THE RELATIVE RIGHTS TO THE USE OF THE )  
WATERS OF YAMHILL RIVER AND ITS )  
TRIBUTARIES, YAMHILL AND OTHER COUNTIES )

FINDINGS OF FACT  
AND  
ORDER OF DETERMINATION

-----  
Now at this time the above-entitled matter coming on for consideration by the State Engineer (now Water Resources Director), and it appearing that all evidence and testimony have been taken in the above-entitled proceeding, and the State Engineer (now Water Resources Director) having carefully considered all such evidence and testimony and the engineering data and information gathered in accordance with law, and being fully advised in the premises, makes and orders to be entered of record in his office the following:

FINDINGS OF FACT AND ORDER OF DETERMINATION

The watershed of the Yamhill River and its tributaries is a basin comprising the northern third of Polk County, most of Yamhill County, and small portions of Lincoln, Tillamook and Washington Counties. It is bounded on the west by the Coast Range, on the east by the Willamette River and several small streams, on the north by the Tualatin River Basin, and on the south by the watershed of Rickreall Creek.

The Yamhill River, a major tributary of the Willamette River, has its beginning by the confluence of the North and South Yamhill Rivers near the center of Section 14, Township 4 South, Range 4 West, W.M., about one mile east of the City of McMinnville and meanders generally in an easterly direction for eleven miles to its confluence with the Willamette River in Section 13, Township 4 South, Range 3 West, W.M.

The Yamhill River Basin has a drainage area of 769 square miles and comprises 6.7 per cent of the Willamette Basin.

The North Yamhill River, having a drainage area of 177 square miles, makes up the most northerly one-quarter of the basin. The North Yamhill River has its origin in Section 21, Township 2 South, Range 6 West, on the northwest slopes of Trask Mountain with an elevation of 3,423 feet; thence flowing easterly 12 miles to the community of Pike, thence turning in a southeasterly direction to its confluence with the South Yamhill River. Panther Creek is the major tributary with an area of approximately 68 square miles.

The South Yamhill River is formed by the confluence of Pierce Creek and Kitten Creek near the center of Section 30, Township 5 South, Range 8 West, W.M. The river flows in an easterly direction 32 miles through the cities of Willamina and Sheridan, thence in a northeasterly direction for 30 miles to its confluence with the North Yamhill River.

The major tributaries of the South Yamhill River, in order of their confluence, in upstream order, are Salt Creek, Deer Creek, Mill Creek, and Willamina Creek.

The Yamhill River is a perennial stream with its runoff derived principally from precipitation in the form of rain. Some snowmelt may occur at any time during the winter but the Coast Range does not normally develop a snowpack to sustain flows.

-1-

That on the 28th day of August, 1974, there were filed with the State Engineer (now Water Resources Director) petitions for the determination of the water rights to the use of the waters of the Yamhill River and its tributaries, signed by Clifford E. Gardner and Rhoda Benson, users of said stream, petitioners praying that a determination of the relative rights of the various claimants to the use of the waters of said stream system be made by the State Engineer (now Water Resources Director) in accordance with the provision of the Oregon Water Rights Act.

That the State Engineer (now Water Resources Director) thereafter fixed a time for the making of the necessary surveys and examinations and the beginning of the taking of such testimony as would enable him to determine the relative rights of the various claimants to the use of the waters of the Yamhill River and its tributaries, as provided by law.

-2-

That a notice was prepared by the State Engineer (now Water Resources Director) setting forth the date on or about which the State Engineer (now Water Resources Director), or his assistants, would begin the investigation of the flow of water in the Yamhill River and its tributaries, and the existing works for the utilization of the waters thereof, said notice was published in two issues of the News-Register, a newspaper printed and published twice each week at McMinnville, Yamhill County, Oregon, and of general circulation in Yamhill County; and in the Polk County Itemizer-Observer, a newspaper printed and published weekly at Dallas, Polk County, Oregon, and of general circulation in Polk County; and in one issue of The Sheridan Sun, a newspaper printed and published weekly in Sheridan, Yamhill County, Oregon, and of general circulation in Yamhill and Polk Counties; said two issues of News-Register and Polk County Itemizer-Observer newspapers being those of March 19 and 26, 1975, and one issue of The Sheridan Sun newspaper being March 20, 1975, the date of the last publication being more than ten days prior to the date fixed for the beginning of taking of measurements and the collection of other data relating to said stream system by the State Engineer (now Water Resources Director), as provided by law.

