FOR THE
STATE OF OREGON**

In the Matter of the Completion of a Change)
in Place of Use Under Transfer Application) DETERMINATION OF SATISFACTORY PROOF
T-8715, Umatilla County) OF COMPLETION FOR A PERMANENT
) DISTRICT TRANSFER

Authority

Oregon Administrative Rule (OAR) 690-385-7400 describes the documentation the district must file with the Department in order to provide proof of use.

OAR 690-385-7600 provides in pertinent part that satisfactory proof shall be (a) a determination by the Department that application of water to beneficial use under the terms of the transfer final order was completed to the extent authorized, or (b) a determination by the Department that the application of water to a beneficial use under the terms of the transfer final order was completed to an extent less than authorized.

Oregon Revised Statute (ORS) 540.530(2)(a) and OAR 690-385-7600 authorize the Department to issue or modify a certificate of water right upon satisfactory proof of completion of the change or changes authorized by a final order approving a permanent district transfer.

Applicant

WEST EXTENSION IRRIGATION DISTRICT
P.O. BOX 100
IRRIGON, OR 97844

Findings of Fact

1. On September 6, 2006, the Department issued a final order, which was mailed on September 14, 2006, and recorded in Special Order Volume 70, Pages 13-19, approving Transfer Application T-8715 involving Certificates 79924 and 79929. The final order established October 1, 2007, as the date for completion of the authorized changes in place of use.

NOTICE OF RIGHT TO PETITION FOR RECONSIDERATION OR JUDICIAL REVIEW

This is an order in other than a contested case. This order is subject to judicial review under ORS 183.482. Any petition for judicial review must be filed within the 60-day time period specified by ORS 183.482. Pursuant to ORS 183.482, ORS 536.075 and OAR 137-003-0675, you may petition for judicial review and petition the Director for reconsideration of this order. A petition for reconsideration may be granted or denied by the Director, and if no action is taken within 60 days following the date the petition was filed, the petition shall be deemed denied.

2. On June 27, 2018, the Department signed a final order, which was mailed on June 28, 2018, and recorded in Special Order Volume 108, Pages 724-725, extending the completion date of the authorized change in place of use to October 1, 2012.
3. On March 25, 2019, the Department received a Claim of Beneficial Use (CBU) and associated maps from the applicant for Transfer Application T-8715 satisfying the requirements for providing proof of use under OAR 690-385-7400.
4. The Department reviewed the CBU and map(s) submitted by the applicant for Transfer Application T-8715.
5. The CBU did not contain a map of the point of diversion from the source. However, since the transfer involved the transfer of places of use only within an irrigation district and did not involve a change in the point of diversion, the existing maps on file with the Department are sufficient to identify the point of diversion from the source.
6. The proposed place of use as approved the final order for Transfer Application T-8715, and as recorded in Special Order Volume 70, Pages 13-19 is shown in Table 1, below:

7. Information in the CBU indicates some water users and tax lot numbers have changed subsequent to the issuance of the final order approving Transfer Application T-8715 on some parcels affected by the transfer. In addition, portions of the transfer for Certificates 79924 and 79929 were developed differently than authorized in the final order. Any such re-descriptions resulting from changes to tax lot numbers or changes in water users as identified in the CBU and associated maps are shown in **BOLD** in Table 2,
