Now, therefore, it is ordered:

2. The right to the use of the water is restricted to beneficial use at the place of use described, and is subject to all other conditions and limitations contained in Certificates 42892 and 50579 and any related decree.
3. Water right Certificates 42893 and 50579 are cancelled. New certificates will be issued describing those portions of the rights not affected by this transfer.
4. The quantity of water diverted at the new point of appropriation shall not exceed the quantity of water lawfully available at the original point of appropriation.
