

BEFORE THE STATE WATER BOARD OF OREGON

WATER DIVISION NO. 2

HARNEY AND GRANT COUNTIES.

IN THE MATTER OF THE DETERMINATION	)	
OF THE RELATIVE RIGHTS OF THE VARIOUS	)	FINDINGS OF FACT
CLAIMANTS TO THE USE OF THE WATERS OF	)	AND
SILVIES RIVER AND ITS TRIBUTARIES, A	)	ORDER OF DETERMINATION
TRIBUTARY OF MALHEUR LAKE	)	
-----	)	

Now, on this 7th day of December, 1917, the above entitled matter coming on before the State Water Board of the State of Oregon, at a meeting of said Board commenced and held on said date, and it appearing to said Board that all the evidence and testimony taken in the above entitled proceeding has been duly filed in the office of said Board, and the said Board having carefully considered all of the said evidence, proofs and testimony taken, and the information and data gathered by the State Engineer, and being now fully advised in the premises, makes and orders to be entered of record in its office, the following

FINDINGS OF FACT AND ORDER OF DETERMINATION.

1.

That on the 18th day of November, 1911, there was filed in the office of the State Water Board of the State of Oregon, a petition signed by R. R. Sitz, Fred Otley and M. B. Hayes, water users upon said stream, requesting a determination of the relative rights of the various claimants to the waters of said stream, and that said petitioners are now users of the waters of said Silvies River and its tributaries, a tributary of Malheur Lake, as appears from the order of determination herein. That thereupon the said State Water Board, after a full investigation and due consideration of said petition, finding the facts and conditions such as to justify the making of a determination of the relative rights of the various claimants of the waters of said stream and its tributaries, made and entered an order in the records of said office, fixing a time and place for the beginning and making of such an examination of said stream by the State Engineer, as would enable the said Board to determine the rights of the said claimants, and also the time and place for the beginning and taking of testimony by the Superintendent of Water Division No. 2. That the said time and place when said State Engineer, or his assistants should begin the examination of said stream was set by said Board, for Thursday, the 22nd day of August, 1912, and the time when the Superintendent of Water Division No. 2, should attend and take the testimony of the various claimants was set by order of said Board on Monday, the 26th day of August, 1912, at Seneca, Harney County, Oregon, and on Wednesday and Thursday, the 28th and 29th days of August, 1912, at the Court House at Burns, Harney County, Oregon, and

on Saturday the 31st day of August, 1912, at Lawen, Harney County, Oregon, and from Thursday the 5th day of September, to Thursday the 5th day of December, 1912, at the office of the Superintendent of Water Division No. 2, at La Grande, Union County, Oregon.

2.

That a notice was prepared by said Board setting forth the date when the State Engineer, or his assistants, would begin the investigation of the flow of said stream and the ditches diverting water therefrom, and the time and place certain when the Superintendent of Water Division No. 2 would begin the taking of testimony as to the relative rights of the various claimants to the waters thereof, and said notice was published in the Harney County News, a newspaper published weekly at Burns, Harney County, Oregon, and of general circulation in the Counties of Grant and Harney, Oregon, for a period of 2 consecutive weeks, beginning on the 17th day of July, 1912, and ending on the 24th day of July, 1912, the date of the last publication of said notice being more than 30 days prior to the date fixed for the making of said examination and measurement of said streams and ditches by the State Engineer, and for the beginning of taking of testimony by the Division Superintendent.

3.

That prior to the 11th day of July, 1912, the Superintendent of Water Division No. 2, did send by registered mail, to each person, firm and corporation claiming a right to the use of the water of said stream, or any tributary thereof, and to each person, firm and corporation owning or being in possession of land bordering on or having access to said stream or its tributaries, insofar as said claimants, owners, firms or corporations in possession, could be reasonably ascertained, a similar notice to such published notice, setting forth the date when the State Engineer would commence the examination of said stream and its tributaries, and the ditches diverting water therefrom, and the time and place certain when the Superintendent of said Water Division would commence the taking of testimony as to the relative rights of the various claimants to said stream and its tributaries, and the said Superintendent did enclose with each of said notices a blank form upon which the said claimants or persons in possession, should present in writing all the particulars necessary for the determination of his rights to the waters of said stream, or a tributary thereof, under oath. That due proof of publication of said notice and of the sending of said notice by registered mail has been made, and is duly filed and is now a part of the record hereof.

4.

That at the time specified in said original notice, a duly qualified assistant of the State Engineer of the State of Oregon, did proceed to make an examination of the said stream and its tributaries, and all of the ditches diverting water therefrom, and of the lands irrigated and susceptible to irrigation from said ditches and canals, together with the measurements thereof, which observations and the measurements were made a matter of record in the office of the State Engineer, and the State Engineer did prepare a plat

and a map on a scale of measurement of 2 inches to the mile, showing with substantial accuracy the course of said stream and its tributaries, and the location of the various ditches diverting water therefrom, and the legal subdivisions of land which had been irrigated or which were susceptible to irrigation from said ditches and canals already constructed, blue prints and copies of said maps and information duly certified to by the State Engineer being now on file herein, and a part of the records hereof.

5.

That the following named persons, firms and corporations, were duly notified by registered mail, and by publication of said notice, as hereinbefore set forth, but that each and all of them although so notified, have failed, neglected, and refused to appear herein, and submit proofs of their rights to said stream, if any they have or claim, and that such parties are in default and that said default should be, and hereby is, entered against them, to-wit: Baker, Grace; Baker, T. G. Baker, A. D.; Bailey, William; Becker, T. G.; Brewer, C.; Brown & Summerville; Bowen, J. F.; Boker, F.J.; Burrows, Dr. R.D.; Clark, E. M.; Caldwell, Ella; Cowing, Mrs. A. A.; Coleman, W. J.; Crowley, F.; Cross, J. L.; Cox, Dave; Davis, M.; Dixon, H.; Drinkwater, R.; Evens, Elsie; Fagley, M. N.; Frink, P. F.; Garrett, J. H.; Ganlin, Herman; Garrett, J. C.; Gray, P. H.; Graves, J. E.; Gray, W.; Gettings, B.; Gettings, Bessie; Gowan, A. W.; Groves, Sam; Harkey, Martha; Harkey, H. J.; Harding, Wm & Co; Hardesty, K. H.; Hawkins, E. F.; Haskel, T.; Haskel, M.J.; Hall, E.; Heintz, J. J.; Hiatt, \_\_\_\_\_; Hill, N.; Hopkins, Mandana; Hogg, S.; Hologate, R.E.; Hull, Ira; Jones Estate; Jordan, J. H.; Jordan, J. M.; Jordan, J. C.; Jordan, Ed; Jordan, Ben; Kelly, Mrs. H.; Lampshire, E. R.; Lampshire, S.; Lemon, J.; Livey, H.; Londer, C.; Lothead, Ella; McGee, S. L.; McGee, E. E.; McMenemy, T.; McNulty, J. M.; Mars, J. H.; Miller, Wm; Miller, C. F.; Myer, H. L.; Nelson, L.; Nickless, Fred; Oard, N. O.; Oard, Jas Estate; Oregon Industrial Company; Oregon Div. Co; Pastar, O. W.; Parker, T. M.; Parker, J. B.; Parrott, W. E.; Parnit, J. A.; Peterson, L. N.; Pierce, Andrew J.; Riggs, E.; Riggs, Chas; Robinett, J. J.; Rutherford, Chas. P.; Stratton, C.; Swevenger, P. L.; Smith, J.; Smith, N. A.; Smith, H.; Smith, M. V.; Southwick, E. J.; Stubblefield, E.; Varian, A.L.; Varian, W. N.; Voegtly, C. H.; Washburn, Joe; Whiting, A. B.; Whiting, Schuyler; Whiting, Ione, Wicklow, F. M.; Wingfield, Thos; Wintermeier, J.; Wood, T. H.; Young, G. W.

