ORDER

The Oak Lodge Water District is the holder of permit No. 35297 which grants the right to appropriate not to exceed 62.0 cubic feet per second of water from Clackamas River for municipal use.

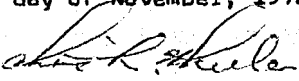

The District has advised that the appropriation has not been made as described in the permit, but it is the District's desire to preserve the right for this development.

The District has further advised that a comprehensive report on facilities needed to utilize the District's water resources has been made.

It is believed that it will be consistent with the public interest to grant said extension.

NOW, THEREFORE, it hereby is ORDERED that the time limits to begin construction under permit No. 35297 be extended to October 1, 1973.

Dated at Salem, Oregon, this 9th day of November, 1972.
