WATER MANAGEMENT AND
CONSERVATION PLAN**

Authority

OAR Chapter 690, Division 086, establishes the process and criteria for approving water management and conservation plans required under the conditions of permits, permit extensions and other orders of the Department.

Findings of Fact

1. On December 30, 2009, the Coos Bay-North Bend Water Board (CBNBWB) submitted a draft Water Management and Conservation Plan (plan) for review under OAR Chapter 690, Division 086. The associated statutory fee for review of the plan was received on January 12, 2010. Submittal of the plan was required by conditions set forth in Permits R-12870, S-53683 and S-54344.
2. The Department published notice of receipt of the plan on January 19, 2010, as required under OAR Chapter 690, Division 086. No public comments were received.
3. The Department provided comments on the plan to CBNBWB on April 12, 2010 and, in response, CBNBWB submitted draft revisions to the plan on February 24, 2011. CBNBWB's final revised plan was submitted on December 7, 2011. An addendum to the final revised plan was submitted by CBNBWB on February 6, 2012.
4. The Department reviewed the final revised plan with the addendum and finds that it contains all of the plan elements required under OAR 690-086-0125 and is generally consistent with the relevant requirements under OAR Chapter 690, Division 086.