6.

That upon the completion of the taking of testimony by the Superintendent of Water Division No. 2, said Superintendent did, on the 22nd day of November, 1913, give notice by registered mail to each of the various claimants to the waters of said stream and its tributaries, that at the time and place named in said notice, to-wit: Beginning on Wednesday the 3rd day of December, 1913, and ending on Monday the 22nd day of December, 1913, (Sundays excepted) from 9 to 12 o'clock A. M., and from 2 to 5 o'clock P. M., at the following named places in Harney and Union Counties, Oregon, to-wit: At the Court House

in the City of Burns, Harney County, Oregon., from Wednesday the 3rd day of December, 1913, until Thursday the 11th day of December, 1913 inc., and at the office of Superintendent of Water Division No. 2, in the City of La Grande, Union County, Oregon, from Monday the 15th day of December, 1913, until Monday the 22nd day of December, 1913, inc., all of said evidence would be open to inspection of the various claimants or owners, and that said Division Superintendent did, in accordance with said notices, attend at said times and places and keep said evidence open to inspection for a period of fifteen days, and said notice did also state therein the County in which the determination of the said Water Board would be held, by the Circuit Court of the State of Oregon, to-wit: Circuit Court of the State of Oregon for Harney County, due proof of the holding of said inspection and of the sending of said notices, by registered mail, being filed herein.

That upon the opening of said statements and proofs of claimants for inspection, the following claimants applied for filing claims, and such applications were duly granted and the following claims were filed, to-wit: C. C. Hankins, G. W. Hankins, G. J. & J. P. Hankins, Wm. Hanley Co., John R. Jenkins, G. C. Kaufman, Martin A. Lucas, Ellen Martin, Lillian McRae, Executrix of Kenneth E. McRae, Estate., Mary McCoy, George J. Parker, Chas. B. Peterson, L. E. Hibbard.

7.

That the statements and proofs of claimants to the use of the waters of said stream and its tributaries, were filed with the Superintendent of Water Division No. 2, by the following named persons, firms and corporations, to-wit:

9.

That after the filing of said contests the Superintendent of Water Division No. 2, did fix the time and place for the hearing of each and every of said contests and served notice of hearing of said contests on each of the parties to each and every of said contests, which said notices of hearing set the date for said hearing at more than thirty days and less than sixty days from the date said notice of hearing was served upon each of said parties. That due proof of service has been filed herein;

That said Superintendent of Water Division No. 2 did, at the time so set by said notices, begin the taking of testimony upon said contests, and did continue the said taking of said testimony upon said contests from time to time until each and every of said contests were fully heard, settled or otherwise disposed of.

10

That each and all of said contests involved the dates of appropriation, the acreage irrigated, and the amount of water necessary to irrigate the land. That the date of the appropriation of and the acreage irrigated by each of the contestees and claimants to the use of water of said river is hereby established as set forth in the tabulation hereinafter contained.

That the amount of water necessary to irrigate the land is hereby established as set forth in the general findings upon the duty of water; that any question arising specially as to any contest or claimant, if not wholly settled by the general findings herein shall be settled by a special finding.

11.

That Silvies River and its tributaries flow through three agricultural valleys; Bear Valley near the headwaters of the stream, Silvies Valley immediately below, and Harney Valley, the most important of the three, lying adjacent to Malheur Lake, into which Silvies River empties. That the almost simultaneous melting of the snow on all parts of the drainage area gives rise to excessive floods during the spring season. That the waters of the stream are used to a limited extent for the irrigation of lands in Bear Valley and Silvies Valley, but the irrigation of lands in these valleys is of comparatively small importance as compared to the irrigation of lands in Harney Valley, not only on account of the much larger area involved in the latter valley, but also because water used in the upper valleys to a large extent finds its way back into the channel of Silvies River and is available for use in Harney Valley. That the stream passes through a narrow gorge between Silvies Valley and Harney Valley, and then spreads out upon the practically level lands of Harney Valley.

That in Harney Valley during the spring of each year and while the stream is at its flood, a large amount of water overflows the banks of Silvies River and the various sloughs.

That this overflow is aided by the placing of dams in the river and sloughs, also diversions are made into irrigation ditches by means of putting dams in the river and sloughs; and a large amount of land is irrigated by means of placing dams in the river and sloughs so as to hold the water up for the sub-irrigation of adjoining lands. That the placing of these dams in the river and sloughs holds the water from flowing down the particular channel in which the dam is placed and causes such water to overflow its banks and flow into other channels. Thus by putting in or taking out dams water can be turned from Silvies River to Poison Creek and from Poison Creek to Silvies River, and water can be thrown from the west fork to the east fork of Silvies River or vice versa or water can be thrown into various sloughs from any particular water channel. That the water flows from one tract to another on its course down Harney Valley and is used many times before it finally reaches Malheur Lake. In fact all irrigated lands in Harney Valley, except those for which the water is subject to control and measurement, may be regarded as being under one general irrigation system, the water for which is delivered at a point above Burns and the waste therefrom flowing into Malheur Lake.

12.

That Melville Fenwick, J. C. Foley, Ora Hill, Simon Lewis, J. J. Lampshire, Henry Vulgamore, and the Pacific Livestock Company have each filed statements and proofs of claims to water for certain lands for which the Harney Valley, Dam, Ditch & Irrigation Company has filed a statement and proof of claim. That Henry Vulgamore has succeeded to the rights of Melville Fenwick and M. B. Hayes has succeeded to the rights of Ora Hill. The description of all of the land so claimed in said statements and proofs is hereinafter tabulated under the name of Harney Valley Dam, Ditch & Irrigation Company and not under the individual name.

13.