That the State Engineer (now Water Resources Director) did send by certified mail to each person, firm or corporation, owning or being in possession of lands in, or bordering on or having access to said stream or any of its tributaries, in so far as said claimants and owners and persons in possession could reasonably be ascertained, a notice similar to such published notice as described in Finding 2, and included therewith an explanatory statement and blank form upon which the claimant or owner could prepare in writing his notice of intention to file a statement and proof of claim of his right to the use of the waters of the Yamhill River and its tributaries, if any he had.

That the following named persons, firms or corporations were duly notified of the proceeding by certified mail, as provided by law, of the commencing of the investigations by the State Engineer (now Water Resources Director), or his duly authorized assistants, and were furnished an explanatory statement and pamphlet of information and a form upon which to declare their notice of intention to file a claim to the use of the waters of said Yamhill River and its tributaries:

That all of the remailed certified notices, addressed as tabulated above, were apparently delivered to the addressee by the Post Office Department.

-8-

That duly qualified assistants to the Water Resources Director did proceed to make examinations, surveys, and measurements of said Yamhill River and its tributaries, and of ditches, canals and other works diverting water therefrom, and surveys of the lands irrigated, and gathered such other data and information as were essential to the proper determination of the relative rights of the parties interested, which observations and measurements were reduced to writing and made a matter of record in his office. And the Water Resources Director did cause to be prepared a set of maps or plats, showing with substantial accuracy, the location of all streams in the drainage basin, the location of each canal, ditch or other means of conveyance of appropriated water and the points of diversion thereof, and the number of acres of land being irrigated in each legal subdivision, or other character of use of water, prints of said maps or plats being on file and a part of the record herein.

-9-

That as soon as practicable after the examinations and measurements were completed, as described in the preceding finding, the Water Resources Director did prepare a notice setting forth a place and time certain when he would begin the taking of statements and proofs of claim as to the relative rights of the various claimants to the use of the waters of said Yamhill River and its tributaries; that said notice was published in two issues each of the following named newspapers, the McMinnville News-Register, printed and published semi-weekly at McMinnville, Yamhill County, Oregon; and the Polk County Itemizer-Observer, printed and published weekly at Dallas, Polk County, Oregon.

Said issues of each newspaper being those of January 21 and 28, 1976, the date of the last publication being at least thirty days prior to the first date set for the taking of statements and proofs of claim by the Water Resources Director.

-10-

That the Water Resources Director did send by certified mail to each person, firm or corporation who had filed a declaration of intention to file a claim to the use of the waters of the Yamhill River and its tributaries in this proceeding, in response to the notice described in Finding 3 above, a notice similar to such published notice described in the preceding finding, setting forth the date when the Water Resources Director, or his authorized assistants, would receive the statements and proofs of claim to the use of the waters of said stream and its tributaries. That said notice was mailed at least thirty days

That all of said claimants submitted statements and proofs of claim which were in ample form and were accompanied by the statutory fees and were filed with the Water Resources Director.

-14-

That all persons, firms or corporations to whom notices were sent by certified mail, as tabulated under Findings 4 and 12 above, who have failed, neglected or refused to appear herein and submit proof of a claim or right to the use of the waters of Yamhill River and its tributaries, initiated prior to the adoption of the Oregon Water Code on February 24, 1909, now the Oregon Water Rights Act, if any they have or claim, are in default; such default is here and now entered against them, and each of them, and such parties are hereby barred and estopped from using or asserting any rights to the use of the waters of said Yamhill River or any tributaries thereof, except by, through or under the rights of persons whose water rights are defined herein, or under and by virtue of permits issued by the Water Resources Director, as provided by law.

