The affidavit further states they have obtained a better source of water for primary irrigation of a portion of these lands and requests the water right be diminished from a right for primary irrigation to a right for supplemental irrigation of that portion.

The water right, a portion of which is to be diminished, is described by Certificate 30132 State Record of Water Right Certificates. The water right allows the use of not to exceed 0.15 cubic foot per second (cfs) of water from a well, tributary of the Umatilla River, for the purpose of irrigation of 11.8 acres. The date of priority is July 8, 1958.

NOW THEREFORE, it is ORDERED that the portion of Certificate 30132 described above is diminished to supplemental use and a confirming certificate be issued to reflect the diminution.