That Albert S. Swain filed statement and proof of claim for 10 acres in the SW $\frac{1}{4}$ NE $\frac{1}{4}$  and 30 acres in the SE $\frac{1}{4}$ NE $\frac{1}{4}$  of Section 5, T. 23 S. R. 31 E. W. M., that in such claim he states that such land had not been irrigated since 1900 and the testimony taken was to the effect that such land had not been irrigated since 1900, and said rights have therefore been abandoned, and are not tabulated herein.

14.

That the Silvies River Irrigation Company filed a statement and proof of claim in the above entitled proceeding, claiming a water right initiated under two notices of appropriation, recorded July 23, 1901 and signed by the Harney Valley Improvement Company and a third notice of appropriation recorded July 24, 1901, signed by the Harney Valley Improvement Company, and a notice of appropriation recorded October 7th, 1907, signed by the Silvies River Irrigation Company and an amended notice recorded the 29th day of October, 1907, signed by the Silvies River Irrigation Company.

That the lands to be irrigated under said notices were described as follows:

All of T. 23 S. R. 32 $\frac{1}{2}$  E., all of T. 24 S. R. 32 $\frac{1}{2}$  E., and sections 6, 7, 8, 9, 16, 17, 18, 19, 20,

21, 22, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, T. 23 S. R. 33 E., also Sections 1, 2, 3, 4, 5, 6, 10, 11, 12, 13, 14, 15, 22, 23, 24, 25, 26, T. 24 S. R. 32 E. W. M.

That construction upon the ditch to irrigate said lands was begun in good faith after the posting of said notices and prior to the 29th day of March 1908. That on or about the 29th day of March, 1908, the Pacific Livestock Company began a suit in the circuit court of the United States for the District of Oregon against the Silvies River Irrigation Company and the Harney Valley Improvement Company and said Silvies River Irrigation Company and the Harney Valley Irrigation Company were enjoined from proceeding with the work of construction; that said suit was tried in said court and said Silvies River Irrigation Company and Harney Valley Improvement Company were enjoined from proceeding with such construction but the right was reserved to them and to each of them to apply to said circuit court of the United States for the District of Oregon at any time after said decree for the vacation of the injunction, if it should thereafter be determined in some appropriate proceeding that there is any surplus water subject to appropriation by them or either of them and said suit was thereupon appealed to the Circuit Court of Appeals for the Ninth Circuit, which court reversed and remanded said cause with directions to allow the parties a reasonable time to take proceedings before the State Water Board of the State of Oregon and in the event that they did not proceed thereunder within a reasonable time to require all parties interested to interplead and for a lower court to proceed to a determination of the issues between them in accordance with the laws of the State of Oregon. The parties have never proceeded further with said suit, but the proceedings before the State Water Board were instituted and all parties interested have appeared and filed claims thereunder and the rights of said Silvies River Irrigation Company and Harney Valley Improvement Company, under such appropriation notices are herein determined as follows:

That the rights of the Harney Valley Improvement Company shall be as tabulated in the tabulation hereinafter contained.

That Silvies River Irrigation Company has a valid appropriation under the amended notice of appropriation of water filed for record on the 29th day of October, 1907, and having a priority date for such appropriation of the 17th day of October, 1907. That the lands to be irrigated are such as described in the notice and hereinbefore described in this finding. That none of such lands are now irrigated and said Silvies River Irrigation Company shall be entitled to divert water for the irrigation of such lands under and in accordance with said priority date. The water master shall regulate such diversion in accordance with such date of priority and shall not permit any diversion of any water by said company at any time when such diversion would interfere with the rights of any water users having an earlier date of priority than such company. And the State Water Board hereby prescribes that construction work shall be prosecuted diligently and continuously and completed on or before January 1, 1921, and that the appropriation shall be limited to the amount which has been fully applied to beneficial use on or before January 1, 1923, not to exceed the amount herein fixed and determined; and said water shall not be applied upon any other land than upon the

lands for which the same was appropriated. And the State Engineer is hereby directed to issue to said Silvies River Irrigation Company a certificate of this determination, and for good cause shown the State Water Board may extend time for applying water to beneficial use by granting further certificates.

15.

That statements and proof of claim have been filed and the rights claimed therein have not been tabulated in the tabulation thereafter contained as follows, to-wit:

W. E. Crowder for the W. of Sec. 13, T. 23 S. R. 31 E. 7. M., for water from Poison Creek slough; Vivian V. Gray for the NE $\frac{1}{4}$  of Sec. 4, T. 25 S. R. 32 $\frac{1}{2}$  E. 7. M. for water from the east fork of the Silvies River; Pacific Livestock Company for 30 acres in SW $\frac{1}{4}$ SW $\frac{1}{4}$ , 5 acres in SE $\frac{1}{4}$ SW $\frac{1}{4}$  Sec. 17, 15 acres in SE $\frac{1}{4}$ SE $\frac{1}{4}$  Sec. 18, 5 acres in NW $\frac{1}{4}$ NW $\frac{1}{4}$  Sec. 20, T. 18 S. R. 31 E. 7. M., from Payne Creek; 40 acres in SW $\frac{1}{4}$ SW $\frac{1}{4}$  Sec. 25, 40 acres in SE $\frac{1}{4}$ SE $\frac{1}{4}$  Sec. 26, 40 acres in SE $\frac{1}{4}$ NE $\frac{1}{4}$  80 acres in S $\frac{1}{2}$ SW $\frac{1}{2}$ , 40 acres in NE $\frac{1}{4}$ SE $\frac{1}{4}$ , 80 acres in S $\frac{1}{2}$ SE $\frac{1}{2}$  Sec. 24, 40 acres in NE $\frac{1}{4}$ NE $\frac{1}{4}$ ; 80 acres in S $\frac{1}{2}$ NE $\frac{1}{2}$ . 80 acres in S $\frac{1}{2}$ NW $\frac{1}{2}$ , 80 acres in N $\frac{1}{2}$ SW $\frac{1}{2}$  and 40 acres in NW $\frac{1}{4}$ SE $\frac{1}{4}$  Sec. 35, and 40 acres in NW $\frac{1}{4}$ NW $\frac{1}{4}$  Sec. 36, T. 17 S. R. 21 E. 7. M., from Camp Creek, 80 acres in W $\frac{1}{2}$ NE $\frac{1}{2}$ , 80 acres in E $\frac{1}{2}$ NW $\frac{1}{2}$ , 80 acres in E $\frac{1}{2}$ SW $\frac{1}{2}$  and 160 acres in the SE $\frac{1}{4}$  of Sec. 36, T. 17 S. R. 31 E. W. M. from Camp Creek and Silvies River. 40 acres in NE $\frac{1}{4}$ NE $\frac{1}{4}$ , 40 acres in SE $\frac{1}{4}$ NW $\frac{1}{4}$ , 80 acres in N $\frac{1}{2}$ SE $\frac{1}{2}$ , 40 acres in SE $\frac{1}{4}$ SE $\frac{1}{4}$  Sec. 2, T. 18 S. R. 31 E. W. M., from Cottonwood Creek and 80 acres in E $\frac{1}{2}$ NW $\frac{1}{2}$  of Sec. 12, T. 18 S. R. 31 E. W. M., from Jump Creek and Silvies River; James H. Stewart for the SE $\frac{1}{4}$  of Sec. 28, T. 24 S. R. 31 E. W. M., and the E $\frac{1}{2}$ SW $\frac{1}{2}$  and the SW $\frac{1}{4}$ SE $\frac{1}{4}$  of Sec. 17, T. 24 S. R. 22 E., W. M., for waters from Silvies River; P. S. Weitenhiller for Sec. 21, T. 23 S. R. 32 E. W. M. That it appears from the evidence that no beneficial use of water had been made upon the lands of said claimants and each of them, nor had any appropriation of water been made for said lands or any part of them and the claims of said claimants in their several statements and proofs and each thereof are hereby denied and said claimants can only acquire rights in the said waters of Silvies River by securing a State Engineer's permit.

