Now, at this time, the above-entitled matter coming on for consideration before the State Engineer on the applications of the following-named persons for an extension of time within which to apply water to beneficial use:

<u>Transfer No.</u>	<u>Name</u>	<u>Extend Time To:</u>
A-17	Walter Allison	October 1, 1952
B-62	Orrin L. Brown	October 1, 1952
B-67	City of Bend	October 1, 1954

V-10	E. E. Varco, et al.	October 1, 1952
W-46	Lewis E. Walters	October 1, 1952

Under certain orders of the State Engineer heretofore entered approving changes in place of use of water of the above-named persons, the time limit was fixed to apply water to beneficial use as provided by Section 47-712, Oregon Code 1935 Supplement.

The time limits having expired, it is urgent that a decision be made upon these applications in order that the applicants may proceed to apply the water to beneficial use upon the lands to which the water was heretofore transferred.

Actual examination of the premises of applicants is practically impossible due to limited personnel and funds, and the State Engineer is, therefore, compelled to judge the matter of diligence entirely on the statement contained in the respective applications for extension of time.

The statements contained in the applications for extension of time indicate that each applicant has shown such reasonable diligence as entitles him to an extension of time.

No protests or objections to the granting of an extension of time have been filed.

NOW, THEREFORE, it hereby is ORDERED that the applications for an extension of time for applying water to beneficial use upon the new lands be and the same hereby are approved and that said time hereby allowed each applicant is set forth opposite his name as follows, to-wit:
