

**BEFORE THE WATER RESOURCES DIRECTOR OF OREGON**

**MARION COUNTY**

**ORDER REJECTING TRANSFER 6572**

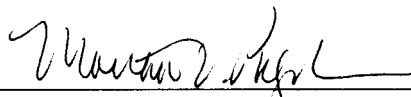

On June 26, 1991, Agri-Star Corp. filed an application for change in place of use and point of diversion for two water rights (priority switch).

Water Resources staff determined that the requested changes would result in reduced flows to downstream rights during portions of the irrigation season. OAR 690-15-050 allows approval of a transfer application only to the extent that the change would not result in a net loss of water available to downstream users.

The applicant was notified of staff's findings and offered an opportunity to present additional information. The applicant did not present the additional information within the time requested. Therefore, the application may be rejected.

Transfer Application 6572 is REJECTED and of no further force or effect. Any unearned fees will be refunded.

WITNESS the signature of the Water Resources Director,  
affixed JULY 6, 1992.
