Findings of Fact

1. On June 26, 2006, the DRC and AID filed a pooled instream lease application to lease a portion of Certificate 74197 to instream use. The Department assigned the application number L-774. The instream lease was approved by the Department on October 10, 2006, as evidenced by Special Order Volume 70, Page 321.
2. Subsequent to issuing the order, the Department identified a scrivener's error in the description of the termination date for the instream lease. This correcting order is issued to clarify the termination date.
3. The lessor and the lessee have requested this instream lease terminate on October 31, 2007.
4. All other conditions of the Final Order (Special Order Volume 70, Pages 321 through 324) remain the same.

This is a final order in other than contested case. This order is subject to judicial review under ORS 183.484. Any petition for judicial review must be filed within the 60 day time period specified by ORS 183.484(2). Pursuant to ORS 536.075 and OAR 137-004-0080 you may either petition for judicial review or petition the Director for reconsideration of this order. A petition for reconsideration may be granted or denied by the Director, and if no action is taken within 60 days following the date the petition was filed, the petition shall be deemed denied.

CONCLUSIONS OF LAW

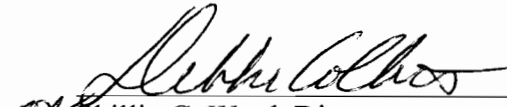

The Department concludes that the lease, as modified above, will not result in injury or enlargement, OAR 690-077-0077. The lease agreement conforms to the applicable provisions of OAR 690-077-0015.

ORDER

Therefore, it is ORDERED:

1. Therefore, it is ORDERED that the Short-Term Lease, as described in Special Order Volume 70, Page 321, with the above modification is APPROVED.
2. The former place of use shall no longer receive water as part of these rights during the term of the lease.