16.

That State Engineer's permits have been secured by claimants in these proceedings as follows:

Frank E. Dickinson and Leona R. Dickinson, permits Nos. 177 and R. 147; Almond B. Guernsey, Enlargement permit No. 3; J. O. Hoyt, permits Nos. 347 and 348; W. H. Lincoln, permit No. 681; C. B. McConnell, Emory Cole and Leonard Cole, (Harney Valley Basin Development Co. successors in interest) Reservoir permits Nos. 233, 235, 236 and 237; Pacific Livestock Company, permits Nos. 2366 and 2367; Field E. Smith, Estella Grace Smith Sellers, Oliver T. Smith, Britta E. Smith Gaiser, Anna E. J. Smith, Lillian M. Smith Stout, John Flemon Smith, Myrtle Beatrice Smith, Kate Inez Smith, Mary Katherine Smith, Albertha Belle Smith, heirs of William T. Smith, deceased, permit No. 1083.

That each and all of said claimants shall have such rights as they are entitled to upon the final proof of the application of water to beneficial use in accordance with the law applicable to said permits.

That an agreement has been filed herein by the Pacific Livestock Company and Austin Goodman, wherein said Austin Goodman is to receive water from a certain spring arising on the  $\frac{1}{2}$ SE $\frac{1}{4}$  of Sec. 35, T. 23 S. R. 30 E. W. M., to irrigate the  $\frac{1}{2}$ SW $\frac{1}{4}$  and the  $\frac{1}{2}$ SE $\frac{1}{4}$  of Sec. 36, T. 23 S. R. 30 E. W. M., and all waste water to be turned to the lands of the Pacific Livestock Company in Sec. 36, T. 23 S. R. 30 E. W. M. The Water Master shall distribute said water in accordance with said agreement.

That a decree of the Circuit Court of the United States for the District of Oregon, in the case of the Pacific Livestock Company, a corporation, complainant, vs. W. D. Hanley, F. L. Mace, H. C. Levens, George Whiting, Thomas Whiting, Ione Whiting, John C. Foley, N. Brown, J. H. Byerly, C. P. Rutherford, C. A. Sweek, M. Cushing, D. M. McMenemy, John I. Newman, Charles Nelson, W. H. Mars, Manna Mars, Joseph T. Barnes, William Clark, C. H. Voegtly, George W. Young, Mrs. A. E. Young, P. G. Smith, Green Hudspeth, James Dalton, Hull Hotchkiss, Casper Luig, Mrs. F. E. McGee, Peter Clemmens, B. R. Porter, and the Harney Valley Dam, Ditch and Irrigation Company, a corporation, defendants, was filed in these proceedings. That said decree does not establish the dates of priority of any of the water rights in question nor the amount of water necessary to irrigate the lands of the parties to such suit. Such decree, upon the stipulation of the parties to the same, pertains to the manner of operating the dams which said parties use to divert the water for the irrigation of their lands. That the irrigation of such lands by any other method than by the use of such dams is not prevented by such decree. That such decree does not attempt to define the irrigation season except for the use of dams. That for the irrigation of the following lands one dam may be maintained at all times while such lands are being irrigated, in each year, until the 4th day of July of each year, to-wit:

The NW $\frac{1}{4}$ , N $\frac{1}{2}$ SW $\frac{1}{4}$ , SE $\frac{1}{2}$ SW $\frac{1}{4}$  and SE $\frac{1}{4}$  of Sec. 23; SE $\frac{1}{4}$ NW $\frac{1}{4}$  and SW $\frac{1}{4}$  of Sec. 24; W $\frac{1}{2}$ , W $\frac{1}{2}$ SE $\frac{1}{4}$  and SE $\frac{1}{4}$ SE $\frac{1}{4}$  of Sec. 25; W $\frac{1}{2}$ SW $\frac{1}{4}$  and E $\frac{1}{2}$ SE $\frac{1}{4}$  of Sec. 26; NE $\frac{1}{4}$  of Sec. 36, T. 22 S. R. 30 E. W. M., W $\frac{1}{2}$ NW $\frac{1}{4}$ ; SE $\frac{1}{2}$ NW $\frac{1}{4}$  and SE $\frac{1}{4}$  of Sec. 31; SW $\frac{1}{4}$  and S $\frac{1}{2}$ SE $\frac{1}{4}$  of Sec. 32, T. 22 S. R. 31 E. W. M., SE $\frac{1}{4}$  of Sec. 4, SE $\frac{1}{4}$  and S $\frac{1}{2}$ SW $\frac{1}{4}$  of Sec. 5, T. 23 S. R. 31 E. W. M.

That a dam may be maintained for the irrigation of the following lands from June 1st to July 15th of each year and at all other times a wheel may be maintained in the river for the diversion of 25 miners inches of water, to-wit: The NE $\frac{1}{4}$ , W $\frac{1}{2}$ NW $\frac{1}{4}$  and <sup>SE $\frac{1}{4}$</sup> NW $\frac{1}{4}$  of Sec. 6, T. 23 S., R. 31 E. W. M.

That a dam may be maintained for the irrigation of the following lands from May 1st, to July 1st of each year; the S $\frac{1}{2}$  and that portion of the NW $\frac{1}{4}$  lying east of Silvies River in Section 17, the E $\frac{1}{2}$  of Sec. 18 and that portion of the NW $\frac{1}{4}$ NE $\frac{1}{4}$  and NE $\frac{1}{4}$ NW $\frac{1}{4}$  of Sec. 20 lying north of Silvies River, all in T. 23 S. R. 31 E. W. M.

