

BEFORE THE WATER RESOURCES DIRECTOR OF OREGON

Benton County

IN THE MATTER OF THE DETERMINATION OF)
THE RELATIVE RIGHTS TO THE USE OF THE)
WATERS OF MARYS RIVER AND ITS TRIBU-)
TARIES, BENTON, POLK, LANE, AND LINCOLN)
COUNTIES)

FINDINGS OF FACT

AND

ORDER OF DETERMINATION

Now at this time the above-entitled matter coming on for consideration by the Water Resources Director and it appearing that all evidence and testimony have been taken in the above-entitled proceeding, and the Water Resources Director having carefully considered all such evidence and testimony and the engineering data and information gathered in accordance with law, and being fully advised in the premises, makes and orders to be entered of record in his office the following:

FINDINGS OF FACT AND ORDER OF DETERMINATION

-1-

The watershed of the Marys River and its tributaries is a basin comprising a major portion of Benton County and small portions of Polk, Lane, and Lincoln Counties. It is bounded on the west by the Coast Range; on the east by the Willamette River and several small streams; on the north by the divide of the Luckiamute River; and on the south by the divide of the Long Tom River.

The Marys River Basin has a drainage area of approximately 299 square miles and comprises 2.5 percent of the Willamette Basin.

The Marys River, a tributary of the Willamette River, has its origin in the West and East Forks of Marys River respectively located in Section 5, Township 10 South, Range 7 West, W.M., Polk County and Section 14, Township 10 South, Range 7 West, W.M., Benton County on the eastern slope of the Coast Range.

The main stem of Marys River has its beginning by the confluence of the West and East Forks Marys River in Section 33, Township 10 South, Range 7 West, W.M., about two miles northeasterly of the town of Summit. Marys River then flows in a southerly direction for eight miles to its confluence with Tumtum River, at which point the River turns easterly for twelve miles and then southerly for seven miles before its confluence with Greasy Creek, then turns easterly for eight miles before its confluence with Muddy Creek and then flows northeasterly for five miles to its confluence with the Willamette River in Section 2, Township 12 South, Range 5 West, W.M.

The major tributaries of the Marys River, in order of their confluence, in upstream

order, are Muddy Creek, Greasy Creek, and Tumtum River.

The Marys River is a perennial stream with its run off derived principally from precipitation in the form of rain. Some snowmelt may occur anytime during the winter, but the Coast Range does not normally develop a snowpack to sustain stream flows.

-2-

That on the 16th day of August, 1967, there was filed with the State Engineer (now Water Resources Director) a petition for the determination of the water rights of a spring, tributary of Spencer Creek, tributary of Marys River signed by Almon E. and Alma Johnston, water users of said spring; that subsequently two other petitions were filed for the determination of the water rights on other tributary streams as follows:

August 15th 1974 - Reese Creek signed by three water users,

October 10th 1974 - Watkins Creek signed by Hugh O. Watkins, a water user, all of said petitions praying that a determination of the relative rights of the various claimants to the use of the waters of said stream systems be made by the State Engineer (now Water Resources Director) in accordance with the provisions of the Oregon Water Rights Act.

That the Water Resources Director thereafter fixed a time for the making of the necessary surveys and examinations and the beginning of the taking of such testimony as would enable him to determine the relative rights of the various claimants to the use of the waters of Marys River and its tributaries, as provided by law.

-3-

That a notice was prepared setting forth the date when the Director would begin the investigation of the flow of water in Marys River and its tributaries, and the existing works for the utilization of the waters thereof; and said notice was published in the Corvallis Gazette-Times, Corvallis, published daily except Sunday. That said newspaper is published and of general circulation in Benton County, Oregon, and publication was in two consecutive weeks being May 19 and 26, 1976, the date of the last publication being more than ten days prior to the date fixed for the beginning of the investigations and measurements of said stream system by the Director.

-4-

That the Director did send by certified mail to each person, firm or corporation

owning or being in possession of lands in or bordering on or having access to said stream or its tributaries, insofar as said claimants and owners and persons in possession could reasonably be ascertained, a notice similar to such published notice, and included therewith an explanatory statement and a blank form upon which the claimant or owner could prepare in writing his notice of intention to file a statement and proof of claim of his right to the use of the waters of said Marys River and its tributaries, if any he had.

-5-

That the following named persons, firms, or corporations were duly notified of the proceeding by certified mail, as set forth in Paragraph 4 above:

-A-

-9-

That duly qualified assistants to the Director did proceed to make examinations, surveys, and measurements of said Marys River and its tributaries, and of the works diverting water therefrom, and surveys of the lands irrigated, and gathered such other data and infor-

mation as were essential to the proper determination of the relative rights of the parties interested, which observations and measurements were reduced to writing and made a matter of record in his office. The Director did cause to be prepared a set of maps or plats, showing with substantial accuracy, the location of all streams in the drainage basin, the location of each means of conveyance of appropriated water and the points of diversion thereof, and the number of acres of land being irrigated in each legal subdivision, or other use of water, prints of said maps or plats being on file and a part of the record herein.

-10-

That as soon as practicable after the examinations and measurements were completed as described in the preceding finding, the Director did prepare a notice setting forth a place and time certain when he would begin the taking of statements and proofs of claim as to the relative rights of the various claimants to the use of the waters of Marys River and its tributaries; and said notice was published in the Corvallis Gazette-Times, Corvallis - published daily except Sunday.

That said newspaper is published and of general circulation in Benton County, Oregon, and publication was in two consecutive weeks being February 2 and 9, 1978, the date of the last publication being at least thirty days prior to the first date set for the taking of statements and proofs of claim by the Director.

-11-

That the Director did send by certified mail to each person, firm or corporation who had filed a declaration of intention to file a claim to the use of the waters of Marys River and its tributaries in this proceeding, in response to the notice described in Finding 4 above, a notice similar to such published notice described in the preceding finding, setting forth the date when the Director would receive the statements and proofs of claim to the use of the waters of said stream and its tributaries. That said notice was mailed at least thirty days prior to the date set for receiving of said statements and proofs of claim. The Director did include with each notice a blank form upon which the claimant or owner could prepare in writing all the particulars necessary for the determination of his right, under oath, and a pamphlet of information for water users in the preparation of their statements and proofs of claim in connection with the adjudication of water rights.

