ORDER
EXTENDING TIME LIMITS

The City of Astoria is the holder of Permit No. 7257, which grants a right to the use of 23.0 second-feet of water from Young's River for municipal purposes.

The time for beginning of construction under the permit in question, as extended by the State Engineer, expired October 1, 1950.

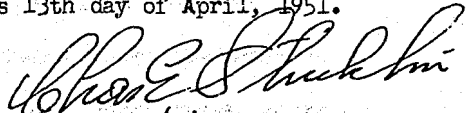

The City of Astoria has advised the State Engineer that the appropriation described under this permit has not been made because of inability to finance and the high contract cost of this work at this time, but that it desires to preserve the right for this development.

It is considered by the State Engineer that the preservation of the right in question is consistent with the public interest, and

IT IS THEREFORE HEREBY ORDERED that the time limits under Permit No. 7257 be and the same hereby are extended as follows:

Until October 1, 1956 for beginning of construction
 Until October 1, 1957 for completion of construction
 Until October 1, 1958 for complete application of water.

Dated at Salem, Oregon, this 13th day of April, 1951.
