ORDER  
Extends Time Limits

The Damascus Water District is the holder of Permit G-9097 which grants the right to appropriate not to exceed 500 gallons per minute from Well 7 for municipal use.

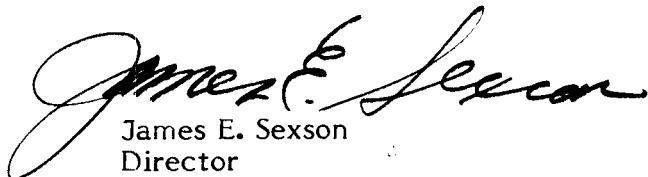

The District has advised the Water Resources Director that the appropriation has not been made as described in the permit, but it is the District's desire to preserve the right for this development.

The District has further advised that the well should be drilled within one year.

It is believed that it will be consistent with the public interest to grant said extension.

NOW, THEREFORE, it hereby is ORDERED that the time limits to begin and complete construction and make complete application of water under Permit G-9097 be extended to October 1, 1986.

Dated at Salem, Oregon, this 4th day of May, 1983.