That a dam may be maintained for the irrigation of the following lands at any time during the irrigation season prior to May 15th of each year, when the water of Silvies River is not more

then 4' 7" deep on the bottom floor of said dam, and such ~~dam~~ may also be maintained from the 15th day of May to the 20th day of July of each year, to-wit: The NE $\frac{1}{2}$ NE $\frac{1}{2}$ ; that part of the NW $\frac{1}{2}$  of NE $\frac{1}{4}$  lying south and east of Silvies River; the S $\frac{1}{2}$ NE $\frac{1}{4}$ , that part of the NE $\frac{1}{2}$ NW $\frac{1}{2}$  lying south and west of Silvies River, the W $\frac{1}{2}$ NW $\frac{1}{2}$ , SE $\frac{1}{2}$ NW $\frac{1}{2}$  and SW $\frac{1}{2}$  of Sec. 20, T. 23 S. R. 31 E. W. M.

That a dam may be maintained for the irrigation of the following described lands from the 5th day of May to the 1st day of July of each year, to-wit: Section 21, N $\frac{1}{2}$ SW $\frac{1}{4}$ , N $\frac{1}{2}$ SE $\frac{1}{4}$  Sec. 22; Sec. 23, Sec. 25, the W $\frac{1}{2}$  of Sec. 26, Sec. 27 and Sec. 35, T. 23 S. R. 31 E. W. M.

That a dam may be maintained for the irrigation of the following lands from the 12th day of May to the 1st day of July of each year, to-wit: Sec. 29, E $\frac{1}{2}$  of Sec. 30, T. 23 S., R. 31 E. W. M.

That a dam may be maintained for the irrigation of the following described lands from the 12th day of May until the 1st day of July of each year with the privilege of maintaining the dam sufficiently to irrigate the garden and orchard from the 21st to the 23rd of July of each year. The W $\frac{1}{2}$  of Sec. 30, T. 23 S. R. 31 E. W. M., the N $\frac{1}{2}$ NE $\frac{1}{4}$ , SE $\frac{1}{2}$ NE $\frac{1}{4}$  and NE $\frac{1}{2}$ SE $\frac{1}{4}$  of Sec. 6, and N $\frac{1}{2}$  of Sec. 8, T. 24 S. R. 31 E. W. M.

That a dam may be maintained for the irrigation of the following lands from the 15th day of May to the 1st day of July, to-wit: the W $\frac{1}{2}$  of Sec. 6, the SW $\frac{1}{4}$  of Sec. 12, T. 24 S., R. 31 E. W. M., the S $\frac{1}{2}$ SW $\frac{1}{4}$ ; W $\frac{1}{2}$  SE $\frac{1}{4}$  of Sec. 7, the SE $\frac{1}{2}$ SW $\frac{1}{4}$  and SW $\frac{1}{2}$ SE $\frac{1}{4}$  of Sec. 27, the NW $\frac{1}{4}$  NE $\frac{1}{4}$  and NE $\frac{1}{2}$ NW $\frac{1}{4}$  of Sec. 31, T. 24 S. R. 32 E. W. M.

That the lands owned by said complainant Pacific Livestock Company, affected by said decree are as follows: Sec. 16, the SE $\frac{1}{2}$  of Sec. 26, the NE $\frac{1}{2}$  of Sec. 34 and Sec. 36, T. 23 S., R. 31 E. W. M. Sec. 36, T. 23 S. R. 30 E. W. M., the W $\frac{1}{2}$ NE $\frac{1}{4}$ , S $\frac{1}{2}$ SW $\frac{1}{4}$ , W $\frac{1}{2}$ SE $\frac{1}{4}$  of Sec. 12, NE $\frac{1}{4}$ , E $\frac{1}{2}$ SE $\frac{1}{4}$  Sec. 13, T. 24 S. R. 30 E. W. M., SW $\frac{1}{2}$ SW $\frac{1}{4}$  Sec. 1; SE $\frac{1}{2}$  Sec. 2; NW $\frac{1}{4}$ NW $\frac{1}{4}$  and S $\frac{1}{2}$  of Sec. 4; the NW $\frac{1}{2}$ NW $\frac{1}{4}$ , the NE $\frac{1}{2}$ SW $\frac{1}{4}$ , S $\frac{1}{2}$ SW $\frac{1}{4}$  and SE $\frac{1}{2}$  Sec. 7, the N $\frac{1}{2}$  and SE $\frac{1}{4}$  Sec. 10, NE $\frac{1}{4}$  and S $\frac{1}{2}$  Sec. 11, the N $\frac{1}{2}$  and N $\frac{1}{2}$ SE $\frac{1}{4}$  Sec. 12, the SW $\frac{1}{4}$  and W $\frac{1}{2}$ SE $\frac{1}{4}$  of Sec. 13, the W $\frac{1}{2}$  and SE $\frac{1}{4}$  Sec. 14; SW $\frac{1}{2}$ SE $\frac{1}{4}$  Sec. 15; Sec. 16; the N $\frac{1}{2}$ NE $\frac{1}{4}$  and W $\frac{1}{2}$  Sec. 18, the N $\frac{1}{2}$ , N $\frac{1}{2}$ SW $\frac{1}{4}$  and SE $\frac{1}{2}$  of Sec. 21, the E $\frac{1}{2}$  and W $\frac{1}{2}$ W $\frac{1}{4}$  of Sec. 22; the NE $\frac{1}{2}$ NE $\frac{1}{4}$ ; the S $\frac{1}{2}$ NE $\frac{1}{4}$ , the W $\frac{1}{2}$ W $\frac{1}{4}$ , the SE $\frac{1}{2}$ SW $\frac{1}{4}$  and SE $\frac{1}{2}$  of Sec. 23; the NW $\frac{1}{2}$  of Sec. 24; Sec. 25; the SW $\frac{1}{2}$ NE $\frac{1}{4}$ , NW $\frac{1}{2}$ , E $\frac{1}{2}$ SW $\frac{1}{4}$  and SE $\frac{1}{2}$  of Sec. 26, the N $\frac{1}{2}$ NW $\frac{1}{4}$  and SE $\frac{1}{4}$  Sec. 27, the NE $\frac{1}{4}$  of Sec. 35, Sec. 36, T. 24 S. R. 31 E. W. M. The N $\frac{1}{2}$ SW $\frac{1}{4}$  Sec. 7, the W $\frac{1}{2}$ SW $\frac{1}{4}$ , SE $\frac{1}{2}$ SW $\frac{1}{4}$  Sec. 16. The S $\frac{1}{2}$ NE $\frac{1}{4}$ , NW $\frac{1}{2}$ , N $\frac{1}{2}$ SE $\frac{1}{4}$ , SE $\frac{1}{2}$ SE $\frac{1}{4}$  of Sec. 17, NE $\frac{1}{2}$  Sec. 19, SW $\frac{1}{2}$ , W $\frac{1}{2}$ SE $\frac{1}{4}$  and SE $\frac{1}{2}$ SE $\frac{1}{4}$  of Sec. 21, the SW $\frac{1}{4}$ NW $\frac{1}{4}$ , N $\frac{1}{2}$ SW $\frac{1}{4}$ , SW $\frac{1}{2}$ SW $\frac{1}{4}$  of Sec. 27, the NW $\frac{1}{2}$ , S $\frac{1}{2}$  of Sec. 28, S $\frac{1}{2}$ S $\frac{1}{2}$  Sec. 29, S $\frac{1}{2}$ S $\frac{1}{2}$  Sec. 30, Secs. 31, 32, 33, and SW $\frac{1}{2}$  of Sec. 34, T. 24 S. R. 32 E. W. M. Secs. 1, 2, 3, 4 and NE $\frac{1}{2}$ NE $\frac{1}{4}$ , S $\frac{1}{2}$ NW $\frac{1}{4}$ , W $\frac{1}{2}$  and SE $\frac{1}{2}$  of Sec. 5, Secs 6 and 7, the N $\frac{1}{2}$ , S $\frac{1}{2}$ SW $\frac{1}{4}$ , NE $\frac{1}{2}$ SE $\frac{1}{4}$ , S $\frac{1}{2}$ SE $\frac{1}{4}$  Sec. 8, Secs. 9, 10, 11, 12, 13, 14, 15, 16, 17, 18 the N $\frac{1}{2}$  and N $\frac{1}{2}$ S $\frac{1}{2}$  of Sec. 19, the N $\frac{1}{2}$ , N $\frac{1}{2}$ S $\frac{1}{2}$  Sec. 22, Sec. 23; the N $\frac{1}{2}$ , N $\frac{1}{2}$ SW $\frac{1}{4}$ , SW $\frac{1}{2}$ SW $\frac{1}{4}$  and Lots 1, 2, 3 and 4 of Sec. 24, the NE $\frac{1}{2}$ NW $\frac{1}{4}$  and Lots 1 and 3 of Sec. 26, T. 25 S. R. 32 E. W. M. The W $\frac{1}{2}$  and W $\frac{1}{2}$ NE $\frac{1}{4}$  of Sec. 12, the N $\frac{1}{2}$ NE $\frac{1}{4}$  and W $\frac{1}{2}$ SE $\frac{1}{4}$  of Sec. 13, the NE $\frac{1}{4}$ , N $\frac{1}{2}$ NW $\frac{1}{4}$  and NE $\frac{1}{2}$ SE $\frac{1}{4}$  of Sec. 24, T. 25 S., R. 31 E. W. M., N $\frac{1}{2}$ , N $\frac{1}{2}$ S $\frac{1}{2}$  and SW $\frac{1}{2}$ SW $\frac{1}{4}$  of Sec. 21, N $\frac{1}{2}$  and N $\frac{1}{2}$ S $\frac{1}{2}$  of Sec. 20, T. 25 S. R. 32 E. W. M.