-15-

That after the completion of the taking of such statements and proofs of claim, the Water Resources Director did, on the 2nd day of November, 1976, give notice by certified mail to each of the various claimants to the use of the waters of Yamhill River and its tributaries, as provided by law, that at the times and places named in said notice, to wit:

On Wednesday, December 1, and Thursday, December 2, 1976  
in the Basement Conference Room No. 32, Yamhill County Courthouse,  
McMinnville, Oregon.

And, for a period of eight days beginning with Friday, December 3  
and ending with Tuesday, December 14, 1976 (Saturdays, Sundays,  
and holidays excepted) at the office of the Water Resources  
Department, 1178 Chemeketa Street NE, Salem, Oregon.

the statements and proofs of claim theretofore filed would be open to public inspection between the hours of 8:00 a.m. to 12:00 noon and from 1:00 p.m. to 5:00 p.m. on each of said days. That said notice did state that the determination of the Water Resources Director would be heard by the Circuit Court of the State of Oregon, for the County of Yamhill.

-16-

That the Water Resources Director did, in accordance with said notice as described in the preceding Finding 15, keep said statements and proofs of claim open to public inspection at said times and places.

-17-

That the time set by law for filing of statements of contest, within fifteen days after the expiration of the period for public inspection, would expire on December 29, 1976 and it appearing that additional time was required by certain parties to properly prepare and file their statements of contest, the Water Resources Director did, on the 28th day of December, 1976, enter an order directing that the time within which to file statements of contest, be extended, as provided by law, and the same was thereby extended and continued to include the 18th day of January 1977. That within the time, as extended by order of the Water Resources Director, the following contest was initiated by the filing with the Water Resources Director a notice of contest, in writing:

John Hoekstra

vs

Frank E. Crow

-18-

That after the filing of said statement of contest, the Water Resources Director did fix a time and place for the hearing of said contest, and did on the 14th day of October, 1977, serve notice of said hearing, by certified mail, on each of the parties to said contest and on their respective counsel.

As set in the notice, the hearing of Contest was held before the Deputy Director, commencing at 9:30 o'clock a.m. on Tuesday, December 13, 1977 in the Conference Room, Water Resources Department, Mill Creek Office Park, 555 13th Street N. E., in Salem, Marion County, Oregon.

-19-

That due proof of the sending of the various notices by certified mail, as provided by law, and as hereinbefore set forth, has been made and filed as a part of the record herein.

Contest	John Hoekstra	Contestant
	vs	
	Frank E. Crow	Contestee

Contestee, Frank E. Crow, being represented by Mr. Richard D. Lee of the firm of Brand, Lee, Ferris and Embick, Attorneys at Law, Salem, Oregon, filed Statements and Proof of Claim No. 16 claiming a right to the use of the waters of Salt Creek, a tributary of Yamhill River for irrigation of the following tabulated lands:

2.5 acres in SW $\frac{1}{4}$  NE $\frac{1}{4}$

10.8 acres in NW $\frac{1}{4}$  SE $\frac{1}{4}$

Section 2

Township 7 South, Range 6 West, W.M.

by diversion and use, through pump and pipeline, with a date of priority of 1900.

To said Statements and Proof of Claim, Frank E. Crow, filed a Statement of Contest, being represented by Mr. Marvin J. Weiser, of the firm of Hayter, Shetterly, Noble, and Weiser, Attorneys at Law, Dallas, Oregon.

At the hearing on contest, the matter was settled by stipulation between the contestant and contestee, which stipulation was entered into the record as follows:

"that is that the land was not irrigated for a period of time to constitute a forfeiture is valid for the area shown in the adjudication map that lies north of the entrance road to the farmstead, to the house and barn property. That the area shown south of the entrance road as being irrigated in the adjudication map and lying between the Salt Creek road and Salt Creek, having been computed by the Water Resources Department as 3.4 acres is agreed that this has been irrigated and not lost by forfeiture and the claim would be approved for that amount."

The rights to the use of the waters of Salt Creek as claimed by Contestee in his Statements and Proof of Claim No. 16, is more particularly determined in Finding 29 and set out in the tabulation of water rights under Finding 85 herein.

