

EXECUTIVE ORDER NO. 15 – 08

**DETERMINATION OF A STATE OF DROUGHT EMERGENCY IN
CURRY, HOOD RIVER AND UNION COUNTIES DUE TO DROUGHT,
LOW SNOW PACK LEVELS, AND LOW WATER CONDITIONS**

At the request of Curry County (by Resolution R201529 dated June 29, 2015), Hood River County (by Resolution 2041, dated June 24, 2015) and Union County (by Resolution 2015-13 dated July 15, 2015), and based on the recommendations of the Drought Council and the Water Availability Committee, and pursuant to ORS 401.165 and ORS 536.740, I find the continuing dry conditions, low snowpack, and lack of precipitation have caused natural and economic disaster conditions in Curry, Hood River and Union counties.

Projected forecasts are not expected to alleviate the severe drought conditions, and the drought is having significant economic impacts on agricultural, livestock, and natural resources in Curry, Hood River and Union counties.

The dry conditions present hardships for these communities; crops and agricultural investments are at risk; communities that rely on surface water flow for drinking water and other uses are at risk; animals and plants that rely on Oregon's surface water supplies are threatened; and the risk of wildfires across the state is greatly increased. Current conditions are being monitored and analyzed by state agencies including the Department of Agriculture, the Department of Water Resources, and the Oregon Office of Emergency Management.

A timely response to the severe drought conditions is vital to the safety of persons and property and economic security of the citizens and businesses of Curry, Hood River and Union counties; I am therefore declaring that a severe, continuing drought emergency exists in Curry, Hood River and Union counties, and directing the following actions.

IT IS HEREBY ORDERED AND DIRECTED:

I. The Oregon Department of Agriculture is directed to coordinate and provide assistance in seeking federal resources to mitigate drought conditions and assist in agricultural recovery in Curry, Hood River and Union counties.

II. The Department of Water Resources and the Water Resources Commission are directed to coordinate and provide assistance to water users in Curry, Hood River and Union counties as they determine is necessary and appropriate in accordance with ORS 536.700 to 536.780.

EXECUTIVE ORDER NO. 15 - 08
PAGE TWO

III. The Office of Emergency Management is directed to coordinate and assist as needed with assessment and mitigation activities to address current and projected conditions in Curry, Hood River and Union counties.

IV. All other state agencies are directed to coordinate with the above agencies and to provide appropriate state resources as determined necessary to assist affected political subdivisions and water users in Curry, Hood River and Union counties.

V. This Executive Order expires on December 31, 2015.

Done at Salem, Oregon this 20th day of July.
