## REFORE THE WATER RESOURCES DIRECTOR OF OREGON

## POLK COUNTY

IN THE MATTER OF THE APPLICATION	)	
OF DESSERT SEED COMPANY FOR	)	ORDER APPROVING
APPROVAL OF CHANGES IN PLACE OF	)	TRANSFER NO. 3550
USE AND POINT OF DIVERSION OF	)	
WATER FROM LUCKIAMUTE RIVER	. )	

On February 25, 1977, an application was filed in the office of the Water Resources Director by Dessert Seed Company for changes in place of use and point of diversion under an existing water right of record, pursuant to the provisions of ORS 540.510 to 540.530.

The certificate recorded at page 39691, Volume 31, State Record of Water Right Certificates, in the name of C. A. Twiss, describes a right which includes the use of not to exceed 0.27 cubic foot per second from Luckiamute River for irrigation of 12.2 acres in SE½ NW½ and 9.4 acres in NE½ SW½ of Section 17, Township 9 South, Range 5 West, W.M., with a date of priority of May 12, 1969.

Water for the said right is diverted from a point located 630 feet South and 2850 feet West from the Southeast corner of DLC No. 56, being within the SW4 SE4 of said Section 17.

The applicant herein, owner of said lands, proposes to change the place of use and point of diversion and, without loss of priority, to irrigate a certain 9.6 acres in NW4 SW4 of Section 16; and 12.0 acres in NE4 SE4 of Section 17, Township 9 South, Range 5 West, W.M., from a point located 550 feet North and 730 feet West from the Southeast corner of DLC No. 56, being within the NW4 SW4 of said Section 16.

Notice of the application, pursuant to ORS 540.510, was published in

the Sun-Enterprise, a newspaper printed and having general circulation in Polk County, Oregon, for a period of three weeks in the issues of April 13, 20, and 27, 1977.

Mr. Benjamin E. Monroe, Watermaster, has filed a statement to the effect that the proposed changes in place of use and point of diversion may be made without injury to existing rights.

No objections having been filed and it appearing that the proposed changes in place of use and point of diversion may be made without injury to existing rights, the application should be approved.

NOW, THEREFORE, it hereby is ORDERED that the requested changes in place of use and point of diversion as described herein, without loss of priority, are approved.

It is FURTHER ORDERED that the quantity of water diverted at the new point of diversion shall not exceed the quantity of water available at the old point of diversion under the subject right, and shall not exceed 0.27 cubic foot per second.

It is FURTHER ORDERED that the following provisions shall be effective when in the judgement of the watermaster it becomes necessary to install head-gates and maesuring devices:

That the diversion works shall include an in line flow meter, a weir, or other suitable device for measuring the water to which the applicant is entitled;

That the type and plans of the measuring device be approved by the watermaster before the beginning of construction work and that the weir or measuring device be installed under the general supervision of said watermaster.

It is FURTHER ORDERED that the construction work shall be completed and the change in point of diversion of water made and said water so transferred shall be applied to beneficial use on or before October 1, 1979.

It is FURTHER ORDERED that the certificate of water right heretofore issued to C. A. Twiss and recorded at page 39691, Volume 31, State Record of Water Right Certificates, is canceled, and in lieu thereof, a new certificate be issued covering the balance of the right NOT involved in this proceeding, and upon proof satisfactory to the Water Resources Director of completion of works and beneficial use of water to the extent intended under the provisions of this order, a confirming certificate of water right shall be issued to the applicant herein.

Dated at Salem, Oregon, this 3rd day of August, 1977.

James E. Sexson

Director