J. Floyd Baird and Edwina Baird submitted Proof No. 2, claiming a right to the use of the waters of South Yamhill River for irrigation of 1.5 acres and domestic stock use, point of diversion and place of uses in the NE $\frac{1}{4}$  NW $\frac{1}{4}$ , Section 34, Township 5 South, Range 6 West, W.M., with a date of priority of 1907.

As additional evidence, a notarized affidavit from Otto W. Heider was submitted stating his knowledge to the use of water for irrigation from seventy years prior to September 1975.

Water is pumped from the South Yamhill River with a one horsepower electric 1½ x 2 inch centrifugal pump and pressure system using 1½ inch diameter buried pipe. The Water Resources Department has classified 1.5 acres as irrigated.

It appears this claimed right should be limited to a rate of diversion of not to exceed 0.025 cubic foot per second from the South Yamhill River being 0.02 cubic foot per second for irrigation of 1.5 acres and 0.005 cubic foot per second for stock use with a date of priority of 1907. -29-

Frank E. Crow submitted Proof No. 16, claiming a right to the use of the waters of West Fork Salt Creek, tributary of South Yamhill River, for irrigation of 13.3 acres with a date of priority of 1900; point of diversion and 10.8 acres located in the NW $\frac{1}{4}$  SE $\frac{1}{4}$  and 2.5 acres located in the SW $\frac{1}{4}$  NE $\frac{1}{4}$ , Section 2, Township 7 South, Range 6 West, W.M.

This claim was contested by John Hoekstra and settled by stipulation set forth in Finding No. 20, which stipulated that the irrigation of 3.4 acres be approved in the NW $\frac{1}{4}$  SE $\frac{1}{4}$ , lying south of the entrance road to the house and barn, and being between the Salt Creek road and Salt Creek as classified as irrigated by the Water Resources Director.

It appears this claimed right should be limited to a rate of diversion of not to

exceed 0.04 cubic foot per second from West Fork Salt Creek for irrigation of 3.4 acres with a date of priority of 1900. Claimant's rights are more particularly set out and described in the tabulation of water rights under Finding 85 herein.

-30-

Crown Hill Farm by Damien Mochettaz, Victor Gunderman, Juliette Gunderman and Lucien Gunderman submitted Proof No. 17, claiming a right to the use of the waters of an unnamed spring located in the SW $\frac{1}{4}$  SE $\frac{1}{4}$ , Section 16, tributary of Baker Creek, for domestic use of one family, stock use and irrigation of 1.2 acres in the NE $\frac{1}{4}$  SE $\frac{1}{4}$ , Section 16, Township 4 South, Range 5 West, W.M. with a date of priority of 1900.

Water is delivered to the place of use from the spring by a 3 inch diameter gravity flow pipeline system with 60 pounds per square inch pressure at the house.

The Water Resources Department has classified 1.2 acres as irrigated.

It appears this claimed right should be limited to a rate of diversion of not to exceed 0.025 cubic foot per second from an unnamed spring, being 0.005 cubic foot per second for domestic use of one family, 0.005 cubic foot per second for stock use and 0.015 cubic foot per second for irrigation of 1.2 acres with a date of priority of 1900. Claimant's rights are more particularly set out and described in the tabulation of water rights under Finding 85 herein.

-31-

George H. Cullins submitted Proof No. 18, claiming a right to the use of the waters of an unnamed stream located in the SE $\frac{1}{4}$  SW $\frac{1}{4}$ , Section 36, tributary of Panther Creek for stock use within the NE $\frac{1}{4}$  SE $\frac{1}{4}$  and irrigation of 1.7 acres, being 1.4 acres in the NE $\frac{1}{4}$  SE $\frac{1}{4}$ , 0.2 acre in the NW $\frac{1}{4}$  SE $\frac{1}{4}$ , 0.1 acre in the SE $\frac{1}{4}$  SE $\frac{1}{4}$ , Section 36, and the watering of 38 cattle directly from three unnamed streams, tributary of Panther Creek in the S $\frac{1}{2}$  NE $\frac{1}{4}$ , W $\frac{1}{2}$  SE $\frac{1}{4}$ , Section 36 all in Township 3 South, Range 5 West, W.M. with a date of priority of January 23, 1895.

