6 N	35 E	WM	17	SW NW	785 FEET NORTH AND 970 FEET EAST FROM THE W1/4 CORNER OF SECTION 17

- Notice of the application for transfer was published on July 20, 2010, pursuant to OAR 690-380-4000. No comments were filed in response to the notice.
- On January 9, 2012, the Department mailed a copy of the draft Preliminary Determination proposing to approve Transfer Application T-11107 to the applicant. The draft Preliminary Determination cover letter set forth a deadline of February 8, 2012, for the applicant to respond. The applicant requested that the Department proceed with issuance of a Preliminary Determination and provided the necessary information to demonstrate that the applicant is authorized to pursue the transfer.
- On March 2, 2012, the Department issued a Preliminary Determination proposing to approve Transfer Application T-11107 and mailed a copy to the applicant. Additionally, notice of the Preliminary Determination for the transfer application was published on the Department's weekly notice on March 6, 2012, and in the Walla Walla Union-Bulletin newspaper on March 25 and April 1 and 8, 2012, pursuant to ORS 540.520 and OAR 690-380-4020. No protests were filed in response to the notice.

***Transfer Review Criteria (OAR 690-380-4010)***

8. Water has been used within the last five years prior to the submittal of Transfer Application T-11107 according to the terms and conditions of the right. There is no information in the record that would demonstrate that the right is subject to forfeiture under ORS 540.610.
9. A pump, pipeline, and sprinkler system sufficient to use the full amount of water allowed under the existing right were present within the five-year period prior to submittal of Transfer Application T-11107.
10. The proposed change would not result in enlargement of the right.
11. The proposed change would not result in injury to other water rights.

**Conclusions of Law**

The new point of appropriation proposed in Transfer Application T-11107 is consistent with the requirements of ORS 537.705 and 540.505 to 540.580 and OAR 690-380-5000.

**Now, therefore, it is ORDERED:**

1. The new point of appropriation proposed in application T-11107 is approved.
2. The right to the use of the water is restricted to beneficial use at the place of use described, and is subject to all other conditions and limitations contained in Certificate 83916 and any related decree.
3. Water right certificate 83916 is cancelled. A new certificate will be issued describing that portion of the right not affected by this transfer.
4. The quantity of water diverted at the new point of appropriation shall not exceed the quantity of water lawfully available at the original point of appropriation.
5. Water shall be acquired from the same aquifer (water source) as the original point of appropriation.
6. The Director may require the water user to install a totalizing flow meter or other suitable measuring device at the point of appropriation. If the Director notifies the water user to install a totalizing flow meter or other measuring device, the water user shall install such device specified by the Director within the period allowed in the notice. Once installed, the water user shall maintain the meter or measuring device in good working order and shall allow the Watermaster access to the meter or measuring device.
7. The approved change shall be completed and full beneficial use of the water shall be made on or before **October 1, 2013**. A Claim of Beneficial Use prepared by a Certified Water Right Examiner shall be submitted by the applicant to the Department within one year after the deadline for completion of the change and full beneficial use of the water.

8. When satisfactory proof of beneficial use is received, a new certificate confirming the right transferred will be issued.

Dated at Salem, Oregon this 9 day of May, 2012.
