

**BEFORE THE WATER RESOURCES DIRECTOR OF OREGON**

**UMATILLA COUNTY**

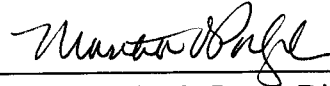

**ORDER CANCELING WATER RIGHT CERTIFICATE 75108**

Water Right Certificate 75108 was issued in error. The certificate was issued to confirm a portion of the right perfected under Permit 5996 not involved in Transfer 7417. The certificate does not include confirmation of earlier changes in points of diversion approved for the water right. The orders of the State Engineer did not require the issuance of new water right certificates to confirm the changes in points of diversion.

A water right certificate is necessary to clearly describe the right perfected under Permit 5996, including the points of diversion and associated acreage as approved by earlier orders of the State Engineer. Certificate 75108 should be canceled and a new certificate issued to include the entire right perfected under Permit 5996, except that portion involved in Transfer 7417.

Certificate 75108 is canceled. A new certificate will be issued to confirm that portion of the right perfected under Permit 5996 NOT involved in Transfer 7417.

WITNESS the signature of the Water Resources Director, affixed 1/16/98.

Martha O. Pagel, Director