Field investigation on July 30, 1975 disclosed a gravity flow diversion system from a stream for irrigation and stock use was in disrepair and not operational. Mr. Cullins stated the system had not been used the past two years, but he intended to replace the system.

On a subsequent field investigation on June 22, 1979, Mr. Arno Fidel, contract purchaser from Mr. Cullins, disclosed the diversion system had not been replaced and no diversion of water was being made for stock and irrigation use.

Since it appears that abandonment of the claim through five consecutive years of non-use of water has occurred for irrigation and stock use, that part of this asserted claim

by Proof No. 18, is denied.

It appears the above claimant should be allowed a right for stock watering directly from three unnamed streams with a priority date of January 23, 1895.

Paragraph 77 of these findings relates to stock use when no artificial diversion is made. Claimant's rights are more particularly set out and described in the tabulation of water rights under Finding 85 herein.

-32-

City of Dayton submitted Proof No. 19, claiming a right to the use of the waters of two spring areas located in the S $\frac{1}{2}$  NE $\frac{1}{4}$ , Section 4, tributary of Miller Creek, for municipal use in and around the City of Dayton within Sections 9, 16, 17, 18, 20, 21, all in Township 4 South, Range 3 West, W.M. with a date of priority of February 16, 1904.

As additional evidence, the City of Dayton submitted a copy of a 99 year lease to the use of land and west spring area thereon, executed by Martin and Charlotte Miller on February 16, 1904.

Water is diverted from two spring areas known as Miller Springs by concrete spring boxes and 4 inch diameter gravity flow pipeline systems into three reservoirs with a combined capacity of 335,000 gallons. An 8 inch mainline gravity system delivers water to the place of use.

The use of water from the two spring areas for municipal use appears to be entirely within Permit No. 26950 evidenced by Certificate No. 35697. An agreement dated August 19, 1932 for use and occupancy of a parcel of land for 71 years was executed between Charlotte Miller and The City of Dayton. This agreement or lease covers the east spring area and was the initiation of the right to use waters of the East Spring area. The certificate fully covers this right.

It appears this claimed right should be limited to a rate of diversion of not to exceed 0.11 cubic foot per second from the west spring area for municipal use in and around the City of Dayton with a date of priority of February 16, 1904. Claimant's rights are more particularly set out and described in the tabulation of water rights under Finding 85 herein.

-33-

Lee E. Doss submitted Proof No. 22, claiming a right to the use of the waters of a spring located in the SW $\frac{1}{4}$  SE $\frac{1}{4}$ , Section 34, Township 5 South, Range 8 West, W.M., tributary of South Yamhill River, for domestic use of one family, stock use and irrigation of 0.4 acre within the NW $\frac{1}{4}$  NW $\frac{1}{4}$ , Section 3, Township 6 South, Range 8 West, W.M. with a date of priority of 1900.

Water is conveyed from the spring to the place of use with a ½ inch to 1 inch diameter gravity flow pipeline system. The reported pressure at the place of use is 35 pounds per square inch.

The Water Resources Department has classified 0.4 acre as irrigated.

It appears this claimed right should be limited to a rate of diversion of not to exceed 0.015 cubic foot per second from a spring being 0.005 cubic foot per second each for domestic use of one family, stock use and irrigation of 0.4 acre with a date of priority of 1900. Claimant's rights are more particularly set out and described in the tabulation of water rights under Finding 85 herein.

-34-

K. V. Drake submitted proof No. 23, claiming a right to the use of the waters of an unnamed spring located in the SE¼ NW¼, Section 12, tributary of Coast Creek, for domestic use of one family including the irrigation of 0.4 acre lawn and garden within the SE¼ NW¼, Section 12, Township 5 South, Range 7 West, W.M. with a date of priority of prior to February 24, 1909.

As additional evidence, Mr. Drake submitted an affidavit from Phil Booth stating his knowledge to the use of this water previous to 1909.

Water is diverted from the spring to the house by a 1 inch diameter gravity flow pipeline system with 46 pounds per square inch pressure. The Water Resources Department has classified 0.4 acre of lawn and garden as irrigated.