That the times and places where the Director did appear and receive the statements and proofs of claim of the various parties, were fixed in said notice as follows:

On Monday, March 20, Tuesday, March 21, and Wednesday, March 22, 1978 in the Extension Conference Room, Basement, Corvallis Post Office Building, 2nd and Jefferson Streets, Corvallis, Oregon;

And for a period of seven days, beginning with Thursday, March 23, and ending with Friday, March 31, 1978, at the office of the Water Resources Department, Mill Creek Office Park, 555 13th Street NE, Salem, Oregon.

That the following named persons, who had filed their notice of intention to file a statement and proof of claim, were duly notified by certified mail, as provided by law, of the commencing of the taking of statements and proofs of claim of their rights to the use of the waters of said Marys River and its tributaries:

BACHMEIER, James & Christi	Route 2, Box 236, Corvallis, OR 97330
BALL, Esther C.	4110 Fairhaven Drive, Corvallis, OR 97330

WONDERLY, Francis L.	1305 12th S.E., Salem, OR 97302

That all of said statements and proofs of claim were in sufficient form accompanied by the statutory fees and filed with the Director.

-15-

That all persons, firms or corporations to whom notices were sent by certified mail, as tabulated under Findings 5 and 13 above, who have failed, neglected or refused to appear herein and submit proof of a claim of right to the use of the waters of Marys River and its tributaries, initiated prior to the adoption of the Oregon Water Code on February 24, 1909, if any they have or claim, are in default; such default is here and now entered against them, and each of them, and such parties are hereby barred and estopped from using or asserting any rights to the use of the waters of said Marys River or any tributary thereof, except by, through or under the rights of persons whose water rights are defined herein, or under and by virtue of permits issued by the Water Resources Director, as provided by law.

-16-

That after the completion of the taking of such statements and proofs of claim, the Director did, on the 20th day of December, 1978, give notice by certified mail to each of the various claimants to the use of the waters of Marys River and its tributaries, as provided by law, that at the times and places named in said notice, to wit:

On Monday, January 8, and Tuesday, January 9, 1979 in the Public Meeting Room, City County Law Enforcement Building, 180 NW 5th Street, Corvallis, Oregon.

And, for a period of eight days beginning with Wednesday, January 10 and ending with Friday, January 19, 1979 (Saturdays, Sundays, and holidays excepted) at the office of the Water Resources Department, Mill Creek Office Park, 555 13th Street, NE, Salem, Oregon.

the statements and proofs of claim theretofore filed would be open to public inspection

between the hours of 8:00 a.m. to 12:00 noon and from 1:00 p.m. to 5:00 p.m. on each of said days. That said notice did state that the determination of the Water Resources Director would be heard by the Circuit Court of the State of Oregon, for the County of Benton.

-17-

That the Director did, in accordance with said notice as described in the preceding Finding 16, keep said statements and proofs of claim open to public inspection at said times and places.

-18-

That the time set by law for filing of statements of contest, within fifteen days after the expiration of the period for public inspection, would expire on February 3, 1979, and it appearing that no additional time was requested for filing such statements of contest, and no contests were initiated by the filing with the Water Resources Director, the statements and proofs of claim are more particularly set out in the following paragraphs.

-19-

John V. and Ruth R. Bateman submitted Proof No. 2, claiming a right to the use of the waters of a spring, located in SE $\frac{1}{4}$ SW $\frac{1}{4}$, Section 14, tributary of Evergreen Creek for stock use in the NE $\frac{1}{4}$ NW $\frac{1}{4}$, Section 23, Township 12 South, Range 6 West, W.M. with a date of priority of 1907.

Water is diverted by a concrete spring box set over the spring in a stream channel and a 1 $\frac{1}{2}$ inch gravity flow pipeline system into a 12,000 gallon concrete stove tank. A 1 $\frac{1}{2}$ inch gravity system delivers water to the place of use with 40 pounds per square inch pressure. The same system is used to supply water for domestic use under Permit No. 40865.

It appears this claimed right should be limited to a rate of diversion of not to exceed 0.005 cubic foot per second from an unnamed spring for stock use with a date of priority of 1907. Claimant's rights are more particularly set out and described in the tabulation of water rights under Finding 50 herein.

Leo Billman submitted Proof No. 3, claiming a right to the use of the waters of a spring, tributary of Evergreen Creek for stock and domestic use including the irrigation of 0.5 acre lawn and garden with a date of priority of 1906. The spring and place of use are both located in the NW $\frac{1}{4}$ NW $\frac{1}{4}$, Section 23, Township 12 South, Range 6 West, W.M.

As additional evidence, Mr. Billman submitted an affidavit from W. M. Sharp stating his knowledge to the use of this water prior to 1909.

Water is diverted by a concrete spring box set over the spring located approximately 5 feet to the side of an unnamed draw, then by 3/4 inch gravity pipeline system to a concrete tank. A 1 inch gravity pipeline system is used between the tank and place of use. The pressure of the pipeline at the house is 16 pounds per square inch. The Water Resources Department has classified 0.5 acre of lawn and garden as irrigated.

It appears this claimed right should be limited to a rate of diversion of not to exceed 0.015 cubic foot per second from a spring, being 0.01 cubic foot per second for domestic use including the irrigation of not to exceed 0.5 acre lawn and garden and 0.005 cubic foot per second for stock use with a date of priority of 1906. Claimant's rights are more particularly set out and described in the tabulation of water rights under Finding 50 herein.

Barbara Borton submitted Proof No. 4, claiming a right to the use of the waters of a spring located in the NE $\frac{1}{4}$ SW $\frac{1}{4}$, Section 10, tributary of Tumtum River, and Tumtum River with a point of diversion located in the SW $\frac{1}{4}$ SE $\frac{1}{4}$, Section 10, tributary of Marys River, for domestic use of one family from the spring and for irrigation of 1.2 acres from Tumtum River, all within the SW $\frac{1}{4}$ SE $\frac{1}{4}$, Section 10, Township 11 South, Range 8 West, W.M., with a date of priority of prior to 1909.

Water is diverted from the spring by a wooden spring box and a combination of 1 inch and 3/4 inch gravity pipeline system to the mobile home with 41 pounds per square inch pressure. Water is pumped from Tumtum River with a 5 horsepower gasoline engine powered 2 x 1 $\frac{1}{2}$ inch centrifugal pump and 800 feet of 3/4 inch pipe with garden hoses and sprinklers. The lift is approximately 20 feet.

