3. The lease application includes the information required under OAR 690-077-0077(3). The Department provided notice of the lease application pursuant to OAR 690-077-0077(6). No comments were received.
4. The instream use is clarified from the lease application to prevent injury and enlargement and is as follows:
Williamson River
Tributary to Upper Klamath Lake in the Klamath Basin

Instream Reach: From POD (as described in Finding of Fact #2) to mouth of Williamson R

Certificate	Priority Date	Instream Rate (cfs)	Period Protected Instream
39143	October 31, 1957	62.1	August 15 through October 31

5. Based upon review of the application, comments received, information provided by the Department's Watermaster, and other available information, the Department finds that the lease will not result in injury or enlargement. This finding is made through an abbreviated review recognizing that the lease may be modified or revoked under OAR 690-077-0077 if the Department later finds that the lease is causing injury to any existing water right or enlargement of the original right.
6. If a right which has been leased is later proposed to be leased again or transferred to an instream use under ORS 537.348 and OAR 690-077-0070 or OAR 690-077-0075 a new injury review shall be required. Transfers will be subject to a full and complete review to determine consistency with the requirements of OAR Chapter 690, Division 380 and Division 077. Approval of this lease does not establish a precedent for approval of future leases or transfers.
7. The lease will terminate on October 31, 2009.
8. The lessor has requested the option of terminating the lease early with written notice to the Department.

CONCLUSIONS OF LAW
