T-11524, Jefferson County) **SATISFACTORY PROOF**

Authority

ORS 540.530 and OAR 690-385-7600 describe the process for the Water Resources Department to issue or modify a water right certificate upon determination that an applicant has made satisfactory proof of the completion of the changes.

Applicant

North Unit Irrigation District
2024 NW Beech Street
Madras, Oregon 97741

Findings of Fact

1. On March 21, 2013, the Department issued a final order, recorded in Special Order Volume 89, Pages 173-178, approving Transfer Application T-11524. The order established October 1, 2014, as the date for completion of the authorized changes in place of use.
2. Since the issuance of the order approving Transfer Application T-11524 there have been changes to the certificates involved in the transfer as further described below.
3. On September 24, 2013, Certificate 72283 was cancelled by Special Order Volume 91, Pages 331-359 approving Allocation of Conserved Water Application CW-75. Certificates 88876 and 88878 were issued to supersede Certificate 72283. Certificate 88878 describes the portion of the right placed instream under CW-75, and Certificate 88876 describes that portion of the right reduced in rate under CW-75.
4. On April 10, 2015, Certificate 88876 was cancelled by Special Order Volume 95, Pages 520-534 approving Allocation of Conserved Water Application CW-81. Certificates 90176 and 90177 were issued to supersede Certificate 88876. Certificate 90176 describes the portion of the right placed instream under CW-81, and Certificate 90177 describes that portion of the right reduced in rate under CW-81.

NOTICE OF RIGHT TO PETITION FOR RECONSIDERATION OR JUDICIAL REVIEW

This is an order in other than a contested case. This order is subject to judicial review under ORS 183.482. Any petition for judicial review must be filed within the 60-day time period specified by ORS 183.482. Pursuant to ORS 183.482, ORS 536.075 and OAR 137-003-0675, you may petition for judicial review and petition the Director for reconsideration of this order. A petition for reconsideration may be granted or denied by the Director, and if no action is taken within 60 days following the date the petition was filed, the petition shall be deemed denied.

5. On February 9, 2015, the Department received a Claim of Beneficial Use (CBU) and associated maps from the applicant.
6. The Department reviewed the CBU and maps submitted by the applicant for Transfer Application T-11524.
7. The CBU did not contain a map of the point of diversion from the source. However, since the transfer involved the transfer of places of use only within an irrigation district and did not involve a change in the point of diversion, the existing maps on file with the Department are sufficient to identify the point of diversion from the source.
8. Since the issuance of the final order approving Transfer Application T-11524 a portion of the transfer has changed ownership. These ownership change is described in the tables below.

Twp	Rng	Mer	Sec	Q-Q	Former Water User	Current Water User	Notice #
11 S	14 E	WM	06	NE NW	Pelham/Bridges	Bridges Family Trust	12-04

9. Satisfactory proof of the changes was submitted with evidence showing that water was used in the location and for the purpose as authorized by the final order approving Transfer Application T-11524.

Conclusions of Law

Pursuant to ORS 540.530 and OAR 690-385-7600, the Department may issue or modify a certificate upon a determination the application of water to beneficial use under the terms of the final order approving a permanent district transfer was completed to the extent authorized.

Now, therefore, it is ORDERED:

1. The water has been applied to beneficial use to the extent authorized under the terms of the final order approving Transfer Application T-11524.
2. Water right certificates 72279, 72281 and 90177 are modified. The Department shall issue water right certificates on a determination that it is necessary to produce certificates describing the water rights.

Issued this 17 day of October, 2016.
