ORDER

The City of Arlington is the holder of permit No. 35058 which grants the right to appropriate not to exceed 8.16 cubic feet per second of water from Columbia River for municipal use.

The City has advised the State Engineer that the appropriation has not been made as described in the permit, but it is the City's desire to preserve the right for this development.

The City has further advised that a feasibility study is being made.

It is believed that it will be consistent with the public interest to grant said extension.

NOW, THEREFORE, it hereby is ORDERED that the time limits to begin and complete construction and make application of water under permit No. 35058 be extended to October 1, 1974.

Dated at Salem, Oregon, this 11th day of May, 1972.