The Water Resources Department has classified 1.2 acres as irrigated.

It appears this claimed right should be limited to a rate of diversion of not to

exceed 0.015 cubic foot per second, being 0.005 cubic foot per second from the spring for domestic use of one family and 0.01 cubic foot per second from Tumtum River for irrigation of 1.2 acres, with a date of priority of prior to 1909. Claimant's rights are more particularly set out and described in the tabulation of water rights under Finding 50 herein.

-22-

Howard Buckingham submitted Proof No. 5, claiming a right to the use of the waters of Reese Creek with a point of diversion located in the NE $\frac{1}{4}$ NE $\frac{1}{4}$, Section 11, tributary to Oliver Creek, for stock use with a date of priority of 1850; stock use located in the SW $\frac{1}{4}$ SE $\frac{1}{4}$, Section 12 and NW $\frac{1}{4}$ NE $\frac{1}{4}$, Section 13, Township 14 South, Range 6 West, W.M.

Howard Buckingham submitted copies of 6 affidavits as additional evidence, from Marcus C. McLain, Gertrude E. Rowlee, C. A. Perin, Norman W. Humphrey, Earl Nusbaum and Ben J. Howard, stating their knowledge to the use of this water.

Water is diverted from Reese Creek by a 4 foot high dam located on the Hermon Nusbaum property, then by Bellfountain Ditch System and lateral ditches to the place of use. The ditch size at the place of use is 10 feet top width, 4 feet bottom width and 2 $\frac{1}{2}$ feet deep with practically no fall. The stock drink from the ditch.

It appears this claimed right should be limited to a rate of diversion of not to exceed 600 gallons per day (0.001 cubic foot per second) from Reese Creek for stock use with a date of priority of 1850. Claimant's rights are more particularly set out and described in the tabulation of water rights under Finding 50 herein.

-23-

Vida Bullis submitted Proof No. 6, claiming a right to the use of the waters of Beaver Creek, with a point of diversion located in the NE $\frac{1}{4}$ NW $\frac{1}{4}$, Section 21, tributary of Muddy Creek, for domestic use of one family located in the NW $\frac{1}{4}$ NE $\frac{1}{4}$, Section 21, Township 13 South, Range 6 West, W.M. with a date of priority of 1890.

As additional evidence, Vida Bullis submitted an affidavit from Marven Coon, stating his knowledge to the use of this water since before 1900.

Water is diverted from Beaver Creek by a rock dam 1 $\frac{1}{2}$ feet high, a 12 inch wide by 3 inch deep flume and a 1 $\frac{1}{2}$ inch gravity pipeline system to the house with 26 pounds per square inch pressure. Irrigation of lawn and garden is made under Water Right Certificate No. 11600.

It appears this claimed right should be limited to a rate of diversion of not to exceed 0.005 cubic foot per second from Beaver Creek for domestic use of one family with a date of priority of 1890. Claimant's rights are more particularly set out and described in the tabulation of water rights under Finding 50 herein.

-24-

Jack C. Campbell submitted Proof No. 7, claiming a right to the use of the waters of 2 springs, tributary of Marys River, for stock use from the east spring and for domestic use of one family and irrigation of 1.4 acres from the west spring; west spring located in the SW $\frac{1}{4}$ SE $\frac{1}{4}$, east spring located in the SE $\frac{1}{4}$ SE $\frac{1}{4}$, stock use, domestic use and the irrigation of 1.1 acres located in the SE $\frac{1}{4}$ SE $\frac{1}{4}$, the irrigation of 0.3 acre located in the SW $\frac{1}{4}$ SE $\frac{1}{4}$, all in Section 32, Township 10 South, Range 7 West, W.M. with a date of priority of 1900.

Water is diverted from the west spring by a 1 $\frac{1}{4}$ inch, 3/4 inch and 1 inch diameter gravity pipeline system to the house and irrigated area. Garden hose and sprinklers are used for irrigation. The pressure of the pipeline system at the house is 40 pounds per square inch. Water is diverted from the east spring by a concrete spring box, a 2 inch and 3/4 inch diameter gravity pipeline system to the barn and several stock troughs with a pressure of 4 pounds per square inch at the barn. The Water Resources Department has classified 1.4 acres as irrigated.

Permit No. 32345, Certificate No. 41815 in the name of Wayne L. Howard and James Shroyer, is for the use of not to exceed 0.0075 cubic foot per second from 2 springs, being 0.005 cubic foot per second from the west spring for domestic use and 0.0025 cubic foot per second from the east spring for stock use. The right evidenced by this Certificate of Water Right for stock and domestic use is entirely included within the right claimed in Proof No. 7.

It appears this claimed right should be limited to a rate of diversion of not to exceed 0.03 cubic foot per second, being 0.02 cubic foot per second for irrigation of 1.4 acre and 0.005 cubic foot per second for domestic use of one family from the west spring and 0.005 cubic foot per second for stock use from the east spring, with a date of priority of 1900. Claimant's rights are more particularly set out and described in the tabulation of water rights under Finding 50 herein.

The City of Corvallis submitted Proof No. 9, claiming a right to the use of the waters of North and South Forks of Rock Creek, tributary of Marys River, located respectively in the NW $\frac{1}{4}$ SW $\frac{1}{4}$, Section 13 and the SE $\frac{1}{4}$ SE $\frac{1}{4}$, Section 14, Township 12 South, Range 7 West, W.M., for municipal purposes in Philomath and Corvallis with a date of priority of September 30, 1907.

As additional evidence, the City of Corvallis submitted a copy of an agreement or document executed September 30, 1907, in which G. R. Farra and Anna Farra granted the City of Corvallis the right to go upon their land for the purpose of diverting 1 $\frac{1}{2}$ million gallons of water per day from the North and South Forks of Rock Creek and to convey the water across the property and thence to the City of Corvallis for the supply of the municipal water system of the City. Also submitted were 2 copies of correspondence between the City and the State Engineer dated November 25 and 27, 1914 in which the City asserted a claim of vested right.

