ORDER  
Extends Time Limits

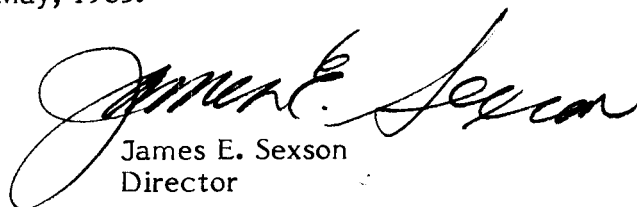

The City of Salem is the holder of Permit 45565 which grants the right to appropriate not to exceed 200.0 cubic feet per second of water from the Willamette River for municipal use.

The City has advised the Water Resources Director that the appropriation has not been made as described in the permit, but it is the City's desire to preserve the right for this development.

It is believed that it will be consistent with the public interest to grant said extension.

NOW, THEREFORE, it hereby is ORDERED that the time limits to begin and complete construction and make complete application of water under Permit 45565 be extended to October 1, 1987.

Dated at Salem, Oregon, this 10th day of May, 1983.
