

**BEFORE THE WATER RESOURCES DEPARTMENT
OF THE
STATE OF OREGON**

In the Matter of Ground Water)	FINAL ORDER APPROVING THE
Registration Modification Application)	RECOGNITION OF A MODIFICATION
T-11752, Linn County)	IN POINT OF APPROPRIATION

Authority

Oregon Revised Statute (ORS) 537.610, 537.705 and 540.505 to 540.580 establish the process in which the holder of a certificate of registration may submit a request for recognition of modifications to the place of use, character of use or point of appropriation under a ground water certificate of registration.

Oregon Administrative Rule (OAR) Chapter 690, Divisions 382 and 380 implement the statutes and provide the Department's procedures and criteria for evaluating ground water registration modification applications.

Review Criteria for Ground Water Registration Modification Applications [OAR 690-382-0700(2)]

10. The proposed modification would not result in enlargement of the ground water registration.
11. The proposed modification would not result in a state Scenic Waterway not receiving previously available water during periods in which streamflows are less than the quantities determined by the Department to be necessary to meet the requirements of ORS 390.835.
12. The proposed modification would not result in injury to other water rights.

Conclusions of Law

The modification in point of appropriation proposed in Ground Water Registration Modification T-11752 is consistent with the requirements of ORS 537.610, 537.705, 540.505 to 540.580 and OAR 690-382-1000.

Now, therefore, it is ORDERED:

1. The modification to Registration Application GR-917 (Certificate of Registration GR-891) proposed in Ground Water Registration Modification Application T-11752 is recognized. Recognition of the modification shall not be construed as a final determination of the right to appropriate ground water under the certificate of registration or modification. Such a determination will occur in an adjudication proceeding under ORS 537.670 to 537.695.
2. The use of the water is restricted to beneficial use at the place of use described, and is subject to all other conditions and limitations contained in Registration Application GR-917 (Certificate of Registration GR-891) and any related decree.
3. Water shall be acquired from the same aquifer (water source) as the original point of appropriation.
4. Water shall no longer be appropriated from the original point of appropriation as part of this ground water certificate of registration.
5. The quantity of water diverted at the new point of appropriation, shall not exceed the quantity of water lawfully available at the original point of appropriation.
6. Water use measurement conditions:
 - a. Before water use may begin under this order, the water user shall install a totalizing flow meter, or, with prior approval of the Director, another suitable measuring device at each new point of appropriation.

- b. The water user shall maintain the meter or measuring device in good working order.
- c. The water user shall allow the Watermaster access to the meter or measuring device; provided however, where the meter or measuring device is located within a private structure, the Watermaster shall request access upon reasonable notice.