It appears this claimed right should be limited to a rate of diversion of not to exceed 0.01 cubic foot per second from an unnamed spring for domestic use of one family including the irrigation of 0.4 acre lawn and garden with a date of priority of February 23, 1909. Claimant's rights are more particularly set out and described in the tabulation of water rights under Finding 85 herein.

-35-

Anna S. Duerst submitted Proof No. 24, claiming a right to the use of the waters of a spring, tributary of South Yamhill River, for domestic use of one family and stock use; spring and house located in the NE¼ SE¼, Section 10, Township 5 South, Range 5 West, W.M. with a date of priority of April 18, 1903.

As additional evidence, Anna Duerst submitted a certified copy of a deed to the use of the waters of a spring executed April 18, 1903 by James and A. Houck.

Field investigation on December 22, 1975 disclosed a ¾ inch diameter gravity flow pipeline system was installed to divert water from the spring to a building site. A

former renter of the land stated the house had been dismantled during the previous year. The barn was partially destroyed in a fire. There was no stock or stock fencing on the property.

A subsequent field inspection on June 22, 1979 showed no buildings on the property. The barn had been dismantled and all that remained was a few timbers. There was no stock on the property nor stock fencing.

Since it appears that abandonment of the claim through five consecutive years of non-use of water has occurred for both domestic and stock use, this asserted claim by Proof No. 24 is denied.

-36-

Fred R. Flory submitted Proof No. 25, claiming a right to the use of the waters of an unnamed spring, tributary of Baker Creek, for domestic use of one family including the irrigation of 0.5 acre lawn and garden and stock use; spring and place of use located in the SW $\frac{1}{4}$  NW $\frac{1}{4}$ , Section 15, Township 4 South, Range 5 West, W.M., with a date of priority of 1862.

Water is diverted from the spring to the place of use with a 1 $\frac{1}{4}$  inch diameter gravity flow pipeline system with 14 feet of fall. A pump is installed to increase pressure at the place of use. The Water Resources Department has classified 0.5 acre of lawn and garden as irrigated.

It appears this claimed right should be limited to a rate of diversion of not to exceed 0.015 cubic foot per second from an unnamed spring being 0.005 cubic foot per second for stock use and 0.01 cubic foot per second for domestic use of one family including the irrigation of 0.5 acre lawn and garden with a date of priority of 1862. The following claimants submitted proofs for the use of the waters of the Yamhill River drainage for stock watering directly from specified streams with no direct diversion being made for such use.

<u>PROOF NO.</u>	<u>NAME OF CLAIMANT</u>	<u>SOURCE</u>	<u>PRIORITY</u>	<u>NUMBER OF STOCK</u>
4	Hubert S. Bernards	Baker Creek Unnamed Stream	March 1, 1901	23 cattle, 24 hogs 100 sheep and lambs
10	Ben Bunn	Henry Creek	1908	60 sheep 60 hogs 6 cattle 8 horses

It appears the above named claimants should be allowed rights for stock watering directly from the above stated streams, with priority dates as claimed. Paragraph 77 of these Findings relates to stock use when no artificial diversion is made.

Claimant's rights for stock watering, as allowed herein, are more particularly set out and described in the tabulation of water rights under Finding 85 herein.

-72-

DUTY OF WATER, HEAD OF WATER, FOR IRRIGATION USE

Taking into consideration all of the various elements and conditions having a bearing on the quantity of water essential for the irrigation of crops within the basin of the Yamhill River and its tributaries, the duty of water, except where particularly defined in specific findings herein, hereby is fixed at not to exceed 2.5 acre feet per acre during any one irrigation season.

The rate of flow or head of water to be diverted, where not specifically stated in specific findings herein, or definitely fixed in a permit or certificate of water right, hereby is fixed at not to exceed one-eightieth of one cubic foot per second for each acre irrigated.

It is further provided that the quantity of water, which a claimant whose right has been determined herein shall be entitled to divert at any time, shall be determined on the basis of the acreage actually prepared for irrigation and to which water may be beneficially applied in the production of crops.

