Now, therefore, it is ORDERED:

1. The proposed change in places of use to the water rights evidenced by Certificates 83571 and 76714 are approved.
2. The right to the use of the water is restricted to beneficial use at the places of use not modified by this order and is subject to all other conditions and limitations contained in Certificates 83571 and 76714 and any related decree.

3. The places of use from which the water right is removed by T-13239 shall no longer be irrigated under the transferred right.
4. The district shall maintain and operate the existing measurement device and shall make such improvements as may be required by the Department.
5. Full beneficial use of the water shall be made, consistent with the terms of this order, on or before **October 1, 2020**. A Claim of Beneficial Use shall be submitted by COID to the Department within one year after the deadline for completion of the changes and full beneficial use of the water.
6. Water right Certificates 83571 and 76714 are modified. After satisfactory proof of completion has been determined by the Department, superseding confirming-remaining water right certificates will be issued when the Department determines it is necessary for record keeping.