That so far as the lands of complainant are concerned said decree prescribed no irrigation season, no certain quantity of water, nor any regulations, except in so far as the dams

utilized for the irrigation of the other lands herein described may divert the water from or upon the lands of complainant; that the water master shall distribute the water for the lands described in this finding in accordance with said decree and this finding, so far and so long as such distribution according to such decree will not interfere with the rights of any water user upon lands not affected by said decree, but in any case wherein the distribution of water in accordance with said decree, diverts more water than is necessary for the irrigation of any particular land, or affects the rights of water users upon lands not included in such decree which has an earlier or equal date of priority with the lands described in this decree, then such water master shall regulate such dams and the diversion of water for the lands described herein in accordance with the date of priority of such water users, upon such lands.

19

That a decree of the Circuit Court of the State of Oregon for Harney County wherein R. R. Sitz was plaintiff and A. S. Swain was defendant was filed in these proceedings; which said decree affects the lands tabulated hereinafter under the names of R. R. Sitz and A. S. Swain; that said lands are irrigated by means of a dam owned and operated upon the lands of said A. S. Swain; in the operation of said dam the water is held up by such dam while the lands are being irrigated and the water is turned loose by taking out such dam whenever the lands of said A. S. Swain are fully irrigated without regard as to whether or not the lands of said R. R. Sitz are fully irrigated.

20.

That a decree of the Circuit Court of the State of Oregon for Harney County wherein Homer B. Mace was plaintiff and F. L. Mace was defendant was filed in these proceedings wherein it was decreed that water for the irrigation of the SE $\frac{1}{4}$  of Section 20, T. 23 S., R. 31 E. W. M., should be allowed to flow from the east fork of Silvie's River through a natural slough heading on lot 3 of said section 20, and the water master shall regulate the flow of water to said lands in accordance with said decree.

21.

That the Circuit Court of the State of Oregon for Harney County, referred the suit of the Pacific Livestock Company, a corporation, plaintiff, vs. Burns Flour Milling Company, a corporation, defendant, to the State Water Board under and by virtue of section 6635 of Lord's Oregon Laws; that the determination of the rights of said parties in these findings shall be taken and considered as a settlement of said suit,

22.

That in all cases where decrees of the court or agreement of the parties have been filed in these proceedings, which said agreements or decrees have not been mentioned in these findings, the water master shall distribute water as between the parties to said decree or said agreements in accordance with said agreements so long as such distribution does not interfere with any prior rights. And whenever the distribution of water in accordance with said decree

or agreements does interfere with any prior rights, then said water may be distributed by the water master in accordance with the date of priority as hereinafter tabulated.

23.

That all claimants ~~herein~~ for water for irrigation shall be entitled to use such water for stock and domestic purposes. That the right to the diversion and use of water for stock and domestic purposes may be continued by such claimants and such water users at any time during the year and such diversion shall be according to the dates of priority of such claimants, and such use shall be limited to the quantity of water reasonably necessary for domestic and stock purposes; that for stock purposes the amount so diverted and used shall not exceed the rate of one-tenth of one cubic foot per second for each one thousand head of stock; that during the irrigation season the amount of water diverted for irrigation purposes shall not be increased by any amount to be used for stock and domestic purposes but the quantity allowed and diverted for irrigation purposes during the irrigation season, includes the water for stock and domestic purposes.

24.

