

**EXECUTIVE ORDER NO. 13-09**

**PROCLAMATION OF STATE OF EMERGENCY DUE TO IMMINENT  
THREAT OF WILDFIRE**

Pursuant to ORS 401.165, I find that the State of Oregon is in a critical fire danger situation. Much of the state is now in extreme fire danger and red flag warnings have been issued for hot, dry, windy conditions and thunderstorms. Other parts of the country continue to experience fires and similar fire weather. The extended forecast in Oregon calls for continued warm and dry conditions over many parts of the State. The imminent threat of fire exists over a broad area of the State. Fires across the state have resulted in multiple evacuations and are threatening hundreds of structures.

With Oregon Department of Forestry Incident Management Teams having been deployed and regional compacts having been utilized, and with the threat of new ignitions in the near future, there is a need for immediate access to Oregon National Guard resources including firefighting helicopters. This threat is not likely to recede in the near future. It is critically important that National Guard resources can be positioned to respond adequately and effectively to this dangerous and dynamic situation.

Therefore, subject to the limitations described below, I hereby declare a statewide **State of Emergency** due to the imminent threat of wildfire.

**NOW, THEREFORE, IT IS DIRECTED AND ORDERED:**

1. The Oregon Military Department through its Office of Emergency Management and the Oregon Department of Forestry is authorized to coordinate the use of personnel and equipment to perform any activity designed to prevent or mitigate loss of life or property due to wildfires in Oregon with National Guard resources.
2. This determination of a fire emergency is statewide. It is not to be construed as a comprehensive declaration or proclamation of emergency for other purposes. It is limited to the use of state resources and personnel for fire management required by the emergency. Any local government requests for state resources must be submitted through county governing bodies to the Office of Emergency Management pursuant to ORS Chapter 401.

Done at Salem, Oregon this 3 day of August, 2013.
