Transfer T-9441 ) LOSS OF WATER RIGHT

**Authority**

OAR 690-385-7600 describes the process for the Water Resources Department to issue a water right certificate upon determination that an applicant has made satisfactory proof of completion of the changes authorized by a final order approving a district permanent transfer.

**Applicant**

Central Oregon Irrigation District  
1055 SW Lake Court  
Redmond, OR 97756

**Findings of Fact**

1. On May 12, 2005, the Department issued a final order, recorded in Special Order Volume 64, Pages 406-408, approving district permanent transfer application T-9441. The order established October 1, 2006, as the date for completion of the authorized change in place of use.
2. On September 7, 2007, the Department received a claim of beneficial use for T-9441.
3. The Department reviewed the claim of beneficial use and final proof maps submitted by the applicant for district permanent transfer T-9441.
4. The claim of beneficial use did not contain map(s) of the point(s) of diversion from the source. However, since these changes are for place of use only within an irrigation district, and do not involve changes in point of diversion, the existing map(s) on file with the Department are sufficient to identify the point(s) of diversion from the source.
5. The claim of beneficial use for a portion of T-9441 indicates that a portion of the water right was not fully perfected, is less than approved and is described in the tables below:

This is a final order in other than a contested case. This order is subject to judicial review under ORS 183.484. Any petition for judicial review must be filed within the 60-day time period specified by ORS 183.484(2). Pursuant to ORS 536.075 and OAR 137-004-0080, you may petition for judicial review or petition the Director for reconsideration of this order. A petition for reconsideration may be granted or denied by the Director, and if no action is taken within 60 days following the date the petition was filed, the petition shall be deemed denied.

6. The tax lot for the land in T17S-R13E Section 19, SE NE, Tax Lot 1100, has been split, assigning a new number of 1108 to the newly created tax lot.
7. The claim of beneficial use and final proof map for the change in T14S R13E, Section 23, SE NW, Tax Lot 201, show that the change was completed differently from that authorized by the final order approving the transfer.
8. The claim of beneficial use and final proof map for the change in T14S R13E, Section 32, SW NW, Tax Lot 702, show that the change was completed differently from that authorized by the final order approving the transfer.
9. The claim of beneficial use and final proof map for the change in T18S R13E, Section 9, NE NE, Tax Lot 200, show that the change was completed differently from that authorized by the final order approving the transfer.
10. The reconfigured changes in location of use as mapped (described above) are determined satisfactory because the completed use is within the same tax lot and ownership.
11. Satisfactory proof of the changes was submitted with evidence showing that water was used in the location and for the purpose as authorized by the final order approving T-9441.

### Conclusions of Law

Pursuant to OAR 690-385-7600, the Department may issue a certificate upon a determination that the application of water to beneficial use under the terms of the final order approving a permanent district transfer was completed to the extent authorized.

### Now, therefore, it is ORDERED:

1. The Department has determined that the application of water to beneficial use under the terms of the final order approving district permanent transfer T-9441 was completed to the extent authorized.
2. Pursuant to OAR 690-385-7600, the Department will issue a water right certificate on a determination that it is necessary to produce a certificate describing the right