The City of Corvallis submitted a letter on April 7, 1980 which clarified their service area under the Statement and Proof of Claim. The City excluded the Philomath area from their vested claim as the Philomath area is included in a subsequent certificate of water right held by the City of Corvallis. The Cities of Corvallis and Philomath have recently negotiated a contract for the period 1980-2000 for the continued provision of water.

Water is diverted from the North Fork of Rock Creek located in the NW $\frac{1}{4}$ SW $\frac{1}{4}$, Section 13, Township 12 South, Range 7 West, W.M. by an earth dam 540 feet long and 73 feet high with a 12 inch supply pipe through the dam then enlarging to a 14 inch mainline to the water treatment plant located in the SE $\frac{1}{4}$ SE $\frac{1}{4}$, Section 19, Township 12 South, Range 6 West, W.M.

Water is diverted from the South Fork of Rock Creek located in the SE $\frac{1}{4}$ SE $\frac{1}{4}$, Section 14, Township 12 South, Range 7 West W.M. by a concrete dam approximately 25 feet long and 30 inches high, then by a 14 inch pipe that connects to the 14 inch mainline of the North Fork diversion.

A 20 inch mainline from the water treatment plant reduces to a 16 inch mainline before branching into several mainlines at the outskirts of Corvallis. The combined reservoir capacity in Corvallis is 22.125 million gallons.

Water was originally diverted from North Fork of Rock Creek at Rock Creek Falls located near the NW corner of Section 14, being approximately $1\frac{1}{2}$ miles upstream from the present North Fork Rock Creek Reservoir Dam. Later the diversion point was moved to a point located approximately $\frac{1}{4}$ mile upstream from the present dam and remains of an old log dam still exist at that location, plus remains of the old pipe system.

The City of Corvallis had 1450 services supplied in 1917 and 9800 services supplied in 1978.

It appears this claimed right should be limited to a rate of diversion of not to exceed 1.25 million gallons per day (1.934 cubic foot per second) of water from North and South Forks of Rock Creek for municipal use, with a date of priority of September 30, 1907. Claimant's rights are more particularly set out and described in the tabulation of water rights under Finding 50 herein.

-26-

W. C. Fielder submitted Proof No. 12, claiming a right to the use of the waters of an unnamed stream, tributary of Larsen Creek, for irrigation of 0.4 acre lawn and garden; both point of diversion and place of use located in the SW $\frac{1}{4}$ SE $\frac{1}{4}$, Section 14, Township 14 South, Range 6 West, W.M., with a date of priority of prior 1909.

As additional evidence, W. C. Fielder submitted affidavits from Albert Loving stating his knowledge to the use of this water from 1950 to the present time and from C. A. Archie Perin stating his knowledge to the use of this water from 1917 to 1957.

Water is diverted by a 1 horsepower electric powered $1\frac{1}{2}$ x $1\frac{1}{2}$ inch centrifugal pump, 100 feet of 1 inch and 200 feet of $\frac{3}{4}$ inch pipe with six sprinkler heads. The vertical fall between the pump and the place of use is 5 feet. The claimant reported that a gravity flow system had previously been used. The Water Resources Department has classified 0.4 acre as irrigated.

It appears this claimed right should be limited to a rate of diversion of not to exceed 0.005 cubic foot per second from an unnamed stream for irrigation of 0.4 acre, with a date of priority of prior 1909. Claimant's rights are more particularly set out and described in the tabulation of water rights under Finding 50 herein.

Joseph L. and Claudia N. Gradin submitted Proof No. 13, claiming a right to the use of the waters of 2 springs, tributary of Powell Creek for domestic use of one family, irrigation of 0.4 acre and stock use; springs and place of use within the SE $\frac{1}{4}$ SE $\frac{1}{4}$, Section 4, Township 13 South, Range 6 West, W.M., with a date of priority of April 20, 1887.

As additional evidence, Mr. and Mrs. Gradin submitted an affidavit from Glenn Decker stating his knowledge to the use of this water prior to February 24, 1909.

Water is diverted from the springs by 1 inch gravity flow pipe systems into a concrete cistern. The vertical fall of the systems is 16.3 feet for the north spring and 9.7 feet for the south spring. A 1 inch gravity flow pipe system carries water from the cistern to the house and barn with a pressure of 49 pounds per square inch. The overflow from the cistern is conducted to a pond in a 1 inch pipeline with a vertical fall of 61.1 feet, then from the pond to the place of use for irrigation in a $\frac{1}{2}$ inch pipeline with a vertical fall of 52.1 feet.

The Water Resources Department has classified 0.4 acre as irrigated.

It appears this claimed right should be limited to a rate of diversion of not to exceed 1.3 gallons per minute (0.003 cubic foot per second) from 2 springs being 0.433 gallons per minute each for domestic use of one family, irrigation of 0.4 acre, and stock use, with a date of priority of April 20, 1887. Claimant's rights are more particularly set out and described in the tabulation of water rights under Finding 50 herein.

G. M. Gragg Farms by Doris Sherry, partner, submitted Proofs No. 14 and 15, claiming a right to the use of the waters of Reese Creek with a point of diversion located in the NE $\frac{1}{4}$ NE $\frac{1}{4}$, Section 11, Township 14 South, Range 6 West, W.M., tributary of Oliver Creek, for stock use with a date of priority of 1850; stock use located in the SE $\frac{1}{4}$ SW $\frac{1}{4}$, Section 6, N $\frac{1}{2}$ NW $\frac{1}{4}$, Section 7, Township 14 South, Range 5 West, W.M., and the E $\frac{1}{2}$ NE $\frac{1}{4}$, Section 12, Township 14 South, Range 6 West, W.M., under Proof No. 14 and in the W $\frac{1}{2}$ NE $\frac{1}{4}$, Section 13, Township 14 South, Range 6 West, W.M. under Proof No. 15.

G. M. Gragg Farms submitted copies of 5 affidavits as additional evidence, from Marcus C. McLain, Jessie Bradley, Norman W. Humphrey, Earl Nusbaum and Ben J. Howard, stating their knowledge to the use of this water.

Water is diverted from Reese Creek by a 4 foot high dam located on the Hermon Nusbaum property, then by Bellfountain Ditch System and lateral ditches to the place of use. The main ditch size is 4 feet wide, 1½ feet deep with 0.5 percent fall. The stock drink from the ditches.

