
the SW $\frac{1}{4}$ SW $\frac{1}{4}$,
Section 24,
T. 15 S., R. 14 E., W.M.,
described as follows:
Beginning at the SW corner
of said SW $\frac{1}{4}$ SW $\frac{1}{4}$, Section 24,
thence east along the south boundary line of said SW $\frac{1}{4}$ SW $\frac{1}{4}$,
250 ft., thence north on a true line 300 ft., thence west
250 ft. to a point on the west line of said SW $\frac{1}{4}$ SW $\frac{1}{4}$, thence
south 300 ft. to the point of beginning.

26.0

25.0 acres in the SE $\frac{1}{4}$ SW $\frac{1}{4}$,
1.0 acre in that part of
the NE $\frac{1}{4}$ SW $\frac{1}{4}$,
Section 24,
T. 15 S., R. 14 E., W.M.,
described as follows:
Beginning at the SE corner
of said NE $\frac{1}{4}$ SW $\frac{1}{4}$, thence
north 465 ft., thence N. 87° 30' W. 400 ft., thence S. 6° E.
480 ft., thence east 345 ft. along the south line of said
NE $\frac{1}{4}$ SW $\frac{1}{4}$ to the point of beginning.

296.0

32.0 acres in the SE $\frac{1}{4}$ NE $\frac{1}{4}$,
24.0 acres in the NE $\frac{1}{4}$ SE $\frac{1}{4}$,
33.0 acres in the NW $\frac{1}{4}$ SE $\frac{1}{4}$,

Description of Land or Place of Use

25.0 acres in the SW $\frac{1}{4}$ NW $\frac{1}{4}$,
12.0 acres in the N $\frac{1}{2}$ NW $\frac{1}{4}$ SW $\frac{1}{4}$,
Section 32,
T. 14 S., R. 13 E., W.M.

36.0 acres in the SE $\frac{1}{4}$ NW $\frac{1}{4}$,
21.0 acres in the NE $\frac{1}{4}$ SW $\frac{1}{4}$,
Section 32,
T. 14 S., R. 13 E., W.M.

8.0 acres in the S $\frac{1}{2}$ NW $\frac{1}{4}$ SW $\frac{1}{4}$,
Section 32,
T. 14 S., R. 13 E., W.M.

9.0 acres in the SW $\frac{1}{4}$ SW $\frac{1}{4}$,
1.0 acre in the SE $\frac{1}{4}$ SW $\frac{1}{4}$,
Section 32,
T. 14 S., R. 13 E., W.M.,
being within that part of
said subdivisions located
north of the main farm
lateral which traverses
said subdivisions in a
westerly direction.

12.0 acres in the SW $\frac{1}{4}$ SW $\frac{1}{4}$,
9.0 acres in the SE $\frac{1}{4}$ SW $\frac{1}{4}$,
Section 32,
T. 14 S., R. 13 E., W.M.
34.0 acres in Lot 4 (NW $\frac{1}{4}$ NW $\frac{1}{4}$),
Section 5,
T. 15 S., R. 13 E., W.M.
Land in the S $\frac{1}{2}$ SW $\frac{1}{4}$, Section
32 is that part lying south
of the Van Tassle tract, described
above, and south of main
lateral "C" of the Central Oregon
Irrigation District and west
of the fence line running north-south
approximately 450 ft.
east of the west line of said SE $\frac{1}{4}$ SW $\frac{1}{4}$.

9.0 acres in the SE $\frac{1}{4}$ SW $\frac{1}{4}$,
6.0 acres in the SW $\frac{1}{4}$ SE $\frac{1}{4}$,
Section 32,
T. 14 S., R. 13 E., W.M.
Begin within that part of
said SE $\frac{1}{4}$ SW $\frac{1}{4}$ located north-
east of the highway, and
within the north 330 ft. of
said SW $\frac{1}{4}$ SE $\frac{1}{4}$.

17.0 acres in the SW $\frac{1}{4}$ SE $\frac{1}{4}$,
Section 32,
T. 14 S., R. 13 E., W.M.,
being within the S. 3/4
of said SW $\frac{1}{4}$ SE $\frac{1}{4}$.

10.0 acres in the SE $\frac{1}{4}$ SE $\frac{1}{4}$,
Section 28,
10.5 acres in the NE $\frac{1}{4}$ NE $\frac{1}{4}$,
Section 33,
31.0 acres in the NW $\frac{1}{4}$ NW $\frac{1}{4}$,
Section 34,
T. 14 S., R. 13 E., W.M.

7.0 acres in the SE $\frac{1}{4}$ NE $\frac{1}{4}$,
Section 33,
T. 14 S., R. 13 E., W.M.

3.0 acres in the NE $\frac{1}{4}$ SW $\frac{1}{4}$,
19.0 acres in the NW $\frac{1}{4}$ SW $\frac{1}{4}$,

BASED upon the facts and the law applicable thereto, and in accordance with the explanatory notes, when necessary, and the tabulation herein,

IT IS HEREBY DETERMINED AND DECREED that the relative rights of the various claimants to the use of the waters of the Deschutes River and its tributaries be, and the same are, HEREBY ADJUDICATED, DETERMINED, SETTLED AND VESTED as set forth herein.

Dated at Bend, Oregon, this ^{30th} 18th day of ^{Sept.} July, 1958.

Ralph S. Smith

Circuit Judge

STATE OF OREGON)
County of Deschutes) ss.

I, Helen M. Dacey, County Clerk of Deschutes County, Oregon, and Ex-Officio Clerk of the Circuit Court of the State of Oregon, for Deschutes County, do hereby certify that the foregoing and attached copy of IN THE MATTER OF THE DETERMINATION OF THE RELATIVE RIGHTS TO THE USE OF THE WATERS OF DESCHUTES RIVER AND ITS TRIBUTARIES Case # has been by me compared with the original as above listed now on file and of record in my office and that it is a true, full and correct copy and transcript therefrom and of the whole thereof of such original as above listed.

In testimony whereof, I have hereunto set my hand and affixed the seal of said Circuit Court this 30th day of Sept., 1958.

Helen M. Dacey, Clerk
By _____, Deputy

S E A L

STATE OF OREGON)
County of Marion) ss.

I, LEWIS A. STANLEY, State Engineer of the State of Oregon, do hereby certify that the foregoing copy of decree of the Circuit Court for Deschutes County, Oregon, in the matter of the determination of the relative rights to the Use of the Waters of Deschutes River and its tributaries, is a true and correct copy of the certified copy of such decree as the same was received in this office and entered of record herein this 2nd day of October, 1958.

IN WITNESS WHEREOF, I have hereunto set my hand this 2nd day of October, 1958.
