OAR 690-385-7600 describes the process for the Water Resources Department to issue a water right certificate upon determination that an applicant has made satisfactory proof of completion of the changes authorized by a final order approving a district permanent transfer.

**Applicant**

Central Oregon Irrigation District  
1055 SW Lake Court  
Redmond, OR 97756

**Findings of Fact**

1. On June 24, 2005, the Department issued a final order, recorded in Special Order Volume 65, Pages 210 - 212, approving district permanent transfer application T-9768. The order established October 1, 2006, as the date for completion of the authorized change in place of use.
2. On May 23, 2007, the Department received an application from Central Oregon Irrigation District requesting an extension of time to October 1, 2007, to complete the transfer. On June 20, 2007, the Department issued a final order, recorded in Special Order Volume 72, Pages 357 - 358, approving the request.
3. On September 27, 2007, the Department received a claim of beneficial use for T-9768.
4. The Department reviewed the claim of beneficial use and final proof map submitted by the applicant for district permanent transfer T-9768.
5. The claim of beneficial use did not contain map(s) of the point(s) of diversion from the source. However, since these changes are for place of use only within an irrigation district, and do not involve changes in point of diversion, the existing map(s) on file with the Department are sufficient to identify the point(s) of diversion from the source.

This is an order in other than a contested case. This order is subject to judicial review under ORS 183.484. Any petition for judicial review must be filed within the 60-day time period specified by ORS 183.484(2). Pursuant to ORS 536.075 and OAR 137-004-0080, you may petition for judicial review or petition the Director for reconsideration of this order. A petition for reconsideration may be granted or denied by the Director, and if no action is taken within 60 days following the date the petition was filed, the petition shall be deemed denied.

6. The final proof map for T-9768 reconfigures the place of use for irrigation of 11.63 acres under Certificate 83571 and supplemental irrigation of 11.63 acres under Certificate 76714 in T16S-R12E-14, SW¼ SE¼, tax lot 1000, from that authorized by the final order approving the transfer. However, the number of acres of irrigation within the tax lot and legal subdivision did not change. Therefore the reconfiguration is determined satisfactory.
7. Satisfactory proof of the changes was submitted with evidence showing that water was used in the location and for the purpose as authorized by the final order approving T-9768.

**Conclusions of Law**

Pursuant to OAR 690-385-7600, the Department may issue a certificate upon a termination that the application of water to beneficial use under the terms of the final order approving a permanent district transfer was completed to the extent authorized.

**Now, therefore, it is ORDERED:**

1. The Department has determined that the application of water to beneficial use under the terms of the final order approving district permanent transfer T-9768 was completed to the extent authorized.
2. Pursuant to OAR 690-385-7600, the Department will issue a water right certificate on a determination that it is necessary to produce a certificate describing the right.

Dated at Salem, Oregon this 15<sup>th</sup> day of October, 2008.
