T-12543, Deschutes County ) DISTRICT TRANSFER

**Authority**

Oregon Administrative Rule (OAR) 690-385-7400 describes the documentation the district must file with the Department in order to provide proof of use.

OAR 690-385-7600 provides in pertinent part that satisfactory proof shall be (a) a determination by the Department that application of water to beneficial use under the terms of the transfer final order was completed to the extent authorized, or (b) a determination by the Department that the application of water to a beneficial use under the terms of the transfer final order was completed to an extent less than authorized.

Oregon Revised Statute (ORS) 540.530(2)(a) and OAR 690-385-7600 authorize the Department to issue or modify a certificate of water right upon satisfactory proof of completion of the change or changes authorized by a final order approving a permanent district transfer.

The final order established October 1, 2018, as the date for completion of the authorized changes in place of use.
2. On October 11, 2018, the Department signed a final order, which was mailed on October 12, 2018, and recorded in Special Order Volume 109, Pages 652-653, extending the completion date of the authorized change in place of use to October 1, 2020.

**NOTICE OF RIGHT TO PETITION FOR RECONSIDERATION OR JUDICIAL REVIEW**

This is an order in other than a contested case. This order is subject to judicial review under ORS 183.482. Any petition for judicial review must be filed within the 60-day time period specified by ORS 183.482. Pursuant to ORS 183.482, ORS 536.075 and OAR 137-003-0675, you may petition for judicial review and petition the Director for reconsideration of this order. A petition for reconsideration may be granted or denied by the Director, and if no action is taken within 60 days following the date the petition was filed, the petition shall be deemed denied.

3. On October 29, 2019, the Department received a Claim of Beneficial Use (CBU) and associated maps from the applicant for Transfer Application T-12543 satisfying the requirements for providing proof of use under OAR 690-385-7400.
4. The Department reviewed the CBU and map(s) submitted by the applicant for Transfer Application T-12543.
5. The CBU did not contain a map of the point of diversion from the source. However, since the transfer involved the transfer of places of use only within an irrigation district and did not involve a change in the point of diversion, the existing maps on file with the Department are sufficient to identify the point of diversion from the source.
6. The proposed place of use for Certificates 83571 and 76714 as approved the final order for Transfer Application T-12543, and as recorded in Special Order Volume 103, Pages 848-851 is shown in Table 1, below:
