- The instream use has been modified from the lease application to prevent injury and enlargement and is as follows:

White River

Tributary to Deschutes River in the Deschutes Basin

Instream Reach: From the POD (as described in Finding of Fact #2) to the mouth of White River.

Certificate	Priority Date	Instream Rate (cfs)	Period Protected Instream
27866	1902	0.25	April 1 - July 1
		0.20	July 1 – July 5
	1916	0.25	April 1 - July 1
		0.20	July 1 – July 5

- Within the specified stream reach, the amount of water to which this right is entitled shall not exceed the quantity of water legally available at the original point of diversion. Stream channel losses and gains calculated based on available data and the use of water by senior appropriators will determine the amount of water to which this right is entitled downstream from the original point of diversion within the specified stream reach.
- Based upon review of the application, comments received, information provided by the Department’s Watermaster, and other available information, the Department finds that the lease will not result in injury or enlargement. This finding is made through an abbreviated review recognizing that the lease may be modified or revoked under OAR 690-077-0077 if the Department later finds that the lease is causing injury to any existing water right or enlargement of the original right.
- If a right which has been leased is later proposed to be leased again or transferred to an instream use under ORS 537.348 and OAR 690-077-0070 or OAR 690-077-0075 a new injury review shall be required. Transfers will be subject to a full and complete review to determine consistency with the requirements of OAR Chapter 690, Division 380 and Division 077. Approval of this lease does not establish a precedent for approval of future leases or transfers.
- The lease will terminate on December 31, 2010.
- The lessor has requested the option of terminating the lease early with written notice to the Department.

CONCLUSIONS OF LAW

The Department concludes that the lease will not result in injury or enlargement, OAR 690-077-0077. The lease agreement conforms to the applicable provisions of OAR 690-077-0015.

ORDER

Therefore, it is ORDERED:

- That the Short-Term Lease as described herein is APPROVED.