That in all cases where any person, firm or corporation has a right under this decree to supply and deliver water to others and charge for the same, or may hereafter acquire such right, it is the duty of such person, firm or corporation to supply water to any and all persons applying for water who can use water along the line of the works belonging to such person, firm or corporation, or who can be reasonably supplied with water from said works under reasonable and uniform contracts and for reasonable and uniform charges up to the limit of the capacity of said works, so long as said person so taking said water complies or is ready and able to comply with the terms of such contract. Such contract may provide for any reasonable and uniform method of pro rata distribution of water, and such person, firm or corporation may make such reasonable and uniform rules and regulations as may be necessary to facilitate such distribution. In case such contract does not provide for such distribution of water, then such water shall be supplied to the water users in the order of, and according to the date of priority of use upon the land, or at the place upon which such water is to be used, and subject to rotation as in this decree generally provided; provided that no contract shall be made to deliver water to lands or places not theretofore supplied, to such an extent as to deprive any land or place of water which land or place had theretofore been supplied and still has the right to such a supply and unless such land or place where said water is to be used be entitled to such use under a right granted by this decree, by a permit of the State Engineer, or by a water right certificate. All contracts for the use of water giving any preference other than as herein stated, are against the public policy and laws of the State of Oregon, and void.

25.

In all cases in this decree wherein the right to use water out of more than one stream or branch of a stream, is confirmed for the same land, the amount of water herein determined for said right may be used out of either or both of said streams so long as the amount of the water taken does not exceed the volume named in this decree, and each stream may be used to supplement

the other in providing said amount of water, provided always, that the diversion of water from each stream shall be according to the dates of priority of the appropriation from each stream and such diversion shall be made so as to cause no injury to prior appropriators and the least injury to subsequent appropriators.

26.

That a right to store water is a separate and distinct right from the right to use such water for irrigation, and a water right for irrigation does not give the water user entitled thereto, the right to store such water. In all cases in these findings wherein a water user has both the right to store water and also the right to use such water for irrigation, he shall have the right to divert such water from the stream, according to the respective priority dates of such rights, and such right to store water may be used to supplement the diversion for irrigation, that is, when the water in said stream becomes so scarce that his right to the diversion of water for such irrigation is cut off, then he shall have the right to use the water so stored by him for the purpose of supplementing the right for irrigation, and of increasing the length of the irrigation season upon the lands for which he has such irrigation right.

27.

That in all cases where water is stored by any claimant, said water shall be taken at any season of the year for said storage according to the dates of relative priority, and in case the owner of any reservoir desires to use the bed of any streams for the purpose of carrying such stored water from the reservoir to the consumer thereof, said owner of such reservoir shall install such headgate and measuring devices as the Superintendent of the Division or the water master of the district in which the water is situated and used shall order. Said stored water may be used at any time during the year that the owner thereof may desire. Whenever said owner of such reservoir desires to use such stored water, he shall notify the water master of the district in which the stored water is to be used, giving the date when it is proposed to discharge water from such reservoir, its volume, and the names of all persons and ditches entitled to its use. Said water master shall then determine the percentage of loss by seepage, evaporation or other causes, between the place of discharge from the reservoir into the stream, and the place of diversion from the stream, and shall close or so adjust the head gates of all ditches from the stream as will enable those having such right to secure the volume discharged from the reservoir, less the determined loss. That in all cases where reservoirs are built so as to include within their boundaries the bed of any stream, the waters of which are herein adjudicated and determined, the owner, manager or lessee of such reservoir shall install in the stream above and below said reservoir, such measuring devices as the Superintendent of the Division or the water master of the district in which said reservoir is situated may order; the plans for the construction of said measuring devices shall be approved by the State Engineer. The said water master shall measure all water of such stream running into said reservoir and shall discharge from said reservoir sufficient water (Not exceeding the volume of water running into said reservoir) to supply

such prior rights as may be entitled to use said water; such discharge of water shall only be necessary during the time or season in which such prior rights are entitled to use the same. The water master shall keep a true and just account of the time spent by him in the discharge of his duties as defined in this finding, and shall file the same with the proper county court sitting for the transaction of business who shall pay said water master for said time and collect the costs as prescribed in section 6663, L. O. L.; and the rights of appropriation herein confirmed confer no rights to the diversion and use of waters which have been lawfully impounded in reservoirs and other storage works, which have been or may be hereafter constructed in accordance with law, when the same are discharged into the natural channel of said stream, or any tributary thereof, in a lawful manner by those having a lawful right to do so, but the said rights of appropriation herein confirmed are limited to the waters flowing naturally in the natural channel of said stream and its tributaries.

28.

That the rights of appropriation hereby confirmed are appurtenant to the lands herein described for irrigation purposes, and the right of use of the waters of said stream and its tributaries by virtue of such rights of appropriation, are limited and confined to the irrigation of the lands described herein to the extent of said lands as herein set forth, and the priorities herein confirmed confer no right of use of the waters of said stream, and its tributaries, on the lands other than those specified tracts to which such rights of appropriation are herein set forth as appurtenant, and each and every person shall be and hereby is prohibited, restrained and enjoined from diverting and using water from said stream upon such other lands without lawful permit.

29.

That the order of the rights of the respective appropriators of the waters of said stream and its tributaries, and in which order they are entitled to divert and use the said water shall be and is according to the date of the relative priority of the right as herein set forth and determined and the first in order of time according to the date of relative priority shall be and is the first in order of right, and so on, down to the date of the latest priority, and those having prior rights are entitled to divert and use the waters of said stream and its tributaries, when necessary for the beneficial use in connection with the irrigation of their respective lands, or other useful and beneficial purposes for which they are decreed a right of use, at all times and against those having subsequent rights, without let or hinderance, and whenever the water is not required by the appropriator having a prior right to its use for the purpose for which said water was appropriated, he must and shall permit it to flow down in the natural channel of the stream as it was wont to flow in its natural course, without hinderance or diversion thereof, and those having subsequent rights are entitled to the use of such water and to divert the same to the extent of their rights of appropriations, according to the order of their priority rights; and at all times the waters diverted shall be beneficially, economically and reasonably used without waste by those having a right to do so by reason of their priority of their rights, and no rights

of appropriation are hereby confirmed to divert a greater quantity of water into the head of the ditch or ditches of the appropriator having a valid right to divert the water than such appropriator can beneficially use for the purposes to which the water is to be put.

30.

That to get a sufficient head of water, the water master of the district in which such water is situated shall arrange such a system or systems of rotation as may be best applicable; first, by giving a greater amount of water for an appropriator for a proportionately less time, provided that the giving of such greater amount does not infringe upon any of the rights confirmed by this decree; second, where two or more appropriators agree as between themselves as to the manner of said rotation in the use of water, said water master shall distribute the water in accordance with such agreement; third, in the absence of an agreement between such appropriators arranging for such rotation, the said water master shall arrange such appropriators in groups or systems of rotation, first giving to the appropriator who is first in priority in such group a quantity of water equal to the combined appropriations of all the appropriators in said group or system for a length of time bearing the same ratio to the whole time required to make the complete rotation through the whole group of appropriators as the appropriation of said first appropriator bears to the combined appropriations of said group, and next serving another appropriator with a like quantity of water for his proportionate time, and so on, until all the appropriators in said group or system are served; then the distribution of water shall be repeated in the same manner throughout the irrigation season; provided always, that such arrangements into groups or systems of rotation shall not interfere with the prior rights of any appropriator, not a member of such group or system, and provided further, that such ~~arrangement~~ agreement shall be in writing, and filed by such appropriators with the water master.