It appears this claimed right should be limited to a rate of diversion of not to exceed 1500 gallons per day (0.002 cubic foot per second) under Proof No. 14 and 600 gallons per day (0.001 cubic foot per second) under Proof No. 15 from Reese Creek for stock use with a date of priority of 1850. Claimant's rights are more particularly set out and described in the tabulation of water rights under Finding 50 herein.

-29-

Boone T. Harris submitted Proof No. 16, claiming a right to the use of the waters of Mercer Creek, with points of diversion in the SW¼ SE¼, Section 34, Township 12 South, Range 6 West, W.M. and the NW¼ NE¼, Section 3, Township 13 South, Range 6 West, W.M., tributary of Powell Creek, for orchard spraying with a date of priority of October 4, 1875; orchard spraying located in the NW¼ NW¼, Section 2 and the NE¼ NE¼, Section 3, Township 13 South, Range 6 West, W.M.

As additional evidence, Boone T. Harris submitted an affidavit from Charles W. Thompson, stating his knowledge to the early use of water.

Water is diverted from Mercer Creek by a 70 horsepower gasoline engine powered 1½ x 1 inch centrifugal pump into a 400 gallon capacity orchard sprayer. The orchard sprayer is also powered by the same engine. Reportedly the use before 1909 was accomplished by a stationary diversion pump and a wooden tank sprayer.

It appears this claimed right should be limited to a rate of diversion of not to exceed 0.01 cubic foot per second from Mercer Creek for orchard spraying, with a date of priority of October 4, 1875. Claimant's rights are more particularly set out and described in the tabulation of water rights under Finding 50 herein.

-30-

William Hay submitted Proof No. 17, claiming a right to the use of the waters of a spring, located in the NE¼ NW¼, Section 2, tributary of Bull Run Creek, for domestic use of one family, irrigation of 0.5 acre and stock use with a date of priority of January 1, 1900; stock use and irrigation of 0.2 acre being in the NE¼ NW¼, domestic use and irrigation of 0.3 acre being in the SE¼ NW¼, all in Section 2, Township 13 South, Range 6 West, W.M.

As additional evidence, William Hay submitted an affidavit from Grant Hendricks stating his knowledge to the use of water from the spring.

Water is diverted from the spring by a concrete spring box and a 1 inch gravity pipeline system to a concrete reservoir with a vertical fall of 24.3 feet. The reservoir overflow supplies the stock trough. Water is pumped from the reservoir with a $\frac{1}{2}$ horsepower electric powered centrifugal pump and $\frac{3}{4}$ inch pipeline to the house and irrigated area with a vertical lift of 25 feet. Remains of an older spring box still exist. It was claimed the spring supplied water for stock and domestic use to the house north of the county road for over 100 years. Water use was made at the new house built in 1971 located south of the county road. Another source of water was developed for the old house. The claimed use is entirely within the right under Permit No. 40772. There is no statutory provision for the approval of the change. Mr. Hay physically made the transfer and stated in his application for Permit No. 40772, this was his intent. The Water Resources Department has made an examination of the change and it appears there would be no injury caused to anyone of the water-users or other water rights.

The Water Resources Department has classified 0.5 acre as irrigated.

It appears this claimed right should be limited to a rate of diversion of not to exceed 0.015 cubic foot per second from a spring being 0.005 cubic foot per second for domestic use of one family, 0.005 cubic foot per second for stock use, 0.005 cubic foot per second for irrigation of 0.5 acre, with a date of priority of January 1, 1900. Claimant's rights are more particularly set out and described in the tabulation of water rights under Finding 50 herein.

-31-

Lester A. Humphrey submitted Proof No. 19, claiming a right to the use of the waters of an unnamed stream, tributary of Reese Creek, for domestic use of one house and irrigation of 0.5 acre; both point of diversion and place of use located in the NE $\frac{1}{4}$ SE $\frac{1}{4}$, Section 11, Township 14 South, Range 6 West, W.M., with a date of priority of May 1902.

As additional evidence, Lester A. Humphrey submitted affidavits from Hermon F. Nusbaum, Norman Humphrey and C. A. Perin, stating their knowledge to the use of this water.

Water is diverted from the unnamed stream by a $\frac{1}{2}$ horsepower electric powered jet pump and $\frac{3}{4}$ inch pipe to the place of use with a vertical lift of 46 feet. The original diversion of water reportedly was with a hydraulic ram and pipeline to an old house in

the same location as the present house. The Water Resources Department has classified 0.5 acre as irrigated.

It appears this claimed right should be limited to a rate of diversion of not to exceed 0.01 cubic foot per second from an unnamed stream being 0.005 cubic foot per second for domestic use of one family and 0.005 cubic foot per second for irrigation of 0.5 acre, with a date of priority of May 1902. Claimant's rights are more particularly set out and described in the tabulation of water rights under Finding 50 herein.

-32-

F. A. Lonsway submitted Proof No. 20, claiming a right to the use of the waters of Marys River for irrigation of 17.5 acres; diversion point and irrigation of 14.0 acres located in the NE $\frac{1}{4}$ NW $\frac{1}{4}$ and 3.5 acres located in the SE $\frac{1}{4}$ NW $\frac{1}{4}$, Section 13, Township 12 South, Range 6 West, W.M., with a date of priority of prior to 1909.

Water is pumped from Marys River with a 10 horsepower electric powered 3 x 2 inch centrifugal pump with a vertical lift of 15 to 20 feet; 540 feet 4 inch pipe, 960 feet 3 inch pipe and 24 sprinkler heads. The adjudication survey by the Water Resources Department has classified 13.4 acres as irrigated being 13.2 acres in the NE $\frac{1}{4}$ NW $\frac{1}{4}$ and 0.2 acre in the SE $\frac{1}{4}$ NW $\frac{1}{4}$, Section 13.

Mr. Lonsway claimed the 1942 final proof survey for Permit No. 14508 is correct, showing the irrigation as 14.0 acres in the NE $\frac{1}{4}$ NW $\frac{1}{4}$ and 3.5 acres in the SE $\frac{1}{4}$ NW $\frac{1}{4}$, Section 13. The claimed use is entirely within the permit right initiated July 29, 1940 by Carl H. Haight and evidenced by Certificate of Water Right No. 14506.

