

STATE OF OREGON

COUNTY OF JACKSON

ORDER APPROVING AN ADDITIONAL POINT OF DIVERSION

Pursuant to ORS 540.510 to 540.530, after notice was given and no objections were filed, and finding that no injury to existing water rights would result, this order approves, as conditioned or limited herein, TRANSFER 8960 submitted by

The right to be modified was confirmed by decree of the Circuit Court of the State of Oregon for JACKSON County as evidenced by a PORTION of Certificate 16407. The right allows the use of LITTLE APPLGATE RIVER, a tributary of APPLGATE RIVER, for IRRIGATION OF 1 ACRE and STOCK USE. The amount of water to which this right is entitled is limited to an amount actually beneficially used and shall not exceed 0.025 cubic foot per second, if available at the authorized point of diversion: FARMERS DITCH-NE¼ NE¼, SECTION 14, TOWNSHIP 39 SOUTH, RANGE 3 WEST, W.M., or its equivalent in case of rotation, measured at the point of diversion from the source.

6. The irrigation system capacity shall be designed not to exceed the rate for the number of acres described by this order.
7. The water user shall install and maintain a fish screen or fish by-pass device. The type and plans of the screen or by-pass device must be approved by the Oregon Department of Fish and Wildlife prior to beginning of construction and shall be installed under the supervision of the Department of Fish and Wildlife.
