1A and 1.0 cfs from Well 4

---

**This Extension of Time request is being processed in accordance with  
Oregon Revised Statute 537.630 and 539.010(5), and  
Oregon Administrative Rule Chapter 690, Division 315**

**Appeal Rights**

**This is a final order in other than a contested case.** This order is subject to judicial review under ORS 183.484. A request for judicial review must be filed within the 60 day time period specified by ORS 183.484(2). Pursuant to ORS 536.075 and OAR 137-004-0080 you may either file for judicial review, or petition the Director for reconsideration of this order. A petition for reconsideration may be granted or denied by the Director, and if no action is taken within 60 days following the date the petition was filed, the petition shall be deemed denied.

**Application History**

Permit G-12884 was issued by the Department on October 25, 1996. The permit called for actual construction of the wells to begin by October 25, 1997, completion of construction by

October 1, 1998, and complete application of water to beneficial use by October 1, 1999. On September 29, 2000, Agate Water Company submitted an application to the Department for an extension of time for Permit G-12884. In accordance with OAR 690-315-0050(2), on November 25, 2014, the Department issued a Proposed Final Order proposing to extend the time to complete construction to October 1, 2047 and to extend the time to apply water to full beneficial use to October 1, 2047. The protest period closed January 9, 2015, in accordance with OAR 690-315-0060(1). No protest was filed.

## FINDINGS OF FACT

The Department adopts and incorporates by reference the findings of fact in the Proposed Final Order dated November 25, 2014.

At time of issuance of the Proposed Final Order the Department concluded that, based on the factors demonstrated by the applicant, the permit may be extended subject to the following conditions:

## CONDITIONS

1. **Development Limitations**

Appropriation of any water from a replacement well for Apache 1 (Well 1A) and water beyond 0.78 cfs from Hopi Well 4 up to the 1.36 cfs specified under Permit G-12884 shall only be authorized upon issuance of a final order approving a Water Management and Conservation Plan(s) (WMCP) under OAR Chapter 690, Division 86 that grants access to a greater rate of appropriation of water under the permit consistent with OAR 690-086-0130(7). The required WMCP shall be submitted to the Department within 3 years of this Final Order. Use of water under Permit G-12884 must be consistent with this and subsequent WMCP's approved under OAR Chapter 690, Division 86 on file with the Department.

The deadline established the Extension Final Order for submittal of a WMCP shall not relieve a permit holder of any existing or future requirement for submittal of a WMCP at an earlier date as established through other orders of the Department. A WMCP submitted to meet the requirements of this order may also meet the WMCP submittal requirements of other Department orders

## CONCLUSION OF LAW

The applicant has demonstrated good cause for the permit extension pursuant to ORS 537.630, 539.010(5) and OAR 690-315-0080(3).

## ORDER

The extension of time for Application G-13873, Permit G-12884, therefore, is approved subject to conditions contained herein. The deadline for completing construction is extended from October 1, 1998 to October 1, 2047. The deadline for applying water to full beneficial use within the terms and conditions of the permit is extended from October 1, 1999 to October 1, 2047.

DATED: January 16, 2015

Dwight French  
Water Right Services Division Administrator, for  
Thomas M. Byler, Director  
Oregon Water Resources Department