Mr. Lonsway was notified by letter dated July 24, 1978 that "Permit No. 14508 indicates the irrigation project was initiated by Mr. Haight on July 29, 1940. Further evidence for your Statement and Proof of Claim showing a date prior to that started by Mr. Haight will be required to substantiate your claim." Mr. Lonsway failed or refused to submit any further evidence or correspondence. The following facts were adduced from a careful review of the material in file pertaining to Application No. 18893. Mr. Carl H. Haight indicated on the Application No. 18893 for Permit No. 14508 that the construction work will be started on or before August 5, 1940 and completed on or before August 6, 1940 and the water will be completely applied to the proposed use on or before August 10, 1940. Mr. Haight notified the State Engineer's office on June 20, 1941 that he had begun actual construction of the works on August 1, 1940 and completed construction work on August 20, 1940 with complete application of water under the terms of the permit made on June 16,

1941. Mr. Haight made no indications of any possible previous use of the water for irrigation in the documents and correspondence relating to Permit No. 14503.

It appears that the water right was initiated by Mr. Haight, a previous owner, on July 29, 1940 by filing an application for a permit right which is appurtenant to Mr. Lonsway's property and is evidenced by Certificate of Water Right recorded in the Water Resources Department Record of Certificates Volume 12, Page 14506.

No further evidence having been offered by the claimant to substantiate the claim, the claim should be and hereby is denied.

-33-

Maynard W. McLaughlin submitted Proof No. 21, claiming a right to the use of the waters of 2 springs, located in the NW $\frac{1}{4}$ NE $\frac{1}{4}$, Section 26, tributary of Hawley Creek for domestic use of one family, stock use and irrigation of 0.5 acre in the SW $\frac{1}{4}$ NE $\frac{1}{4}$, Section 26, Township 14 South, Range 6 West, W.M. with a date of priority of 1891.

As additional evidence Maynard W. McLaughlin submitted an affidavit from Glenn A. Howard stating his knowledge to the use of water since 1892.

Water is diverted from the west spring by a tile block spring box and from the east spring by a concrete pipe, then by a 3/4 inch pipe from both springs, to a cistern located near the house. The vertical fall from the springs to the cistern is 20.5 feet. Water is pumped from the cistern by a 1/2 horsepower electric powered 1 x 3/4 inch centrifugal pump and 3/4 inch pipe to the place of use with a vertical lift of approximately 5 feet.

The Water Resources Department has classified 0.5 acre as irrigated.

It appears this claimed right should be limited to a rate of diversion of not to exceed 0.015 cubic foot per second from 2 springs being 0.005 cubic foot per second each for domestic use of one family, stock use and irrigation of 0.5 acre with a date of priority of 1891. Claimant's rights are more particularly set out and described in the tabulation of water rights under Finding 50 herein.

-34-

Herman Nusbaum submitted Proof No. 22, claiming a right to the use of the waters of Reese Creek with a point of diversion located in the NE $\frac{1}{4}$ NE $\frac{1}{4}$, Section 11, Township 14 South, Range 6 West, W.M., tributary of Oliver Creek, for stock use and irrigation of 144.3 acres with a date of priority of 1850; stock use and irrigation

location being 5.7 acres in the NE $\frac{1}{4}$ NE $\frac{1}{4}$, 1.0 acre in the SE $\frac{1}{4}$ NE $\frac{1}{4}$, Section 11, 17.6 acres in the NW $\frac{1}{4}$ NE $\frac{1}{4}$, 31.4 acres in the SW $\frac{1}{4}$ NE $\frac{1}{4}$, 3.4 acres in the SE $\frac{1}{4}$ NE $\frac{1}{4}$, 8.7 acres in the NE $\frac{1}{4}$ NW $\frac{1}{4}$, 1.7 acres in the NW $\frac{1}{4}$ NW $\frac{1}{4}$, 28.9 acres in the SW $\frac{1}{4}$ NW $\frac{1}{4}$, 29.5 acres in the SE $\frac{1}{4}$ NW $\frac{1}{4}$, 8.6 acres in the NE $\frac{1}{4}$ SW $\frac{1}{4}$, 0.8 acre in the SE $\frac{1}{4}$ SW $\frac{1}{4}$, 6.1 acres in the NW $\frac{1}{4}$ SE $\frac{1}{4}$, 0.9 acre in the SW $\frac{1}{4}$ SE $\frac{1}{4}$, Section 12, Township 14 South, Range 6 West, W.M.

As additional evidence, Hermon Nusbaum submitted affidavits from George W. Humphrey, Ben J. Howard, Earl Nusbaum, C. A. Perin, Jessie Bradley, Norman W. Humphrey, Gertrude E. Rowlee, a copy of an affidavit from Marcus C. McLain, and a letter from Edith Buckingham, stating their knowledge to the use of this water.

Water is diverted from Reese Creek by a 4 foot high dam located in the NE $\frac{1}{4}$ NE $\frac{1}{4}$, Section 11, Township 14 South, Range 6 West, W.M., then by Bellfountain Ditch System and lateral ditches to the place of use. The main ditch size is 4 feet wide, 1 $\frac{1}{2}$ feet deep with 0.5 percent fall. The stock drink from the ditches and the irrigation is by flooding and corrugations in the field. The same ditch system also serves stock water to the Buckingham, Gragg and Randall farms.

The Water Resources Department has classified 144.3 acres as irrigated.

It appears this claimed right should be limited to a rate of diversion of not to exceed 1.81 cubic feet per second from Reese Creek being 1.80 cubic feet per second for irrigation of 144.3 acres and 0.01 cubic foot per second for stock use with a date of priority of 1850. Claimant's rights are more particularly set out and described in the tabulation of water rights under Finding 50 herein.

-35-

Donald W. Randall submitted Proof No. 24, claiming a right to the use of the waters of Reese Creek with a point of diversion located in the NE $\frac{1}{4}$ NE $\frac{1}{4}$, Section 11, Township 14 South, Range 6 West, W.M., tributary of Oliver Creek, for stock use with a date of priority of 1850; stock use located in the SW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 5, SE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 6, Township 14 South, Range 5 West, W.M.

Donald W. Randall submitted copies of 5 affidavits as additional evidence from Marcus C. McLain, Ben J. Howard, Earl Nusbaum, Jessie Bradley and Norman W. Humphrey.