-73-

DUTY OF WATER FOR RIGHTS EVIDENCED BY PERMITS AND CERTIFICATES

Claimants who have asserted rights to the use of the waters of Yamhill River and its tributaries, based upon a certificate of water right issued by the Water Resources Director, recognized herein, or upon a permit issued by the Water Resources Director, which right has not yet been perfected, are limited to the quantity of water and rate of diversion set out in such certificate or permit. Provided, that the quantity of water for irrigation use, unless otherwise provided in the certificate of water right or permit, is limited to 2.5 acre feet per acre for each acre or fraction thereof, irrigated during any

one irrigation season.

-74-

RIGHTS UNDER PERMITS ISSUED BY THE WATER RESOURCES DIRECTOR

Subject to the terms and conditions and modifications herein, each and every appropriator of the waters of Yamhill River and its tributaries, who has initiated a right to the use of said waters by filing an application with the Water Resources Director for a permit, where the right has not been confirmed by the issuance of a certificate of water right, or where in the specific findings herein no reference is made to a certificate of water right, whether a claim was filed in this proceeding or not, shall have such rights thereunder as provided by law, and such rights shall be perfected in the manner provided by law for the completion thereof.

The water entitlements of the public to minimum flows in the stream system for the protection of aquatic life and aesthetic purposes established under the provisions of ORS 536.300 shall continue as provided therein. Said entitlements shall be treated for purposes of distribution as a use in the amounts of water through the stream (points or sections) set forth with a date of priority as of the effective date of the program setting such flows.

-75-

DOMESTIC USE

Where a claimant in this proceeding asserted a right for domestic purpose and the same was allowed herein, it is to be understood that the claimant has a right to the use of water for household purposes and water for such animals as are required for the proper sustenance of the family.

If specifically listed, domestic use shall include the irrigation of a lawn and domestic garden.

-76-

STOCK USE BY DIVERSION

Where a claimant in this proceeding asserted a right to the use of water for stock purposes by diversion and it was allowed herein, it is to be understood that the claimant has a right to the use of the water for such animals as are essential to the proper sustenance of the family and also water for stock when the claimant is engaged in the raising of livestock or when the claimant takes in livestock for pasturage and is limited to the use of such quantity of water as is necessary for the number of stock claimed; provided that where

the claimant was allowed a right herein for irrigation use through the same ditch, pipeline or other means of conveyance no additional water shall be diverted for stock use while water is being diverted for irrigation purposes.

-77-

STOCK USE WHERE NO ARTIFICIAL DIVERSION IS MADE

A number of claimants in this proceeding have asserted rights by appropriation to the use of water for stock purposes where no artificial diversion of water is made, the stock drinking directly from the stream as it flows through claimants lands, or from springs which arise on claimants lands. In these claims, a definite date of priority is asserted and the number of head of stock declared. The Oregon Water Code is based on the Appropriation Doctrine which requires a physical diversion of a measurable quantity of water for beneficial use at a specific location. Stock drinking directly from a stream does not meet all the requirements of an appropriative right. The accessibility of water for this purpose was a prime consideration in the claiming of land by the early settlers of the Oregon country. Therefore, this use, which is a benefit to the claimant, is hereby recognized and made a matter of record, as a privilege but is not an appropriative right subject to change in use, place of use, or point of diversion.

All claimants who have filed herein statements and proofs of claim asserting a right to the use of water from springs or streams for stock purposes by stock drinking directly therefrom on lands owned by claimants, and which rights have been recognized herein, hereby are allowed, subject to the provisions herein, sufficient water from the claimed source for a reasonable number of stock, not exceeding the number of stock asserted by claimant in connection with his statement and proof of claim.

-78-

DOMESTIC AND STOCK USE

Where a claimant asserted a right to the use of water for both domestic and stock purposes, and it was allowed herein, it is to be understood that domestic use includes only water for household uses.

-79-

DOMESTIC USE, DOMESTIC AND STOCK USE, STOCK USE

The right to divert and use the waters of Yamhill River and its tributaries, as allowed herein, for domestic use, domestic and stock use, or stock use shall continue throughout the year.

