

BEFORE THE STATE ENGINEER OF OREGON

Deschutes County

IN THE MATTER OF THE APPLICATION)
OF THE DESCHUTES RECLAMATION AND)
IRRIGATION COMPANY FOR AN EXTENSION)
OF TIME IN WHICH TO COMPLETE INCHOATE)
WATER RIGHTS ALLOWED IN THE DESCHUTES)
RIVER ADJUDICATION PROCEEDING)
-----)

O R D E R
EXTENDING TIME

The above entitled matter coming on for consideration by the State Engineer on application of the Deschutes Reclamation and Irrigation Company, which was allowed an inchoate water right by the decree of the Circuit Court of the State of Oregon for Deschutes County in the Deschutes River adjudication proceedings, for extension of time within which to complete the construction work and apply the water to beneficial use of said water rights.

It appears that the time fixed for the completion of such inchoate rights heretofore extended by the State Engineer expired June 1, 1943, and that said company has not fully completed its inchoate rights although it has made reasonable efforts to reclaim its lands, and has used due diligence in the prosecution of the work necessary therefor.

It further appears that the applicant has given notice by registered mail to the Jefferson County Water Conservancy District, Arnold Irrigation District, Deschutes County Municipal Improvement District, Crook County Municipal Improvement District, Central Oregon Irrigation District, Pacific Power and Light Co., North Canal Co., Bend Golf Course, Brooks-Scanlon Lumber Company, Oregon Trunk Railway, Powells Butte Irrigation District, Pringle Falls Electric Power and Water Company, Walker Basin Irrigation Co., City of Redmond, and that over 30 days have expired and no objections have been filed to the approval of said application.

NOW, THEREFORE, it is hereby ordered that the time in which to complete the construction work and applying the water to beneficial use of said inchoate rights of the Deschutes Reclamation and Irrigation Company be and the same is extended to January 1, 1947.

Dated at Salem, Oregon, this 8th day of February, 1946.

CHAS. E. STRICKLIN
State Engineer