Water is diverted from Reese Creek by a 4 foot high dam located on the Hermon Nusbaum property, then by Bellfountain Ditch System and lateral ditches to the place of use. The main ditch size is 4 feet wide, 1 $\frac{1}{2}$ feet deep with 0.5 percent fall. The stock drink from the ditches.

It appears this claimed right should be limited to a rate of diversion of not to exceed 4,000 gallons per day (0.006 cubic foot per second) from Reese Creek for stock use with a date of priority of 1850. Claimant's rights are more particularly set out and described in the tabulation of water rights under Finding 50 herein.

-36-

The U.S. Forest Service, Siuslaw National Forest, submitted Proof No. 30, claiming a right to the use of the waters of an unnamed tributary of Rock Creek and Proof No. 31, claiming a right to the use of the waters of an unnamed tributary of Shotpouch Creek, tributary of Rock Creek, for road sprinkling and fire control on revested O & C lands with dates of priority of February 11, 1920 for Proof No. 30 and June 21, 1956 for Proof No. 31; Proof No. 30 location of diversion point is NW $\frac{1}{4}$ NW $\frac{1}{4}$ Section 27 and location of place of use is SW $\frac{1}{4}$, S $\frac{1}{2}$ SE $\frac{1}{4}$, Section 22, N $\frac{1}{2}$, SW $\frac{1}{4}$, NW $\frac{1}{4}$ SE $\frac{1}{4}$, Section 27, SE $\frac{1}{4}$ NE $\frac{1}{4}$, E $\frac{1}{2}$ SE $\frac{1}{4}$, Section 28, Township 12 South, Range 7 West, W.M.; Proof No. 31 location of diversion point is SE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 19 and location of place of use is S $\frac{1}{2}$ NE $\frac{1}{4}$, SE $\frac{1}{4}$ NW $\frac{1}{4}$, E $\frac{1}{2}$ SW $\frac{1}{4}$, N $\frac{1}{2}$ SE $\frac{1}{4}$, SW $\frac{1}{4}$ SE $\frac{1}{4}$, Section 19, Township 12 South, Range 7 West, W.M.

Water is diverted from small pools in the streams located upstream from road crossings by truck mounted pumps into tank trucks and sprinkler trucks which distribute water on the roads or to fires. The use of water for road sprinkling and fire control is primarily by the Forest Service and secondarily by private companies under Forest Service contracts.

This adjudication proceeding involves principally those water rights which were initiated prior to February 24, 1909, on which date the Oregon Water Code became effective. In addition the federal reserved water rights doctrine does not apply to acquired lands. The Oregon Statute provides that the only way any surface water use started after February 24, 1909 can be initiated is by making application for a Water Right Permit to the Water Resources Department.

The remedy for the U.S. Forest Service, Siuslaw National Forest is to make application for a water right permit for those uses claimed under Proofs No. 30 and 31.

The claims should be and hereby are denied.

Francis L. Wonderly submitted Proof No. 33, claiming a right to the use of the waters of an unnamed spring, tributary of Evergreen Creek, for irrigation of 6.0 acres, both spring and place of use located in the SW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 19, Township 12 South, Range 5 West, W.M., with a date of priority of 1908.

As additional evidence Francis L. Wonderly submitted a signed statement from Marie Henderson stating her knowledge to the use of this since 1908.

Water is pumped from a spring pond by a 5 horsepower electric powered 2 $\frac{1}{2}$ x 2 inch centrifugal pump, 270 feet of 4 inch pipe, 440 feet of 3 inch pipe, 560 feet of 2 inch pipe and 20 sprinkler heads of various sizes. The vertical lift of the system is a maximum of 10 feet. The claimant reported that originally the irrigation was by gravity flow and flooding an area east and below the spring, at a later time a pond was constructed and water was pumped to the present area of irrigation. The Field Engineer reports the area that could be flood irrigated and the present irrigated area are very near in size. The Water Resources Department has classified 6.0 acres as irrigated.

It appears this claimed right should be limited to a rate of diversion of not to exceed 0.08 cubic foot per second from an unnamed spring for irrigation of 6.0 acres, with a date of priority of 1908. Claimant's rights are more particularly set out and described in the tabulation of water rights under Finding 50 herein.

DUTY OF WATER, HEAD OF WATER, FOR IRRIGATION USE

Taking into consideration all of the various elements and conditions having a bearing on the quantity of water essential for the irrigation of crops within the basin of Marys River and its tributaries, the duty of water, except where particularly defined in specific findings herein, hereby is fixed at not to exceed 2.5 acre feet per acre during any one irrigation season.

The rate of flow or head of water to be diverted, where not specifically stated in specific findings herein, or definitely fixed in a permit or certificate of water right, hereby is fixed at not to exceed one-eightieth of one cubic foot per second for each acre irrigated.

It is further provided that the quantity of water which a claimant whose right has been determined herein shall be entitled to divert at any time shall be determined on

the basis of the acreage actually prepared for irrigation and to which water may be beneficially applied in the production of crops.

-39-

DUTY OF WATER FOR RIGHTS EVIDENCED BY PERMITS AND CERTIFICATES

Claimants who have asserted rights to the use of the waters of Marys River and its tributaries, based upon a certificate of water right issued by the Water Resources Director, recognized herein, or upon a permit issued by the Water Resources Director, which right has not yet been perfected, are limited to the quantity of water and rate of diversion set out in such certificate or permit. Provided, that the quantity of water for irrigation use, unless otherwise provided in the certificate of water right or permit, is limited to 2.5 acre feet per acre for each acre or fraction thereof, irrigated during any one irrigation season.

-40-

RIGHTS UNDER PERMITS ISSUED BY THE WATER RESOURCES DIRECTOR

Subject to the terms and conditions and modifications herein, each and every appropriator of the waters of Marys River and its tributaries, who has initiated a right to the use of said waters by filing an application with the Water Resources Director for a permit, where the right has not been confirmed by the issuance of a certificate of water right, or where in the specific findings herein no reference is made to a certificate of water right, whether a claim was filed in this proceeding or not, shall have such rights thereunder as provided by law, and such rights shall be perfected in the manner provided by law for the completion thereof.

The water entitlements of the public to minimum flows in the stream system for the protection of aquatic life and aesthetic purposes established under the provisions of ORS 536.300 shall continue as provided therein. Said entitlements shall be treated for purposes of distribution as a use in the amounts of water through the stream (points or sections) set forth with a date of priority as of the effective date of the program setting such flows.