HEAD-GATES AND MEASURING DEVICES

The owner or owners of any ditch, pump, pipeline or other means of diversion and conveyance, whether the rights are determined in this proceeding or subsequently initiated and perfected, shall maintain to the satisfaction of the watermaster a substantial head-gate at the point of diversion, which shall be constructed so that it can be set and locked or closed and locked by the watermaster. And when in the distribution of water by the watermaster he may require the installation of suitable head-gates or measuring devices, such owner or owners shall construct and maintain such suitable head-gates or measuring devices as may be necessary to assist the watermaster to determine the quantity of water that is to be diverted into said ditch, pipeline or other means of conveyance, from the spring, stream or other source of supply.

If the owner or owners shall refuse or neglect to install such head-gates or measuring devices after ten days written notice, the watermaster may close and post such ditch, pump, pipeline or other means of conveyance and the same shall not be opened or any water diverted from the source of supply under the penalties prescribed by law for the illegal opening of head-gates lawfully closed, until the requirements of the watermaster as to such head-gates or measuring devices have been complied with.

IRRIGATION SEASON

The irrigation season for Yamhill River and its tributaries hereby is fixed as commencing on April 1 and ending September 30 of each year.

PLACE OF MEASUREMENT

The place of measurement of the water to which any appropriator of the waters of Yamhill River and its tributaries is entitled, whether such appropriation was determined in this proceeding, or was initiated by the filing of an application with the Water Resources Director, hereby is fixed to be at the point of diversion from the stream or source of supply.

RIGHTS APPURTENANT TO LAND

The rights to the use of the waters of Yamhill River and its tributaries for irrigation purposes, as herein confirmed, are appurtenant to the lands herein described in connection with such rights, and are limited and confined to the irrigation of the lands

described herein, and the priorities of rights confirmed confer no right to the use of the waters of said stream and its tributaries on any lands other than those specified tracts to which such rights are herein set forth as appurtenant, and each and every person, association or corporation, or their respective successors in interest, shall be and hereby are prohibited, restrained and enjoined from diverting and using water from said stream or any of its tributaries on any other lands without lawful permit therefore first obtained from the Water Resources Director.

The rights to the use of water for other useful and beneficial purposes as herein confirmed are appurtenant to the lands and place of use as herein described and the priorities and rights herein confirmed confer no rights to the use of the waters of said Yamhill River or any of its tributaries on any lands other than those specified tracts to which such rights are set forth herein as appurtenant, and each and every person, association or corporation, or their respective successors in interest, shall be and hereby are prohibited, restrained and enjoined from diverting and using water from said stream or any of its tributaries on any other lands without lawful permit therefore first obtained from the Water Resources Director.

-84-

DIVERSIONS GOVERNED BY PRIORITIES AND BENEFICIAL USE

Except as otherwise determined herein, the order of rights of the respective appropriators of the waters of Yamhill River and its tributaries, and the order in which they are entitled to divert and use said water shall be and is according to the date of relative priority of the rights as determined and set forth herein, and the first in order of time according to the date of relative priority shall be and hereby is first in order of right, and so on down to the latest priority, and those having prior rights are entitled to divert and use the waters of said stream and its tributaries when necessary for the irrigation of their respective lands, or other useful and beneficial purposes for which they were allowed a right of use, and in accordance with such right at all times against those having rights of subsequent priority, without let or hindrance, and whenever the water is not required for beneficial use by the appropriator having such prior right to its use for the purpose for which such water was appropriated, he must and shall permit it to flow down the natural channel of the stream as it was wont to flow in its natural course, without let or hindrance or diversion thereof, and those having subsequent rights are entitled to the use of said waters and to divert the same to the extent of their respective rights, according to the order of priority of their respective rights; and at all times the water diverted by the appropriator whose rights have been determined herein, shall be beneficially and

reasonably used without waste, and no rights of appropriation are hereby confirmed to divert a greater quantity of water into the head of the ditch, pump, pipeline, or other means of conveyance of the appropriator having a valid right to divert the water than such appropriator can beneficially use for the purpose to which the water is to be used, in accordance with his right.

-85-
