Authority

Oregon Revised Statute (ORS) 540.505 to 540.580 establish the process in which a water right holder may submit a request to temporarily transfer the place of use and, if necessary to convey the water to the temporary place of use, the point of diversion authorized under an existing water right.

Oregon Administrative Rule (OAR) Chapter 690, Division 380 implements the statutes and provides the Department's procedures and criteria for evaluating transfer applications.

Applicant

RAMON DEMARTINI
8441 S LONE ELDER RD
CANBY, OR 97013

Findings of Fact

1. On May 29, 2018, RAMON DEMARTINI filed an application to temporarily change the place of use and an additional point of diversion to serve the proposed place of use under Certificate 20506 for a period of 5 years. The Department assigned the application number T-12928.
2. Notice of the application for transfer was published on June 5, 2018, pursuant to OAR 690-380-4000. No comments were filed in response to the notice.
3. The portion of the right to be temporarily transferred is as follows:

Certificate: 20506 in the name of ANDREW J. HEIN (perfected under Permit S-18923)
Use: IRRIGATION of 11.7 ACRES
Priority Date: AUGUST 9, 1949
Rate: 0.15 CUBIC FOOT PER SECOND
Limit/Duty: The amount of water used for irrigation, together with the amount secured under any other right existing for the same lands, shall be limited to ONE-EIGHTIETH of one cubic foot per second per acre, or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 2.5 acre-feet per acre for each acre irrigated during the irrigation season of each year.
Source: An Unnamed Stream, a tributary of Molalla River

This is a final order in other than a contested case. This order is subject to judicial review under ORS 183.484. Any petition for judicial review must be filed within the 60-day time period specified by ORS 183.484(2). Pursuant to ORS 536.075 and OAR 137-004-0080, you may petition for judicial review or petition the Director for reconsideration of this order. A petition for reconsideration may be granted or denied by the Director, and if no action is taken within 60 days following the date the petition was filed, the petition shall be deemed denied.

Authorized Point of Diversion:

Twp	Rng	Mer	Sec	Q-Q
4 S	1 E	WM	9	NE SE

Authorized Place of Use:

IRRIGATION					
Twp	Rng	Mer	Sec	Q-Q	Acres
4 S	1 E	WM	9	NE SE	11.7
Total					11.7

4. Certificate 20506 does not describe the location of the point of diversion, however information is available from the transfer application map indicating that the point of diversion is located as follows:

Twp	Rng	Mer	Sec	Q-Q	Measured Distance
4 S	1 E	WM	9	NE SE	1887 FEET NORTH AND 4171 FEET EAST FROM THE SW CORNER OF SECTION 9

5. Temporary Transfer Application T-12928 proposes to temporarily change the place of use of the right to:

IRRIGATION					
Twp	Rng	Mer	Sec	Q-Q	Acres
4 S	1 E	WM	9	SE NW	4.5
4 S	1 E	WM	9	SE SW	7.2
Total					11.7

6. An additional point of diversion is necessary to convey the water to the proposed temporary place of use. Temporary Transfer Application T-12928 proposes to temporarily add an additional point of diversion approximately 2130 feet downstream from the authorized point of diversion as follows :

Twp	Rng	Mer	Sec	Q-Q	Measured Distances
4 S	1 E	WM	9	NE SE	2568 FEET NORTH AND 2137 FEET EAST FROM THE SW CORNER OF SECTION 9.

Temporary Transfer Review Criteria

7. Water has been used within the last five years according to the terms and conditions of the right. There is no evidence available that would demonstrate that the right is subject to forfeiture under ORS 540.610.
8. A pump, pipeline, and sprinkler system sufficient to use the full amount of water allowed under the existing right are present.
9. The proposed changes would not result in enlargement of the right.
10. The proposed changes would not result in injury to other water rights. This finding is made through an abbreviated review recognizing that the transfer may be revoked under ORS 540.523(5) if the Department later finds that the transfer is causing injury to any existing water right.

Conclusions of Law

The temporary changes in place of use and an additional point of diversion to convey water to the temporary place of use proposed in Temporary Transfer Application T-12928 are consistent with the requirements of ORS 540.523 and OAR 690-380-8000.

Now, therefore, it is ORDERED:

1. The temporary change in place of use and additional point of diversion to convey water to the temporary place of use proposed in Temporary Transfer Application T-12928 are approved.
2. The former place of use **shall not** be irrigated as part of this water right during the 2018, 2019, 2020, 2021 and 2022 irrigation seasons.
3. The use shall revert to the authorized place of use at the end of the 2022 irrigation season. The authorization to use the additional point of diversion shall be terminated concurrently.
4. The approval of this temporary transfer may be revoked or modified if the Department finds the changes cause injury to any existing water right.
5. A subsequent application for permanent transfer of Certificate 20506 shall be subject to a full and complete review to determine consistency with the requirements of OAR Chapter 690, Division 380. Approval of this temporary transfer does not establish a precedent for approval of a subsequent application filed for a permanent transfer.
6. The use of water at the temporary place of use authorized by this transfer shall be in accordance with the terms and conditions of Certificate 20506.
7. The time during which water is used under this approved temporary transfer does not apply toward a finding of forfeiture under ORS 540.610.
8. The use of the remaining water right described by Certificate 20506 shall continue to be in accordance with the terms and conditions of Certificate 20506.