DOMESTIC USE

Where a claimant in this proceeding asserted a right for domestic purpose and the same was allowed herein, it is to be understood that the claimant has a right to the use of water for household purposes and water for such animals as are required for the proper sustenance of the family.

If specifically listed, domestic use shall include the irrigation of a lawn and domestic garden.

STOCK USE BY DIVERSION

Where a claimant in this proceeding asserted a right to the use of water for stock purposes by diversion and it was allowed herein, it is to be understood that the claimant has a right to the use of the water for such animals as are essential to the proper sustenance of the family and also water for stock when the claimant is engaged in the raising of livestock or when the claimant takes in livestock for pasturage and is limited to the use of such quantity of water as is necessary for the number of stock claimed; provided that where the claimant was allowed a right herein for irrigation use through the same ditch, pipeline or other means of conveyance, no additional water shall be diverted for stock use while water is being diverted for irrigation purposes.

DOMESTIC AND STOCK USE

Where a claimant in this proceeding asserted a right to the use of water for both domestic and stock purposes, and it was allowed herein, it is to be understood that domestic use includes only water for household uses.

DOMESTIC USE, DOMESTIC AND STOCK USE, STOCK USE

The right to divert and use the waters of Marys River and its tributaries, as allowed herein, for domestic use, domestic and stock use, or stock use shall continue throughout the year.

HEAD-GATES AND MEASURING DEVICES

The owners or owners of any ditch, pump, pipeline or other means of diversion and conveyance, whether the rights are determined in this proceeding or subsequently initiated and perfected, shall maintain to the satisfaction of the watermaster a substantial head-gate at the point of diversion, which shall be constructed so that it can be set and locked or closed and locked by the watermaster. And when in the distribution of water by the watermaster he may require the installation of suitable head-gates or measuring devices, such owner or owners shall construct and maintain such suitable head-gates or measuring devices as may be necessary to assist the watermaster to determine the quantity of water that is to be diverted into said ditch, pipeline or other means of conveyance, from the spring, stream or other source of supply.

If the owner or owners shall refuse or neglect to install such head-gates or measuring devices after ten days written notice, the watermaster may close and post such ditch, pump, pipeline or other means of conveyance and the same shall not be opened or any water diverted from the source of supply under the penalties prescribed by law for the illegal opening of head-gates lawfully closed, until the requirements of the watermaster as to such head-gates or measuring devices have been complied with.

IRRIGATION SEASON

The irrigation season for Marys River and its tributaries hereby is fixed as commencing on April 1 and ending September 30 of each year.

PLACE OF MEASUREMENT

The place of measurement of the water to which any appropriator of the waters of Marys River and its tributaries is entitled hereby is fixed to be at the point of diversion from the stream or source of supply.

RIGHTS APPURTENANT TO LAND

The rights to the use of the waters of Marys River and its tributaries for irrigation purposes, as herein confirmed, are appurtenant to the lands herein described in connection with such rights, and are limited and confined to the irrigation of the lands described herein, and the priorities of rights confirmed confer no right to the use of the waters of said stream and its tributaries on any lands other than those specified tracts to which such rights are herein set forth as appurtenant, and each and every person, association or corporation, or their respective successors in interest, shall be and hereby are prohibited, restrained and enjoined from diverting and using water from said stream or any of its tributaries on any other lands without lawful permit therefor first obtained from the Water Resources Director.

The rights to the use of water for other useful and beneficial purposes as herein confirmed are appurtenant to the lands and place of use as herein described and the priorities and rights herein confirmed confer no rights to the use of waters of said Marys River or any of its tributaries on any lands other than those specified tracts to which such rights are set forth herein as appurtenant, and each and every person, association or corporation, or their respective successors in interest, shall be and hereby are prohibited, restrained and enjoined from diverting and using water from said stream or any of its tributaries on any other lands without lawful permit therefor first obtained from the Water Resources Director.

DIVERSIONS GOVERNED BY PRIORITIES AND BENEFICIAL USE

Except as otherwise determined herein, the order of rights of the respective appropriators of the waters of Marys River and its tributaries, and the order in which they are entitled to divert and use said water shall be and is according to the date of relative priority of the rights as determined and set forth herein, and the first in order of time according to the date of relative priority shall be and hereby is first in order of right, and so on down to the latest priority; and those having prior rights are entitled to divert and use the waters of said stream and its tributaries when necessary for the irrigation of their respective lands, or other useful and beneficial purposes for which they were allowed a right of use, and in accordance with such right at all times against those having rights of subsequent priority, without let or hindrance. Whenever the water

is not required for beneficial use by the appropriator having such prior right to its use for the purpose for which such water was appropriated, he must and shall permit it to flow down the natural channel of the stream as it was wont to flow in its natural course, without let or hindrance or diversion thereof, and those having subsequent rights are entitled to the use of said water and to divert the same to the extent of their respective rights, according to the order of priority of their respective rights. At all times the water diverted by the appropriator whose rights have been determined herein, shall be beneficially and reasonably used without waste, and no rights of appropriation are hereby confirmed to divert a greater quantity of water into the head of the ditch, pump, pipeline, or other means of conveyance of the appropriator having a valid right to divert the water than such appropriator can beneficially use for the purpose to which the water is to be used, in accordance with his right.

-50-

ORDER OF DETERMINATION

To summarize and supplement the specific findings herein, the rights of the claimants to the use of the waters of Marys River and its tributaries as determined herein, are arranged in tabulated form, with the date of relative priority of such appropriation, the quantity or rate of flow of the water allowed such appropriator, the number of acres to be irrigated by such appropriation, the use or uses to which such water is applied, the means by which the water so appropriated has been diverted, the name of the stream or other source from which the water is appropriated and diverted, and the description of the lands upon which the water has been used and is fixed as appurtenant; the tabulated right of each appropriator being set opposite and following his name and post office address, as stated in his statement and proof of claim as follows:

Name and Postoffice Address of Appropriator	Date of Relative Priority	Amount Cubic Feet Per Second	Number Acres	Use	Name of Ditch	Stream	Description of Land or Place of Use
BACHMEIER, James P. Route 2, Box 236 Corvallis, Oregon 97330 (Proof No. 1)				Right acquired under Water Resources Director's Permit certificate not issued			No. 39100
