### FINDINGS

The Water Resources Commission has examined the petition and maps submitted by Santiam Water Control District and a report prepared by Department staff. Said report is on file at the Water Resources Department. Based upon the examination and report, the Commission finds:

1. Santiam Water Control District is a "district" as defined in ORS 541.325(1).
2. The District filed its petition and maps in a timely manner.
3. The District paid the fees required under ORS 536.050 1(o).
4. The District certified that the notice requirements of ORS 541.329 (4) were met.
5. The content and quality of the District's petition and maps meet the requirements of ORS 541.329.
6. The acreage petitioned is within the limits of the eligible water rights and the limits set in ORS 541.331(4).

7. The District has met the notice requirements of ORS 541.329 (5).
8. Before the Department issues confirming certificates, overlapping water rights shall be resolved.
9. No protests pursuant to ORS 541.331 (1) were filed.
10. The proposed changes may be made without injury to existing water rights.
11. This order does not affect or make any legal determinations regarding any water right permit within the district.

Therefore the Commission finds that SANTIAM WATER CONTROL DISTRICT has met the requirements of ORS 541.325 to 541.333.