31.

That in the tabulation hereinafter set forth wherein the rights of diversion are placed from any sloughs that receive their water from the main stream of Silvies River or its tributaries such diversion shall be considered as being from said main stream of Silvies River or its tributaries as the case may be, and in any case where the waters appropriated out of any slough amounts to more than what naturally flows into said slough from said main stream or its tributaries then any appropriator using water from said slough may enlarge the place of diversion where said slough receives the water from said main stream or its tributaries, but such enlargement shall not be permitted except where such appropriator shall construct at said place of diversion proper head gates under the supervision of the water master for the control of the amount of water so diverted, and the amount of water so diverted into any such slough shall be regulated by the water master according to the dates of priority of the several appropriators affected by such diversion.

32.

That all lands in Harney Valley irrigated or to be irrigated from Silvies River or its branches or tributaries, and all lands not in Harney Valley irrigated or to be irrigated

from Silvies River, are entitled to not to exceed one-eightieth of one cubic foot of water per second for each acre of such lands. That all lands not in Harney Valley irrigated or to be irrigated from tributaries of Silvies River are entitled to not to exceed one-sixtieth of one cubic foot of water per second for each acre of such lands.

That the quantity of water to which all of such lands are entitled shall be measured at the respective points of diversion from Silvies River or its tributaries, branches, sloughs depressions or other water courses from which such diversions are made, provided, however, that until such time as ditches, canals, head-gates or levees or any of them or any other works which may be necessary to permit a determination with reasonable accuracy of the amount of water diverted and used upon any tract or tracts of land in Harney Valley, shall be constructed, the water for the irrigation of such tract or tracts for which no such measuring devices or controlling works are provided shall be measured at some proper and convenient point or points as near as may be to the lands to be irrigated. Such point or points of measurement shall be subject to change from time to time as changed conditions make such changes convenient or expedient, and the water for the irrigation of such tract or tracts for which no measuring devices or controlling works are provided shall be distributed to those entitled to its use by the regulation of dams, head-gates or other works or devices for controlling or influencing the flow of the water, as nearly as may be in accordance with the priorities of the respective rights; subject, however, to the provisions of the decrees hereinafter referred to and other findings herein. That the quantity of water herein specified to which any of such lands are entitled shall include the supply furnished or which may be or become available to any tract on account of the irrigation of other lands.

That the irrigation season during which the water users from Silvies River and its tributaries shall be entitled to the use of water for irrigation purposes extends from March 20th to September 1st of each year.

33.

That the specification of a definite amount of water per acre, in these findings, shall not be taken as granting that specific amount of water, but shall only be taken as a rule and guide for the water master in distributing a maximum amount of water to any water user, and such water master shall cut down the amount of water given for any particular acreage of land and turn the water to other land, at any time when such land becomes fully irrigated upon a less amount of water or such water be not economically or beneficially used, and the water master shall cut off the supply of water to any land at any time in the distribution of water, when the date of priority of such land is such that after the water becomes short and scarce, there is not sufficient to deliver any to such land.

That the name and address of each appropriator of water from said Silvies River and its tributaries, arranged in alphabetical form, together with the date of relative priority of each appropriation, the amount of such appropriation in cubic feet per second, the number of acres to which such appropriation is applied and to which such water is appurtenant, the use or uses for which such water was appropriated and is now applied, and to which such use is limited, the name of the ditch or ditches through which such appropriation is diverted, the name of the stream or streams from which such appropriation is diverted, and the description of the land in the smallest legal subdivision to which such water is appurtenant, and set opposite the name and address of each such appropriator, are as follows, to-wit:

Name and Postoffice Address of Appropriator	Date of Relative Priority	Amount cubic feet per second	Number Acres	Use	Name of Ditch	Stream	Description of Land or Place of Use

And the State Water Board being fully advised in the premises, it is hereby CONSIDERED and ORDERED that the relative rights to the use of the waters of Silvies River and its tributaries, a tributary of Malheur Lake, be and the same are hereby adjudicated, determined and settled, in accordance with the foregoing findings. It is further CONSIDERED and ORDERED that each and every appropriator holding a permit or permits from the State Engineer of Oregon for the appropriation of water from Silvies River and its tributaries, shall have such water right thereunder as is provided by law, and the rights of such appropriators shall be established in the manner provided by law for the issuing of water right certificates in such cases.

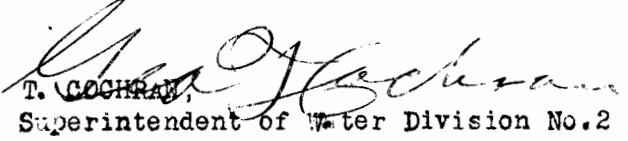

By order of the State Water Board of the State of Oregon, made and entered at an adjourned regular meeting of said Board, commenced and held on the 7th day of December, 1917, at the office of said Board, in the State House, at Salem, Oregon.

## STATE WATER BOARD

By  JOHN H. LEWIS,  
State Engineer, President.

(SEAL OF STATE WATER BOARD)

  
JAMES T. CHINNOCK,  
Superintendent of Water Division No.1

  
GEO. T. COCHRAN,  
Superintendent of Water Division No.2

ATTEST:

  
R. W. POTTER,  
Secretary of State Water Board.

BEFORE THE STATE WATER BOARD OF OREGON

WATER DIVISION NO. 2

HARNEY AND GRANT COUNTIES.

IN THE MATTER OF THE DETERMINATION )  
OF THE RELATIVE RIGHTS OF THE VARIOUS )  
CLAIMANTS TO THE USE OF THE WATERS OF )  
SILVIES RIVER AND ITS TRIBUTARIES, A )  
TRIBUTARY OF MALHEUR LAKE, IN HARNEY )

-----)

C E R T I F I C A T E

STATE OF OREGON )  
( ss.  
County of Marion )

I, R. W. POTTER, do hereby certify that I am the duly appointed, qualified and acting Secretary of the State Water Board of the State of Oregon; that as such I am the legal custodian of the records of said State Water Board; that on the 7th day of December, 1917, said Board regularly made and entered of record in its office Findings of Fact and an Order of Determination in the above entitled matter; and that the attached and foregoing findings of fact and order of determination is a complete, true and correct copy of the said findings of fact and order of determination, and of all thereof, as the same appears of record in the office of said Board and in my custody.

IN TESTIMONY WHEREOF I have hereunto set my hand and affixed the seal of said State Water Board this \_\_\_\_\_ day of \_\_\_\_\_ 191\_\_\_\_\_.

\_\_\_\_\_  
Secretary, State Water Board of Oregon.
