

EXECUTIVE ORDER NO. 18-25

**DETERMINATION OF A STATE OF DROUGHT EMERGENCY IN
GILLIAM COUNTY DUE TO LOW STREAMFLOW AND HOT, DRY
CONDITIONS**

Pursuant to ORS 536.740, I find that extremely low streamflows and hot, dry conditions are likely to cause natural and economic disaster conditions in Gilliam County, resulting in a severe, continuing drought emergency in that county during 2018.

Drought conditions have persisted all season, including hot dry conditions throughout the region, wildland fires, reduced streamflow, and minimal precipitation. The forecast continues for warmer than normal temperatures and lower than normal precipitation. These conditions are having significant economic impacts on dryland and irrigated agricultural lands, natural resources, recreational, and tourism economies in Gilliam County.

Conditions are being monitored by the state's natural resource and public safety agencies, including the Oregon Water Resources Department and the Oregon Office of Emergency Management.

Preparation and timely response to drought are vital to the health and safety of persons, property, and the economic security of the citizens and businesses of Gilliam County. I therefore declare that a severe, continuing drought emergency exists in Gilliam County.

NOW, THEREFORE, IT IS HEREBY DIRECTED AND ORDERED:

- I. The Oregon Department of Agriculture is directed to coordinate and provide assistance in seeking federal resources to mitigate drought conditions and to assist in agricultural recovery in Gilliam County.
- II. The Oregon Water Resources Department and the Water Resources Commission are directed to coordinate and provide assistance to water users in Gilliam County as the Department and Commission determine is necessary and appropriate in accordance with ORS 536.700 to 536.780.

EXECUTIVE ORDER NO. 18-25
PAGE TWO

- III. The Office of Emergency Management is directed to coordinate and assist as needed with assessment and mitigation activities to address current and projected conditions in Gilliam County.
- IV. All other state agencies are directed to coordinate with the above agencies and to provide appropriate state resources as needed to assist affected political subdivisions and water users in Gilliam County.

This Executive Order expires on December 31, 2018.

Done at Salem, Oregon, this 24th day of September, 2018.
